

PRELIMINARY OFFICIAL STATEMENT DATED JUNE 4, 2015

NEW ISSUE – BOOK-ENTRY ONLY

NOT RATED

Series 2015A Bonds: In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel, based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2015A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from State of California personal income taxes. In the further opinion of Bond Counsel, interest on the Series 2015A Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Bond Counsel observes that such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. See “TAX MATTERS—SERIES 2015A BONDS.”

Series 2015B Bonds: In the opinion of Bond Counsel, interest on the Series 2015B Bonds is not excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. In the further opinion of Bond Counsel, interest on the Series 2015B Bonds is exempt from State of California personal income taxes. See “TAX MATTERS—SERIES 2015B BONDS.”

Bond Counsel expresses no opinion regarding any other tax consequences relating to the ownership or disposition of, or the amount, accrual or receipt of the interest on, the Bonds. See “TAX MATTERS” herein

THIS COVER PAGE CONTAINS CERTAIN INFORMATION FOR GENERAL REFERENCE ONLY. IT IS NOT A SUMMARY OF THIS ISSUE. INVESTORS MUST READ THE ENTIRE OFFICIAL STATEMENT TO OBTAIN INFORMATION ESSENTIAL TO THE MAKING OF AN INFORMED INVESTMENT DECISION.

The City of Bakersfield, California (the “City”), is issuing the City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015A, in the aggregate principal amount of \$11,720,000* (the “Series 2015A Bonds”), and the City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015B (Federally Taxable), in the aggregate principal amount of \$1,855,000* (the “Series 2015B Bonds”) and, together with the Series 2015A Bonds, the “Bonds”), pursuant to the Refunding Act of 1984 for 1915 Improvement Act Bonds (the “Refunding Act”), a resolution adopted by the City Council of the City on June 3, 2015, authorizing the issuance of the Bonds, and a Fiscal Agent Agreement, dated as of July 1, 2015 (the “Fiscal Agent Agreement”), by and between the City and U.S. Bank National Association, a national banking association, as fiscal agent (the “Fiscal Agent”). See “APPENDIX A – Summary of Certain Provisions of the Fiscal Agent Agreement.”

The Bonds are being issued to refund outstanding obligations of the City of Bakersfield with respect to the following assessment districts located within the City: (i) Assessment District No. 04-1 (Countryside/The Homestead/Cherry Hill/Olive Park III); (ii) Assessment District No. 04-2 (Brighton Park/Brighton Village/Stockdale at Allen Commercial/Cherry Hill II); (iii) Assessment District No. 04-3 (Solera/Rio Vista); (iv) Assessment District No. 05-3 (Liberty II/Village Green/Tesoro-Encanto/Lin/Rider/Diamond Ridge); and (v) Assessment District No. 06-1 (Etcheverry/Lin II/University Park). Proceeds from the sale of the Bonds will also be used to (a) pay costs related to the issuance of the Bonds and (b) make a deposit into a debt service reserve fund established under the Fiscal Agent Agreement for the Bonds. See “THE REFUNDING PLAN.”

The Bonds are payable from and secured by the unpaid Reassessments (as defined in the Fiscal Agent Agreement) to be levied on parcels within Reassessment District No. 15-1 (Consolidated Reassessment District). The Bonds will be dated as of their delivery and will mature and be payable on September 2 in the years and in the aggregate principal amounts, and will be subject to and bear interest at the rates set forth, on the inside cover page of this Official Statement. Interest on the Bonds is payable semiannually on September 2 and March 2 each year, commencing September 2, 2015. To provide funds for payment of the Bonds and the interest thereon as a result of delinquent installments, the City will establish a Debt Service Reserve Fund from Bond proceeds. See “SECURITY FOR THE BONDS.”

The Bonds are subject to optional, mandatory, and mandatory sinking fund redemption as described herein. See “THE BONDS – Redemption of Bonds.”

The Bonds will be delivered as fully registered bonds without coupons and, when delivered, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”). DTC will act as securities depository for the Bonds. Individual purchases of Bonds may be made in book-entry form only in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive certificates representing their interest in the Bonds purchased. See “APPENDIX E – Book-Entry Only System.”

THE BONDS ARE LIMITED OBLIGATION IMPROVEMENT BONDS AND ARE SECURED SOLELY BY THE REASSESSMENTS AND THE AMOUNTS PLEDGED UNDER THE FISCAL AGENT AGREEMENT. NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE CITY, THE COUNTY OF KERN, THE STATE OF CALIFORNIA (THE “STATE”), OR ANY POLITICAL SUBDIVISION OF THE STATE IS PLEDGED TO THE PAYMENT OF THE BONDS. EXCEPT FOR THE REASSESSMENTS, NO OTHER TAXES OR REASSESSMENTS ARE PLEDGED TO THE PAYMENT OF THE BONDS. THE BONDS ARE NOT GENERAL OR SPECIAL OBLIGATIONS OF THE CITY, BUT ARE LIMITED OBLIGATIONS OF THE CITY PAYABLE SOLELY FROM CERTAIN AMOUNTS DEPOSITED BY THE CITY UNDER THE FISCAL AGENT AGREEMENT. THE INFORMATION SET FORTH IN THIS OFFICIAL STATEMENT, INCLUDING INFORMATION UNDER THE HEADING “RISK FACTORS,” SHOULD BE READ IN ITS ENTIRETY.

[Maturity Schedule set forth on inside cover]

The Bonds are offered when, as, and if delivered to and received by the Underwriter, subject to the approval as to their legality by Orrick, Herrington & Sutcliffe LLP, Bond Counsel and certain other conditions. Certain legal matters will be passed upon for the City by the City Attorney and by Disclosure Counsel, Goodwin Procter LLP, Los Angeles, California, and for the Underwriter by Norton Rose Fulbright US LLP, Los Angeles, California. It is anticipated that the Bonds in book-entry form will be available for delivery through the facilities of DTC on or about July 16, 2015.

INTRODUCTION

THIS INTRODUCTION IS SUBJECT IN ALL RESPECTS TO THE MORE COMPLETE INFORMATION IN THIS OFFICIAL STATEMENT, INCLUDING THE COVER PAGE, THE INSIDE COVER PAGE, AND APPENDICES HERETO, AND THE OFFERING OF THE BONDS TO POTENTIAL INVESTORS IS MADE ONLY BY MEANS OF THE ENTIRE OFFICIAL STATEMENT.

General

This Official Statement, which includes the cover page, inside cover page, Table of Contents, and Appendices (the “Official Statement”), provides certain information concerning the issuance, sale, and delivery by the City of Bakersfield, California (the “City”), of the City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015A, in the aggregate principal amount of \$11,720,000* (the “Series 2015A Bonds”), and the City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015B (Federally Taxable), in the aggregate principal amount of \$1,855,000* (the “Series 2015B Bonds” and, together with the Series 2015A Bonds, the “Bonds”). Descriptions and summaries of various documents contained in this Official Statement do not purport to be comprehensive or definitive, and reference is made to each such document for complete details of all terms and conditions therein. All statements in this Official Statement are qualified in their entirety by reference to the applicable documents.

Capitalized terms used in this Official Statement and not otherwise defined have the meanings ascribed to them in “APPENDIX A – Summary of Certain Provisions of the Fiscal Agent Agreement.”

Authority for Issuance

The Bonds are being issued pursuant to the Refunding Act of 1984 for 1915 Improvement Act Bonds (the “Refunding Act”), a resolution adopted by the City Council of the City on June 3, 2015, authorizing the issuance of the Bonds (the “Resolution of Issuance”), and a Fiscal Agent Agreement, dated as of July 1, 2015 (the “Fiscal Agent Agreement”), by and between the City and U.S. Bank National Association, a national banking association, as fiscal agent (the “Fiscal Agent”). See “APPENDIX A – Summary of Certain Provisions of the Fiscal Agent Agreement.”

The City

The City is located at the southern end of the San Joaquin Valley in Kern County, California (the “County”), approximately 110 miles north of the City of Los Angeles and approximately 290 miles south

* Preliminary; subject to change.

of the City and County of San Francisco. The City covers over 120 square miles of land and an additional 183 square miles of land area is located within the City's sphere of influence. For more information regarding the City, see "THE CITY" and "APPENDIX B – City of Bakersfield Economic, Financial, and Demographic Information."

The District

Reassessment District No. 15-1 (Consolidated Reassessment District) (the "District") is comprised of the following assessment districts located within the City (collectively, the "Prior Districts"):

1. Assessment District No. 04-1 (Countryside/The Homestead/Cherry Hill/Olive Park III);
2. Assessment District No. 04-2 (Brighton Park/Brighton Village/Stockdale at Allen Commercial/Cherry Hill II);
3. Assessment District No. 04-3 (Solera/Rio Vista);
4. Assessment District No. 05-3 (Liberty II/Village Green/Tesoro-Encanto/Lin/Rider/Diamond Ridge); and
5. Assessment District No. 06-1 (Etcheverry/Lin II/University Park).

The District contains 4,728 Reassessment Parcels. A total of 4,349 Reassessment Parcels (approximately 92% of the Reassessment Parcels) are currently developed. The District contains industrial, commercial, and residential uses. A diagram of the District is included in the Reassessment Engineer's Report (the "Reassessment Report"), excerpts of which are attached to this Official Statement as Appendix G. See also, "THE DISTRICT."

Purpose of Issuance

The proceeds from the sale of the Bonds will be used to refund the outstanding principal amount of the Refunded Bonds (as defined herein). See "THE REFUNDING PLAN" and "ESTIMATED SOURCES AND USES OF FUNDS."

Security for the Bonds

The Bonds are limited obligations of the City secured by a first lien on the unpaid reassessments (the "Reassessments") levied by the City on the parcels in the District pursuant to the Refunding Act and the funds pledged therefor under the Fiscal Agent Agreement. Reassessments levied on the property in the District are estimated to be sufficient, if paid timely, to pay the aggregate amount of the principal and interest on the Bonds. The unpaid Reassessments represent fixed liens on the parcels of land with unpaid Reassessments ("Reassessment Parcels"). The City has covenanted to cause foreclosure proceedings to be commenced and prosecuted against property within the District with delinquent installments of Reassessments under certain circumstances. For a more detailed description of the foreclosure covenant see "SECURITY FOR THE BONDS."

The Bonds are special obligations of the City payable solely from the unpaid Reassessments and other assets pledged therefor under the Fiscal Agent Agreement. The Bonds do not constitute a debt or liability of the City, the County, the State of California (the "State"), or of any political subdivision of the State, other than the City to the limited extent described herein. The City shall only be obligated to pay

the principal of the Bonds and the interest thereon from the funds described herein, and neither the faith and credit nor the taxing power of the City or the State or any political subdivision of the State is pledged to the payment of the principal of or the interest on the Bonds, except to the limited extent described herein. See “SECURITY FOR THE BONDS” and “RISK FACTORS” herein.

Redemption of Bonds

The Bonds are subject to optional, mandatory, and mandatory sinking fund redemption as described herein. See “THE BONDS – Redemption of Bonds.”

Continuing Disclosure

In connection with the issuance of the Bonds, the City will covenant in a continuing disclosure certificate (the “Continuing Disclosure Certificate”), executed for the benefit of Owners of the Bonds, to provide certain financial information and operating data relating to the District and the City and notices of certain events as specified therein. See “CONTINUING DISCLOSURE” and “APPENDIX F – Form of Continuing Disclosure Certificate.”

Limited Obligations

The Bonds are limited obligation improvement bonds and are secured solely by the Reassessments and the amounts pledged under the Fiscal Agent Agreement. Neither the State nor any political subdivision of the State is pledged to the payment of the Bonds. Except for the Reassessments, no other taxes or reassessments are pledged to the payment of the Bonds. The Bonds are not general or special obligations of the City, but are limited obligations of the City payable solely from certain amounts deposited by the City under the Fiscal Agent Agreement. The information set forth in this official statement, including information under the heading “RISK FACTORS,” should be read in its entirety.

Forward-Looking Statements

Certain statements included or incorporated by reference in this Official Statement constitute “forward-looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as “plan,” “intend,” “expect,” “propose,” “estimate,” “project,” “budget,” “anticipate,” or other similar words. The achievement of certain results or other expectations contained in such forward-looking statements involves known and unknown risks, uncertainties, and other factors that may cause the actual results, performance, or achievements described to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. No updates or revisions to these forward-looking statements are expected to be issued if or when the expectations, events, conditions, or circumstances on which such statements are based change. The forward-looking statements in this Official Statement are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in or implied by such forward-looking statements. **READERS ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE ON SUCH FORWARD-LOOKING STATEMENTS, WHICH SPEAK ONLY AS OF THE DATE HEREOF.**

References Qualified

The summaries of and references to all documents, statutes, reports, and other instruments referred to in this Official Statement do not purport to be complete, comprehensive, or definitive, and

each such summary and reference is qualified in its entirety by reference to each such document, statute, report, or instrument.

Additional Information

Additional information regarding this Official Statement, as well as copies of the Fiscal Agent Agreement and other documents described herein, may be obtained from the City. The City's address for such purpose is: City of Bakersfield, 1600 Truxtun Avenue, Bakersfield, California 93301, Attention: Finance Director. The Finance Director's telephone number is (661) 326-3740.

THE REFUNDING PLAN

The Bonds are being issued for the purpose of refunding the outstanding principal amounts of the following obligations of the City (collectively, the "Refunded Bonds"), previously issued to finance infrastructure improvements in the Prior Districts, as applicable:

1. City of Bakersfield Assessment District No. 04-1 (Countryside/The Homestead/Cherry Hill/Olive Park III) Limited Obligation Improvement Bonds, dated February 9, 2005, in the original principal amount of \$4,195,000, currently outstanding in the principal amount of \$2,245,000;
2. City of Bakersfield Assessment District No. 04-2 (Brighton Parks/Brighton Village/Stockdale at Allen Commercial/Cherry Hill II) Limited Obligation Improvement Bonds, dated July 13, 2005, in the original principal amount of \$4,915,000, currently outstanding in the principal amount of \$2,605,000;
3. City of Bakersfield Assessment District No. 04-3 (Solera/Rio Vista) Limited Obligation Improvement Bonds (Taxable), dated June 28, 2005, in the original principal amount of \$3,380,000, currently outstanding in the principal amount of \$2,075,000;
4. City of Bakersfield Assessment District No. 05-3 (Liberty II/Village Green/Tesoro-Encanto/Lin/Rider/Diamond Ridge) Limited Obligation Improvement Bonds, dated March 2, 2006, in the original principal amount of \$8,705,000, currently outstanding in the principal amount of \$4,410,000; and
5. City of Bakersfield Assessment District No. 06-1 (Etcheverry/Lin II/University Park) Limited Obligation Improvement Bonds, dated May 2, 2007, in the original principal amount of \$5,010,000, currently outstanding in the principal amount of \$3,520,000.

Pursuant to an Refunding Escrow Agreement (the "Escrow Agreement"), dated as of July 1, 2015, by and between the City and the U.S. Bank National Association, a national banking association, as escrow agent (the "Escrow Agent"), the City will deposit proceeds of the Bonds with the Escrow Agent in an amount sufficient, together with other funds deposited therewith and investment earnings thereon, to pay (i) the regularly scheduled principal and interest payments with respect to the Refunded Bonds maturing on September 2, 2015, and (ii) the redemption price of the Refunded Bonds maturing after September 2, 2015, pursuant to an optional redemption of the Refunded Bonds on September 2, 2015. The lien of the Refunded Bonds, including, without limitation, the pledge of the original assessments to repay the Refunded Bonds, will be discharged, terminated and of no further force and effect upon the deposit with the Escrow Agent of the amounts required pursuant to the Escrow Agreement. See "VERIFICATION OF MATHEMATICAL COMPUTATIONS."

(2) Moneys in the Costs of Issuance Fund will be used to pay the fees and expenses of Bond Counsel, Disclosure Counsel, the Fiscal Agent, the Escrow Agent, the Financial Advisor, the Reassessment Engineer, and the Verification Agent, as well as printing fees and other miscellaneous costs related to the issuance of the Bonds.

THE BONDS

Authority for Issuance

The Bonds are being issued pursuant to the Refunding Act, the Resolution of Issuance, and the Fiscal Agent Agreement. See "APPENDIX A – Summary of Certain Provisions of the Fiscal Agent Agreement." The Bonds are being sold to Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), pursuant to a Bond Purchase Agreement authorized by the Resolution of Issuance.

Delivery and Authorized Denominations of Bonds

The Bonds will be issued as fully registered Bonds without coupons in the denomination of \$5,000 or any integral multiple thereof and shall mature as set forth on the inside front cover page of this Official Statement, will be delivered in fully registered form only, and, when issued, will be registered in the name of Cede & Co., as nominee of DTC. DTC will act as securities depository for the Bonds. Ownership interests in the Bonds may be purchased in authorized denominations, in book-entry form only. So long as Cede & Co. is the registered owner of the Bonds, principal of and interest on the Bonds are payable by wire transfer by the Fiscal Agent to Cede & Co., as nominee for DTC. Upon receipt of payments of principal and interest with respect to the Bonds, DTC will in turn remit such principal and interest to the participants in DTC for subsequent disbursement to the beneficial owners of the Bonds. See "APPENDIX E – Book-Entry Only System."

Repayment of the Bonds

Interest on the Bonds shall be payable on March 2 and September 2 (each, an "Interest Payment Date"), commencing September 2, 2015. Interest shall be paid in lawful money of the United States on each Interest Payment Date to the Owners of the Bonds. Interest shall be paid by check of the Fiscal Agent mailed by first class mail, postage prepaid, on each Interest Payment Date to the Owners at their respective addresses shown on the registration books held by the Fiscal Agent as of the close of business on the applicable Record Date. See "APPENDIX A – Summary of Certain Provisions of the Fiscal Agent Agreement."

The principal of the Bonds shall be payable in lawful money of the United States of America upon presentation and surrender thereof upon maturity or earlier redemption at the Office of the Fiscal Agent. Payment of principal of any Bond shall be made only upon presentation and surrender of the Bond at the Office of the Fiscal Agent. See “APPENDIX A – Summary of Certain Provisions of the Fiscal Agent Agreement.”

Redemption of Bonds

Optional Redemption. The Series 2015A Bonds maturing on or after September 2, 20__, or any portion thereof in the amount of \$5,000 or any integral multiple of \$5,000, are subject to optional redemption on any date on or after September 2, 20__; provided that the City shall select Bonds for redemption in such a way that the ratio of outstanding Bonds to issued Bonds shall be approximately the same in each maturity insofar as possible. The Series 2015A Bonds so called for redemption shall be redeemed at the following redemption prices (expressed as a percentage of the principal amount of the Series 2015A Bonds or portions of the Series 2015A Bonds called for redemption), together with accrued interest to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Prices</u>
Any date from September 2, 20__ through March 1, 20__	103%
March 2, 20__ through March 1, 20__	102%
March 2, 20__ through March 1, 20__	101%
Any date on or after March 2, 20__	100%

The Series 2015B Bonds maturing on or after September 2, 20__, or any portion of them in the amount of \$5,000 or any integral multiple of \$5,000, are subject to optional redemption on any date on or after September 2, 20__. The Series 2015B Bonds so called for redemption shall be redeemed at the following redemption prices (expressed as a percentage of the principal amount of the Series 2015B Bonds or portions of the Series 2015B Bonds called for redemption), together with accrued interest to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Prices</u>
Any date from September 2, 20__ through March 1, 20__	103%
March 2, 20__ through March 1, 20__	102%
March 2, 20__ through March 1, 20__	101%
Any date on or after March 2, 20__	100%

Mandatory Redemption from Reassessment Prepayments. The Bonds, or any portion of them in the amount of \$5,000 or any integral multiple of \$5,000, are subject to redemption, pro rata, prior to their respective stated maturity dates, as a whole or in part, on any Interest Payment Date, solely from money in the Prepayment Account, which consists of the proceeds of property owner prepayments of the reassessment liens, excess amounts, if any, from the Debt Service Reserve Fund, and earnings from the funds and accounts established under the Fiscal Agent Agreement. Bonds redeemed from the Prepayment Account will be redeemed at the redemption price described in the subsection entitled “Optional Redemption” above, together with accrued interest to the date of redemption. In all cases, the City shall select Bonds for redemption in such a way that the ratio of outstanding Bonds to issued Bonds shall be approximately the same in each maturity insofar as possible.

Mandatory Sinking Fund Redemption of Series 2015A Bonds. The Series 2015A Bonds maturing on September 2, 20__, are subject to mandatory redemption in part by lot on September 2 in

each year commencing September 2, 20__, at the principal amount to be redeemed plus accrued interest to the date fixed for redemption in accordance with the following schedule, without premium:

Year	<u>Redemption Amount</u>
<u>(September 2)</u>

Notice of Redemption. The Fiscal Agent on behalf and at the expense of the City shall mail notice of any redemption to the respective Owners of any Bonds designated for redemption, by registered or certified mail or by personal service, at their respective addresses appearing on the registration books held by the Fiscal Agent, at least thirty (30) but not more than sixty (60) days prior to the date fixed for redemption. Neither the failure to receive any notice so mailed, nor any defect in the notice, shall affect

the sufficiency of the proceedings for the redemption of the Bonds or the cessation of accrual of interest from and after the date fixed for redemption.

Selection of Bonds for Redemption. Whenever provision is made in the Fiscal Agent Agreement for the redemption of less than all of the Bonds of any maturity, the Fiscal Agent shall select the Bonds to be redeemed, from all the Bonds not previously called for redemption, by lot in any manner which the Fiscal Agent in its sole discretion shall deem appropriate and fair; provided, however, that all Bonds selected for redemption shall be deemed to be comprised of separate \$5,000 denominations and the separate denominations shall be treated as separate Bonds which may be separately redeemed.

Partial Redemption of Bonds. Upon surrender of any Bonds redeemed in part only, the City shall execute and the Fiscal Agent shall authenticate and deliver to the Owner, at the expense of the City, a new Bond or Bonds of authorized denominations equal in aggregate principal amount representing the unredeemed portion of the Bonds surrendered.

Effect of Notice of Redemption. Notice having been mailed, and moneys for the redemption (including the interest to the applicable date fixed for redemption and including any applicable premium), having been set aside in the Redemption Account or Prepayment Account, as applicable, the Bonds shall become due and payable on that date, and, upon presentation and surrender of the Bonds at the Office of the Fiscal Agent, the Bonds shall be paid at the Redemption Price, together with interest accrued and unpaid to the redemption date. If, on the date fixed for redemption, moneys for the redemption of all the Bonds to be redeemed, together with interest to that date, shall be held by the Fiscal Agent so as to be available for payment on that date, and, if notice of redemption shall have been mailed and not canceled, then, from and after the redemption date, interest on the Bonds shall cease to accrue and become payable. All moneys held by or on behalf of the Fiscal Agent for the redemption of Bonds shall be held in trust for the account of the Owners of the Bonds so to be redeemed. All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions hereof shall be canceled upon surrender and delivered to the City.

SECURITY FOR THE BONDS

This section describes certain provisions of the Fiscal Agent Agreement related to security and sources of payment for the Bonds. See “APPENDIX A – Summary of Certain Provisions of the Fiscal Agent Agreement” for a more detailed summary of the provisions the Fiscal Agent Agreement.

Limited Obligation

The obligations of the City with respect to the payment of principal of and interest on the Bonds are not be general obligations of the City, but are limited obligations, payable solely from the Reassessments and the other assets pledged for those purposes under the Fiscal Agent Agreement. Neither the faith and credit nor the taxing power of the City, nor of the State or any political subdivision of the State, is pledged to the payment of the Bonds. Notwithstanding any other provision of the Fiscal Agent Agreement, the City is not legally or morally obligated to advance available funds from the City treasury to cure any deficiency in the Redemption Account.

Pledge of Reassessments

Pursuant to the Refunding Act and the Fiscal Agent Agreement, and subject only to the provisions of the Fiscal Agent Agreement permitting the application thereof for the purposes and on the terms and conditions set forth therein, all of the Reassessments and any other amounts (including proceeds of the sale of the Bonds) held in any fund or account established under the Fiscal Agent Agreement (except the Administrative Account and the Rebate Fund are pledged by the City to secure the payment of the principal of and interest on the Bonds in accordance with their terms, with the provisions of the Fiscal Agent Agreement, and with the Refunding Act. Such pledge constitutes a first lien on and security interest in such assets. The Fiscal Agent Agreement defines “Reassessments” as the unpaid Reassessments levied within the District by the City Council under the proceedings taken pursuant to the Resolution Confirming Reassessments.

Covenants of the City

Pursuant to the Fiscal Agent Agreement, so long as any of the Bonds are Outstanding and unpaid, the City makes certain covenants with the Bondowners; provided, however, that these covenants do not require the City to expend any funds or moneys other than the Reassessments and other amounts deposited to the Redemption Account. These covenants include, among others, the following:

Collection and Application of Reassessments. The City shall comply with all requirements of the Refunding Act, the Improvement Bond Act of 1915, the Resolution of Issuance and the Fiscal Agent Agreement to assure the timely collection of the Reassessments, including, without limitation, the enforcement of delinquent Reassessments. Any funds received by the City in and for the District, including, but not limited to, collections of Reassessments upon the secured tax rolls, collections of delinquent Reassessments and penalties, through foreclosure proceedings or otherwise, and the prepayment of Reassessments or portions thereof, shall be transmitted directly to the Fiscal Agent on or prior to each Interest Payment Date, without deduction (except as provided herein), to be applied to the payment of the principal of and interest on the Bonds.

Annual Installments. The Reassessments as set forth on the List of Unpaid Reassessments on file with the Finance Director, together with interest (computed at the rate specified in the Bonds and which shall begin to accrue from the Dated Date), shall be payable in annual installments corresponding in an amount equal to the amount of Bonds unpaid, which amount shall be sufficient to pay the Bonds as the same become due, and an annual installment of interest on the unpaid Reassessments shall be payable and

collected in each year corresponding in an amount equal to the amount of interest which will accrue on the Bonds outstanding for that year. Each annual installment shall be payable in each year, preceding the date of maturity of each of the several maturities of Bonds issued, sufficient to pay the Bonds when due, together with the annual interest. All sums received from the collection of the Reassessments and of the interest and penalties shall be placed in the Redemption Account. Any prepayments of Reassessments shall be placed in the Prepayment Account.

County Tax Roll. The Finance Director shall, before the final date on which the County Treasurer will accept the transmission of the Reassessments for the Reassessment Parcels for inclusion on the next tax roll, prepare or cause to be prepared, and shall transmit to the County Treasurer, such data as the County Treasurer requires to include the installments of the Reassessments on the next secured tax roll of the City. The Finance Director is authorized under the Fiscal Agent Agreement to employ consultants to assist in computing the installments of the Reassessments and in reconciling Reassessments billed to amounts received.

Manner of Collection. The Reassessments shall be payable and be collected in the same manner and at the same time and in the same installments as the general taxes on real property are payable, and have the same priority, become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general taxes on real property.

Administrative Costs. In addition to any amounts authorized pursuant to the Improvement Bond Act of 1915 to be included with the annual amounts of installments, the City, pursuant to the Improvement Bond Act of 1915, may cause to be entered on the assessment roll on which taxes will next become due, opposite each lot or parcel of land within the District in the manner set forth in the Improvement Bond Act of 1915, each lot's pro rata share of the estimated annual expenses of the City in connection with its administrative duties for the Bonds, including, but not limited to, the costs of registration, authentication, transfer and compliance with the provisions of the Fiscal Agent Agreement. Delinquent Reassessments shall be subject to foreclosure pursuant to the Fiscal Agent Agreement.

No Required Advances from Available Funds. The City will not be required to advance available funds of the City to cure any deficiency that may occur in the Redemption Account or the Bond Fund.

Punctual Payment. The City will punctually pay or cause to be paid the principal, premium (if any) and interest to become due in respect of all the Bonds, in strict conformity with the terms of the Bonds and of the Fiscal Agent Agreement, according to their true intent and meaning, but only out of Reassessments and other assets pledged for such payment as provided in the Fiscal Agent Agreement and received by the City or the Fiscal Agent.

Covenant to Commence Superior Court Foreclosure. The Finance Director will annually, no later than October 1 of each year commencing October 1, 2016, review the records of the County to determine if any delinquencies exist in the payment of Reassessment installments. The City covenants in the Fiscal Agent Agreement that, except as otherwise provided therein, in the event any Reassessment installment, including any interest, is not paid when due, the City will order and cause to be commenced not later than January 1 of the fiscal year immediately following the fiscal year in which the delinquency occurred, and thereafter diligently prosecute, judicial foreclosure proceedings upon the delinquent Reassessment installment and interest, which foreclosure proceedings shall be commenced and prosecuted without regard to available surplus funds of the City. The City shall not be required to commence or prosecute a foreclosure action as described in the preceding paragraph with respect to any parcel so long as: (1) no amounts have been withdrawn (and not reimbursed) from the Debt Service

Reserve Fund pursuant to the Fiscal Agent Agreement; or (2) the delinquent amount on the parcel (including penalties, interest and costs) is less than \$5,000 and the cumulative delinquencies (exclusive of penalties, interest and costs) in the District are less than 5% of the total levy of Reassessment installments for the immediately preceding fiscal year. Pursuant to the Streets and Highways Code, the City shall be entitled to reasonable attorney's fees from the proceeds of any foreclosure sale.

No assurances can be given that any real property subject to a judicial foreclosure sale will be sold or, if sold, that the proceeds of sale will be sufficient to pay any delinquent Reassessment installment. If court foreclosure proceedings are necessary, there may be a delay in payments to Owners of the Bonds pending prosecution of the foreclosure proceedings and receipt by the City of the proceeds of the foreclosure sale. It is also possible that no bid for the purchase of the applicable property would be received at the foreclosure sale. See "RISK FACTORS – Covenant to Foreclose" and "– Bankruptcy and Foreclosure Delays."

Tax-Defaulted Property

General. If foreclosure is deemed necessary, property securing delinquent Reassessment installments that is not sold under the judicial foreclosure proceedings described above may be sold, subject to redemption by the property owner, in the same manner and to the same extent as real property sold for nonpayment of general County property taxes. On or before June 30 of the year in which such delinquency occurs, the property becomes tax-defaulted. This initiates a five-year period during which the property owner may redeem the property. At the end of the five-year period the property becomes subject to sale by the County Tax Collector. Except in certain circumstances, as provided in the Improvement Bond Act of 1915, the purchaser at any such sale takes such property subject to all unpaid assessments, interest and penalties, costs, fees and other charges that are not satisfied by application of the sales proceeds and subject to all public improvement assessments which may have priority.

Delinquency Resulting in Default on Bonds. The Improvement Bond Act of 1915 sets forth the procedures to be followed by the City in the event of deficiencies in the Redemption Account. These provisions include Part 12 of Division 10 (beginning with Section 8770) of the Improvement Bond Act of 1915, which generally specify the procedures to be followed and order of priority in making payments on bonds when due. There is no assurance that funds will be available in the Debt Service Reserve Fund for this purpose and if, during the period of delinquency, there are insufficient funds in the Debt Service Reserve Fund, a delay may occur in payments to the Bond Owners or there may be insufficient funds to make such payments. If there are additional delinquencies after exhaustion of funds in the Debt Service Reserve Fund, the City has no direct or contingent liability to transfer into the Redemption Account the amount of delinquency out of any other available moneys of the City.

Priority of Lien

Pursuant to the Refunding Act, the lien of the Reassessments is subordinate to any fixed special assessment liens imposed upon the Reassessment Parcels before the liens securing the Prior Districts were imposed, but has priority over all private liens and over all fixed special assessment liens that were created against the Reassessment Parcels after the liens securing the Prior Districts were imposed. The lien of the Reassessments is co-equal to and independent of the lien for general property taxes and special taxes, including, without limitation, special taxes levied under the Mello-Roos Community Facilities Act of 1982 (being Chapter 2.5, Part 1, Division 2, Title 5 of the Government Code of the State of California), whenever created against the property. See "THE DISTRICT" for a description of overlapping liens affecting the property in the District.

Redemption Account

Pursuant to the Fiscal Agent Agreement, the Redemption Account is established as a separate account to be held by the Finance Director. Except as otherwise provided in the Fiscal Agent Agreement, the Finance Director will deposit in the Redemption Account all Reassessments received from the County or any other source, including any prepayments thereof and penalties thereon, and any other amounts required to be deposited therein by the Fiscal Agent Agreement or the Refunding Act.

Bond Fund

On or before each Interest Payment Date, the Finance Director shall withdraw from the Redemption Account and transfer to the Fiscal Agent the amount necessary for payment to the Owners of the Bonds of the principal, if any, and interest then due and payable on the Bonds, and the Fiscal Agent shall deposit those amounts in the Bond Fund. On each Interest Payment Date the Fiscal Agent shall withdraw from the Bond Fund the amount necessary to pay interest and principal on the Bonds due on the Interest Payment Date and shall make the payments. In the event that amounts in the Bond Fund are insufficient for that purpose, the Fiscal Agent shall withdraw from the Debt Service Reserve Fund the amount of the insufficiency, and shall transfer any amounts so withdrawn to the Bond Fund to be applied to the payment of the Bonds. If, after the foregoing transfer, there are insufficient funds in the Bond Fund to pay the principal due, if any, and interest on the Bonds, the Fiscal Agent shall apply the available funds (i) first to the payment of interest on the Bonds, (ii) then to the payment of principal of the Bonds on a pro-rata basis.

Prepayment Account

The Fiscal Agent shall establish and maintain a special account within the Bond Fund designated the "Prepayment Account." A property owner may prepay the reassessment and remove the lien of the same from his or her property by paying to the City the sum of the following amounts: (a) the amount of any delinquent installments of principal and interest, together with penalties accrued to the date of prepayment; (b) the unpaid, non-delinquent principal of the reassessment, including principal posted to the tax roll for the current fiscal year but not yet paid; (c) an allowance for redemption premium, calculated by multiplying the amount of the unmatured principal (exclusive of principal due during the fiscal year of prepayment if the prepayment is on the scheduled principal payment date) by the redemption premium; (d) a reasonable fee, to be fixed by the City, for the cost of administering the prepayment and advance redemption of Bonds (the amount of which will not be transferred to the Fiscal Agent); (e) interest accrued to the next Interest Payment Date which is not less than ninety (90) days after the date of prepayment; and (f) less a credit for the Debt Service Reserve Fund equal to the transfer provided for in the Fiscal Agent Agreement.

Upon receiving any prepayment of a reassessment, the Finance Director shall transfer to the Fiscal Agent from the Redemption Account for deposit in the Prepayment Account an amount of the prepayment as follows: (a) delinquent principal, interest and penalties shall be deposited in the Bond Fund unless the Debt Service Reserve Fund has been depleted on account of the delinquencies, in which case the delinquent amounts and penalties shall be deposited in the Debt Service Reserve Fund; (b) the installment of principal due in the fiscal year of prepayment shall be deposited in the Bond Fund; (c) interest accrued to the next Interest Payment Date shall be deposited in the Bond Fund; and (d) the balance of the prepayment shall be retained in the Prepayment Account to be used to advance the maturity of Bonds to the next redemption date as provided in the Improvement Bond Act of 1915. The City shall provide written confirmation to the Fiscal Agent of the amounts to be deposited in accordance with the Fiscal Agent Agreement. Amounts in the Prepayment Account shall be disbursed for the payment of the Redemption Price of Bonds redeemed pursuant to the Fiscal Agent Agreement.

Debt Service Reserve Fund

Establishment of Debt Service Reserve Fund. Pursuant to the Fiscal Agent Agreement, the Fiscal Agent shall establish, maintain, and hold in trust a special fund designated the “Debt Service Reserve Fund.” The City shall cause the Debt Service Reserve Fund to be administered in accordance with the Improvement Bond Act of 1915; provided that proceeds from redemption or sale of properties, with respect to which payment of delinquent Reassessments and interest was made from the Debt Service Reserve Fund, shall be credited to the Debt Service Reserve Fund.

Transfers to Bond Fund. Except as otherwise provided in the Fiscal Agent Agreement, all amounts deposited in the Debt Service Reserve Fund shall be used and withdrawn by the Fiscal Agent solely for the purpose of making transfers to the Bond Fund in the event of any deficiency at any time in the Bond Fund of the amount then required for payment of the principal of and interest and premium (if any) on the Bonds or, in accordance with the provisions of the Fiscal Agent Agreement, for the purpose of redeeming Bonds. In the event the amount on deposit in the Debt Service Reserve Fund falls below the Reserve Requirement (as adjusted in accordance with the provisions described below), earnings on amounts in the Debt Service Reserve Fund and any excess amounts in the Redemption Account or the Bond Fund related to interest earnings or collections of delinquent reassessment installments after payment of principal and interest due on the Bonds shall be deposited in the Debt Service Reserve Fund until the amount in the fund equals the Reserve Requirement.

Reduction of Reserve Requirement Upon Prepayment. Whenever, after the issuance of the Bonds, a Reassessment is prepaid, in whole or in part, as provided in the Improvement Bond Act of 1915, the Fiscal Agent shall, at the direction of the City, transfer from the Debt Service Reserve Fund to the Prepayment Account an amount, equal to the product of the ratio of the original amount of the Reassessment so paid to the original amount of all unpaid Reassessments, times the lesser of (i) initial Reserve Requirement, if the amount in the Debt Service Reserve Fund is not below the Reserve Requirement, or (ii) the amount which would then be on deposit in the Debt Service Reserve Fund had there been no unreimbursed withdrawals from the Debt Service Reserve Fund pursuant to the Fiscal Agent Agreement. The City shall calculate the amount of the transfer. The Reserve Requirement shall thereafter be reduced by the amount of the transfer to the Prepayment Account.

Transfer of Excess in Debt Service Reserve Fund. So long as no Event of Default shall have occurred and be continuing, each September 3, any amount in the Debt Service Reserve Fund in excess of the Reserve Requirement shall be transferred by the Fiscal Agent to the Prepayment Account. Whenever the balance in the Debt Service Reserve Fund is sufficient to retire all the Outstanding Bonds, whether by advance retirement or otherwise, levy of the principal and interest on the Reassessments shall be discontinued by the City and amounts in the Debt Service Reserve Fund shall be transferred by the Fiscal Agent to the Bond Fund. In the event that the balance in the Debt Service Reserve Fund at the time of the transfer exceeds the amount required to retire all of the Outstanding Bonds, the excess shall be used in accordance with the Refunding Act and the Improvement Bond Act of 1915.

Reserve Facility. In addition to the amounts held in the Debt Service Reserve Fund in the form of cash or Permitted Investments, the Fiscal Agent may hold in the Debt Service Reserve Fund a Reserve Facility. The face amount of the Reserve Facility shall not be considered in determining whether the amounts on deposit in the Debt Service Reserve Fund are sufficient to meet the Reserve Requirement; rather, only the amount available to be drawn under the Reserve Facility shall be so considered. In the event that the amount of cash and Permitted Investments in the Debt Service Reserve Fund is insufficient to make a transfer to the Bond Fund as required by the Fiscal Agent Agreement, the Fiscal Agent may draw on the Reserve Facility in the amount equal to the lesser of (i) the amount of the shortfall or (ii) the amount available to be drawn under the Reserve Facility. The amount of the draw shall be transferred by

the Reserve Facility provider directly to the Fiscal Agent, and the Fiscal Agent shall hold the amounts solely for the purpose of paying interest of and principal on the Bonds. If there shall be an unreimbursed draw on the Reserve Facility, any amounts which become available for deposit in the Debt Service Reserve Fund shall be applied in the following order of priority:

First, to repay the principal amount of the draw on the Reserve Facility; provided, that the amount available to be drawn under the Reserve Facility is augmented in the amount of the repayment;

Second, to restore the amount on deposit in the Reserve Fund to an amount which, when added to the amount then available to be drawn on the Reserve Facility, equals the Reserve Requirement; and

Third, to the repayment of any other amounts owed to the Reserve Facility provider with respect to the Reserve Facility, including interest, expenses and any principal amount which will not be reinstated.

As long as a Reserve Facility shall be in full force and effect, the City agrees to comply with its provisions and, after submitting to the Reserve Facility provider any demand for payment under the Reserve Facility, to make available to the Reserve Facility provider all records relating to the funds and accounts maintained under the Fiscal Agent Agreement

Reserve Requirement. The Fiscal Agent Agreement defines the “Reserve Requirement,” as of any date of calculation, as the least of (a) ten per cent (10%) of the original principal amount of the Bonds, or (b) the maximum principal and interest payable on the Bonds in the current or any future Bond Year, or (c) one hundred twenty-five per cent (125%) of the average amount of principal and interest payable on the Bonds in the current and in all future Bond Years, all as determined by the City under the Code and specified in writing to the Fiscal Agent; provided, that the requirement (or any portion thereof) may be satisfied by the provision of one or more Reserve Facilities. Under this definition, the Reserve Requirement will be reduced as a result of prepayments of Reassessments pursuant to the Fiscal Agent Agreement.

THE DISTRICT

The Prior Districts

The District is comprised of the five assessment districts (collectively, the “Prior Districts”), which are described in more detail below.

AD 04-1. Assessment District No. 04-1 (Countryside/The Homestead/Cherry Hill/Olive Park III), formed on May 26, 2004 (“AD 04-1”), is comprised of four separate community areas in the northwest area of the City totaling approximately 292.00 acres and generally described as (i) the Countryside Area, containing approximately 146.50 acres and generally bounded by Olive Drive on the south, Allen Road on the west, Snow Road on the north, and Old Farm Road on the east, (ii) The Homestead Area, containing approximately 100.00 acres and generally bounded by Reina Road on the north, Old Farm Road on the east, and Noriega Road on the south, (iii) the Cherry Hill Area, containing approximately 17.00 acres and generally located south of Reina Road and approximately one quarter mile west of Jewetta Avenue, and (iv) the Olive Park III Area, containing approximately 28.50 acres and generally located at the northwest corner of the intersection of Reina Road and Jewetta Avenue. The four irregularly shaped Community Areas are located within a rectangular section of the northwest area of the City that has a north-to-south dimension of approximately one and one-half miles as measured from the

north end of the Countryside Area to the south end of The Homestead Area and a west-to-east dimension of approximately one mile as measured from the westerly boundary of the Countryside Area to the easterly boundary of the Olive Park III Area.

AD 04-2. Assessment District No. 04-2 (Brighton Park/Brighton Village/Stockdale at Allen Commercial/Cherry Hill II), formed on December 15, 2004 (“AD 04-2”), is comprised of four separate community areas in northwest are of the City totaling approximately 233.90 acres and generally described as (i) the Brighton Parks Area, containing approximately 103.70 acres and generally bounded by the south boundary of the right-of-way for the Westside Parkway and the south boundary of the future water recharge basin on the north, the Rio Bravo Canal on the northeast, Jewetta Avenue on the southeast, the Stockdale at Allen Commercial Area on the south, and the Brighton Village Area on the west, (ii) Brighton Village Area, containing approximately 55.40 acres and generally bounded by the south boundary of the right-of-way for the Westside Parkway on the north, the Brighton Parks Area on the east and southeast, the Stockdale at Allen Commercial Area on the south, and Allen Road on the west, (iii) the Stockdale at Allen Commercial Area, containing approximately 37.00 acres and generally bounded by Stockdale Highway on the south, Allen Road on the west, and the Brighton Parks Area and the Brighton Village Area on the north, and (iv) the Cherry Hill II Area, containing approximately 37.80 acres and generally located at the southeast corner of the intersection of Reina Road and Old Farm Road. The four irregularly shaped community areas within AD 04-2 are located within a rectangular section of the northwest area of the City that has a north-to-south dimension of approximately four miles as measured from the north end of the Cherry Hill II Area to the south end of the Stockdale at Allen Commercial Area and a west-to-east dimension of approximately three-quarters of a mile as measured from the westerly boundaries of the Brighton Village Area and the Stockdale at Allen Commercial Area to the easterly boundary of the Cherry Hill II Area.

AD 04-3. Assessment District No. 04-3 (Solera/Rio Vista), formed on January 26, 2005 (“AD 04-3”), is comprised of two separate community areas in the northeast portion of the City totaling approximately 215.60 acres, and generally described as (i) the Solera Area, containing approximately 174.70 acres located south of State Route 178, east of Alfred Harrell Highway, and west of Miramonte Drive, and (ii) the Rio Vista Area, containing approximately 40.90 acres located east of Miramonte Drive. The two irregularly shaped community areas within AD 04-3 are located within a rectangular section of the northeast area of the City that has a north-to-south dimension of approximately one mile as measured from the north end of the Solera Area to the south end of the Rio Vista Area and a west-to-east dimension of approximately one and one-half miles as measured from the westerly boundary of the Solera Area to the easterly boundary of the Rio Vista Area.

AD 05-3. Assessment District No. 05-3 (Liberty II/Village Green/Tesoro-Encanto/Lin/Rider/Diamond Ridge), formed on August 17, 2005 (“AD 05-3”), is comprised of approximately 450.60 gross acres located in the northwest and southwest areas of the City. AD 05-3 has been divided into six separate community areas generally identified as (i) the Liberty II Area, containing approximately 34.80 acres and generally bounded by Panama Lane on the south, Ashe Road on the west, and Arvin-Edison canal on the northeast, (ii) Village Green Area, containing approximately 82.70 acres and generally located at the southwest corner of the intersection of Stockdale Highway and Renfro Road, (iii) Tesoro-Encanto Area, containing approximately 79.80 acres and generally bounded by Panama Lane on the south, Buena Vista Road on the east, and Pensinger Road on the north, (iv) Lin Area, containing approximately 62.90 acres and generally located at the northwest corner of the intersection of Noriega Road and Allen Road, (v) Rider Area, containing approximately 113.60 acres and generally bounded by Stine Road on the east, McKee Road on the north, Mountain Ridge Drive on the west, and Taft Highway on the south, and (vi) Diamond Ridge Area, containing approximately 76.80 acres and generally bounded by McKee Road on the south, Mountain Ridge Drive on the east, and McCutchen Road on the north. The six irregularly shaped community areas within AD 05-3 are located within a rectangular section of the

northwest and southwest areas of the City that has a north-to-south dimension of approximately 10 miles as measured from the north end of the Lin Area to the south end of the Rider Area, and a west-to-east dimension of approximately six and one-quarter miles as measured from the west end of the Village Green Area to the east end of the Rider Area.

AD 06-1. Assessment District No. 06-1 (Etcheverry/Lin II/University Park), formed on April 5, 2006 (“AD 06-1”), is comprised of approximately 274.70 gross acres (or approximately 243.21 net acres) of land located in the northwest and southwest areas of the City. AD 06-1 has been divided into three separate community areas generally identified as (i) the Etcheverry Area, containing approximately 156.10 gross acres and generally bounded by Calloway Drive and Verdugo Lane on the east, Snow Road on the south, and Friant-Kern canal on the west, (ii) the Lin II Area, containing approximately 85.10 gross acres and generally bounded by Allen Road on the east, Reina Road on the north, Renfro Road on the northwest, and Vega Meadows Road on the southwest, and (iii) the University Park Area, containing approximately 33.50 gross acres and generally located at the southwest corner of the intersection of Ming Avenue and Gosford Road. The three irregularly shaped community areas within AD 06-1 are located within a rectangular section of the northwest and southwest areas of the City that has a north-to-south dimension of approximately seven miles as measured from the north end of the Etcheverry Area to the south end of the University Park Area, and a west-to-east dimension of approximately three and three-quarters miles as measured from the west end of the Lin II Area to the east end of the University Park Area.

The District contains 4,728 Reassessment Parcels. A total of 4,349 Reassessment Parcels (approximately 92% of the Reassessment Parcels) are currently developed. The District contains industrial, commercial, and residential uses. A diagram of the District is included in the Reassessment Engineer’s Report (the “Reassessment Report”), excerpts of which are attached to this Official Statement as Appendix G.

Method of Assessment Spread

The method of assessment apportionment contained in the Reassessment Report apportioned the Reassessments in exact proportion to the remaining principal amounts of the original assessments on the various parcels in each Prior District, which resulted in a uniform reduction, within each Prior District, in the amount assessed. A detailed description of the method of assessment spread is contained in the Reassessment Report, excerpts of which are attached as Appendix G.

Scheduled Reassessments and Debt Service.

The following table sets forth the scheduled annual Reassessments that will be levied within the District, and the scheduled annual debt service on the Bonds.

Property Ownership Within District

The property in the District consists of 4,728 Reassessment Parcels. There are several individual property owners who own more than one parcel in the District. The table below sets forth information regarding the property owners in the District who own more than one parcel or home, based on the respective share of the Bonds allocable to their property in the District.

(2) Includes 127 Appraised Parcels.

(3) The parent company of the former owner of these parcels filed for Chapter 11 bankruptcy on November 8, 2007. Following such filing, the City could not predict whether, or by whom, the public improvements on the affected property would be completed. Consequently, the City canceled the planned public improvements on such property and called on September 2, 2009, in advance of maturity, \$1,880,000 principal amount of the Refunded Bonds attributable to AD 05-3, which resulted in low "Share of Bonds" shown in the table above.

Property Values Within District

Assessed Values. For the majority of the Reassessment Parcels, the assessed valuation as determined by the County is provided as an estimate for purposes of valuation. The County assessed valuation is derived from the fiscal year 2014-15 County Assessor's assessed valuation of land and improvements. See "APPENDIX H – Assessment Parcel Listing" for a complete list of Reassessment Parcels, fiscal year 2014-15 assessed values, and Reassessment liens. The County's assessed valuation of land and improvements is based on the base year assessed value (which may or may not be reflective of the fair market value of the land and improvements) increased by a maximum of 2% per year each year thereafter, as allowed under Article XIII A of the California Constitution. Values may also be decreased if inflation is negative (for example, the inflation factor for fiscal year 2010-11 was -0.237%). Therefore, the assessor's value typically does not accurately reflect the fair market value of the land and improvements which may be higher or lower than the Assessor's value. Furthermore, due to timing, the Assessor's value may not reflect the most recent sale price of a parcel or new construction on a parcel. See "RISK FACTORS – Valuation of Property in the District." The fair market value can only be established through the sale of the property or an M.A.I. appraisal of the property within the District.

Most of the residential construction in the District was completed and sold to end users prior to the recent recession, which began in 2008. The following tables present the historical assessed value of the parcels in the District, as well as in each of the Prior Districts. As shown in the tables, the Kern County Assessor began to adjust assessed values under Proposition 8 (as described below) due to decline in market values in fiscal year 2008-09, with the largest downward adjustments occurring between fiscal years 2009-10 and 2011-12. The housing market in the District generally stabilized in fiscal year 2012-13 and, as also shown in the tables, increases in assessed value occurred in fiscal year 2014-15. See also "RISK FACTORS – Valuation of Property in the District."

Appraisal Value of Certain Parcels. For the Reassessment Parcels with assessed values that result in a value-to-lien ratio of less than 3:1, the City obtained an appraisal, dated as of May 21, 2015 (the “Appraisal”), prepared by BTI Appraisal (the “Appraiser”), which Appraisal is attached to this Official Statement as Appendix I. The Appraisal provides that the “as-is” fee simple market value (the “Appraised Value”), as of May 21, 2015, of 243 Reassessment Parcels (collectively, the located within Tracts 7166, 6250, 6448, and 6458 of the District (collectively, the “Appraised Parcels”) is \$63,278,295.

The term “market value” is defined in the Appraisal to mean “the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and acting in what they consider their own best interests; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.”

The Appraisal is based upon a variety of assumptions and limiting conditions that are described in Appendix I. The City makes no representation as to the accuracy of the Appraisal or as to whether or not the Appraised Parcels in the District could be sold, at a foreclosure sale or otherwise, for a price equal to the Appraised Value thereof.

Value-To-Lien Ratios

The value-to-lien ratio on the Bonds secured by Reassessments is expected to vary over the life of the Bonds as a result of changes in the value of the property that serves as security for the Reassessments and the payment of principal and interest with respect to the Bonds. In comparing the aggregate assessed value of the real property within the District and the principal amount of the Bonds, it should be noted that only real property upon which there is a delinquent Reassessment can be foreclosed. Individual parcels may be foreclosed upon to pay delinquent installments of the Reassessments levied against such parcels. The principal amount of the Bonds is not allocated pro-rata among the parcels within the District; rather, the total Reassessment for the District has been allocated among the parcels within the District according to the method of reassessment apportionment shown in the Reassessment Report. The value to lien ratio includes the liens of special taxes or other assessments affecting property in the District. See “SECURITY FOR THE BONDS – Priority of Lien” and “THE DISTRICT – Direct and Overlapping Debt.”

Economic and other factors beyond a property owners’ control, such as economic recession, deflation of land values, financial difficulty or bankruptcy by one or more property owners (or anyone who claims an interest in such property), or the complete or partial destruction of taxable property caused by, among other possibilities, earthquake, flood, fire, or other natural disaster, could cause a reduction in the assessed value within the District. See “RISK FACTORS.”

The table below shows the projected value to lien ratio ranges for the Reassessment Parcels in the District, based on the assessed values maintained by the County Assessor for fiscal year 2014-15 or, for the Appraised Parcels, the Appraised Values set forth in the Appraisal, as applicable, and the lien represented by the Reassessments and overlapping bonded liens.

Direct and Overlapping Debt

Contained within the boundaries of the District are certain overlapping local agencies providing public services and assessing property taxes, assessments, special taxes, and other charges on the property in the District. The table below summarizes the direct and overlapping debt affecting the property within

the District, and is provided for general information purposes only. Each of the districts or taxing agencies described below affects only a portion of the District, and the outstanding amounts shown below represent only that portion of each lien overlapping the District. The table below excludes the anticipated lien of the Reassessments and the lien of the assessments levied with respect to each of the Prior Districts.

RISK FACTORS

Investment in the Bonds involves risks that may not be appropriate for certain investors. The following is a discussion of certain risk factors that should be considered, in addition to other matters set forth herein, in evaluating the Bonds for investment. The information set forth below does not purport to be an exhaustive listing of the risks and other considerations that may be relevant to an investment in the Bonds. In addition, the order in which the following information is presented is not intended to reflect the relative importance of any such risks.

Reassessments and Payment of Bonds

Under the Improvement Bond Act of 1915, Reassessment installments, from which funds for the payment of annual installments of principal of and interest on the Bonds are derived, will be billed to properties against which there are unpaid Reassessments on the regular property tax bills sent to owners of such properties. Such Reassessment installments are due and payable, and bear the same penalties and interest for non-payment, as do regular property tax installments. Reassessment installments billed will be in aggregate amounts equal to debt service on the Bonds. See “SECURITY FOR THE BONDS.”

Payments of Reassessment installments made by the owners of Reassessment Parcels will be applied on a pro-rata basis to all Bonds for which the Reassessment installments are due and could result in a lesser amount being applied to the Bonds if the amount paid by the property owners is less than the total Reassessment installment. It should also be noted that the unwillingness or inability of a property owner to pay regular property tax bills as evidenced by property tax delinquencies may also indicate an unwillingness or inability to make regular property tax payments and Reassessment installment payments in the future.

In order to pay debt service on the Bonds, it is necessary that unpaid installments of Reassessments on land within the District are paid in a timely manner. Should the installments not be paid on time, the City has established a Debt Service Reserve Fund from the proceeds of the Bonds to cover delinquencies. The Reassessments are secured by a lien on Reassessment Parcels and the City has covenanted in certain circumstances to institute foreclosure proceedings to sell Reassessment Parcels with delinquent installments to cover such delinquent installments in order to obtain funds to pay debt service on the Bonds.

Failure by owners of the Reassessment Parcels to pay installments of Reassessments when due, depletion of the Debt Service Reserve Fund, delay in foreclosure proceedings, or the inability of the City to sell parcels which have been subject to foreclosure proceedings for amounts sufficient to cover the delinquent installments of Reassessments levied against such parcels may result in the inability of the City to make full or punctual payments of debt service on the Bonds and Owners of the Bonds would therefore be adversely affected.

Collection of the Reassessment

In order to pay debt service on the Bonds, it is necessary that the Reassessment be paid in a timely manner. Should the installments of Reassessments not be paid on time, funds in the Debt Service Reserve Fund and Redemption Account may be utilized to pay debt service on the Bonds to the extent other funds are not available therefor.

The Reassessments are to be collected in the same manner as ordinary ad valorem real property taxes are collected and, except as provided in the special covenant for foreclosure described herein and in the Improvement Bond Act of 1915, are to be subject to the same penalties and the same procedure, sale and lien priority in case of delinquency as is provided for ad valorem real property taxes. Under these

procedures, if taxes are unpaid for a period of five years or more, the property may be sold to recover amounts due.

Covenant to Foreclose

Under the Improvement Bond Act of 1915, if any delinquency in the payment of the Reassessment occurs, the City may commence an action in superior court to foreclose the lien therefor within specified time limits. In such an action, the real property subject to the unpaid amount may be sold at judicial foreclosure sale. Such judicial foreclosure action is not mandatory. The City has covenanted to commence foreclosure actions under certain circumstances. There can be no assurance that foreclosure proceedings will occur in a timely manner so as to avoid a delay in payments of debt service on the Bonds. See “SECURITY FOR THE BONDS – Covenants of the City – Covenant to Commence Superior Court Foreclosure.”

Under the Improvement Bond Act of 1915, under certain circumstances property may be sold upon foreclosure at a lesser Minimum Price or without a Minimum Price. “Minimum Price” as used in the Improvement Bond Act of 1915 is the amount equal to the delinquent installments of principal or interest of the Reassessment, together with all interest penalties, costs, fees, charges, and other amounts more fully detailed in the Improvement Bond Act of 1915. The court may authorize a sale at less than the Minimum Price if the court determines that sale at less than the Minimum Price will not result in an ultimate loss to the Owners of the Bonds, or, under certain circumstances, if holders of 75% or more of the outstanding Bonds consent to such sale.

Bankruptcy and Foreclosure Delays

The payment of Reassessments and the ability of the City to foreclose the lien of a delinquent unpaid Reassessment may be limited by bankruptcy, insolvency, or other laws generally affecting creditors’ rights or by State law relating to judicial foreclosure. In addition, the prosecution of a foreclosure could be delayed due to lengthy local court calendars or procedural delays.

The various legal opinions to be delivered concurrently with the delivery of the Bonds (including Bond Counsel’s approving legal opinion) will be qualified as to the enforceability of the various legal instruments by bankruptcy, reorganization, insolvency, or other similar laws affecting the rights of creditors generally.

Although bankruptcy proceedings would not cause the Reassessments to become extinguished, bankruptcy of a property owner, or anyone else who claims an interest in the property, could result in a delay in prosecuting superior court foreclosure proceedings and could result in delinquent Reassessment installments not being paid in full. Such a delay would increase the likelihood of a delay or default in the payment of the principal of and interest on the Bonds.

Payment of Reassessments Not a Personal Obligation

The owners of Reassessment Parcels are not personally liable for the payment of the Reassessment or the Reassessment installments. Rather, a reassessment is a lien only on a Reassessment Parcel. Accordingly, if the value of a Reassessment Parcel is not sufficient to fully secure the assessment on it, the City has no recourse against the owner.

Availability of Funds to Pay Delinquent Reassessment Installments

The City will establish a Debt Service Reserve Fund to be held by the Fiscal Agent and deposit and maintain therein a portion of Bond proceeds in the amount required under the Fiscal Agent

Agreement. There is no assurance that the balance in the Debt Service Reserve Fund will be adequate to pay the debt service on the Bonds in the event of delinquent Reassessment installments. If, during the period of delinquency, there are insufficient funds in the Debt Service Reserve Fund to pay delinquent installments, a delay may occur in payments to the owners of the Bonds.

Limited Obligation upon Delinquency

As discussed in the section entitled “SECURITY FOR THE BONDS,” if a delinquency occurs in the payment of any Reassessment, the City has the duty to cause the transfer of the amount of such delinquent Reassessment from the Debt Service Reserve Fund into the Redemption Account. If there are additional delinquencies after depletion of the Debt Service Reserve Fund, the City has no direct or contingent liability for payment of the Bonds in the event of default in the payment of a Reassessment installment, but has covenanted to commence judicial foreclosure actions under certain circumstances. See “– Collection of the Reassessment” above.

The City’s obligation to advance moneys to pay Bond debt service in the event of delinquent Reassessment installments will not exceed the balance in the Debt Service Reserve Fund. During the period of delinquency if there are insufficient funds in the Debt Service Reserve Fund, a delay may occur in payments to Owners of the Bonds.

Valuation of Property in the District

The value of the Reassessment Parcels is a critical factor in determining the investment quality of the Bonds. If a property owner defaults on the payment of the Reassessments, the City’s only remedy is to foreclose on the delinquent property in an attempt to obtain funds with which to pay the delinquent Reassessments. Land development and land values could be adversely affected by economic and other factors beyond the City’s control, such as a general economic downturn, adverse judgments in future litigation that could affect the scope, timing or viability of development, stricter land use regulations, shortages of water, electricity, natural gas or other utilities, destruction of property caused by earthquake, flood or other natural disasters, environmental pollution or contamination, or unfavorable economic conditions.

Appraised Values. The City obtained the Appraisal for the Appraised Parcels, the text of which is attached to this Official Statement as Appendix I. The Appraisal is based upon a variety of assumptions and limiting conditions that are described in Appendix I. The City makes no representation as to the accuracy of the Appraisal.

Assessed Values. Unless otherwise noted herein, the City has relied on the assessed valuations of the 2014-15 County Assessor’s rolls for the valuations of the property within the District presented in this Official Statement.

Article XIII A. Pursuant to the California voter initiative process, on June 6, 1978, California voters approved Proposition 13, which added Article XIII A to the California Constitution. Article XIII A imposed certain limitations on taxes that may be levied against real property to 1% of the full cash value of the property, adjusted annually for inflation at a rate not exceeding 2% annually. Full cash value is determined as of the 1975-76 assessment year, upon change in ownership (acquisition) or when newly constructed. Article XIII A has subsequently been amended to permit reduction of the “full cash value” base in the event of declining property values caused by substantial damage, destruction or other factors, and to provide that there would be no increase in the “full cash value” base in the event of reconstruction of property damaged or destroyed in a disaster and in other special circumstances.

Reduction in Inflationary Rate. The annual inflationary adjustment, while limited to 2%, is determined annually and may not exceed the percentage change in the California Consumer Price Index (CCPI). Because the California Revenue and Taxation Code does not distinguish between positive and negative changes in the CCPI used for purposes of the inflation factor, there was a decrease of 0.237% in fiscal year 2009-10, which decrease was applied to the 2010-11 tax roll. According to the California Board of Equalization, for each fiscal year since Article XIII A became effective (i.e., since fiscal year 1978-79), the annual increase for inflation has been at least 2% except in eight fiscal years, as shown below:

Proposition 8 Adjustments. Proposition 8, approved by California voters in 1978 (“Proposition 8”), provides for the assessment of real property at the lesser of its originally determined (base year) full cash value compounded annually by the inflation factor, or its full cash value as of the lien date, taking into account reductions in value due to damage, destruction, obsolescence or other factors causing a decline in market value. Reductions based on Proposition 8 do not establish new base year values, and the property may be reassessed as of the following lien date up to the lower of the then-current fair market value or the factored base year value. While the assessed value may be reduced by the County Assessor as a result of Proposition 8, the assessed value has no bearing on the calculation of the Reassessments, only on the calculation of ad valorem taxes.

As a result of Proposition 8 reductions implemented by the County Assessor, assessed values in the District were reduced by an average of 17.89% between their high in fiscal year 2007-08 and their low in fiscal year 2012-13. Some of the reductions may be a result of sales of homes at lower values than the assessed value on the tax roll, but the City cannot differentiate between that type of reduction and Proposition 8 reductions. As of the 2014-15 tax roll, the overall assessed values in the District are approximately 13.04% of the highest values shown on the 2007-08 tax roll.

The City cannot guarantee that further reductions in assessed value will not occur in future years.

Other Possible Claims Upon the Value of a Reassessment Parcel

The sufficiency of tax or foreclosure sale proceeds to cover delinquent amounts may also depend on the value of any prior or parity liens and similar claims. While the Reassessments are secured by the

Reassessments Parcels, this security only extends to the value thereof that is not subject to priority and parity liens and similar claims relative to the Reassessments.

Other governmental obligations, including taxes, assessments, special taxes or other charges, may be authorized and undertaken or issued in the future may become obligations of one or more of the Reassessment Parcels and may be secured by liens on a parity with the liens of the Reassessments securing the Bonds.

The lien of the Reassessments is subordinate to all fixed special assessment liens previously imposed upon the parcels in the District, but has priority over all private liens and over all fixed special assessment liens which may thereafter be created against the parcels in the District. This lien is co-equal to and independent of the lien of general property taxes, including, without limitation, special taxes levied under the Mello-Roos Community Facilities Act of 1982 whenever created against the property. See “THE DISTRICT – Direct and Overlapping Debt.

The imposition of additional liens on a parity with the Reassessments may reduce the ability or willingness of the landowners to pay the assessment installments and increases the possibility that foreclosure proceeds will not be adequate to pay delinquent assessment installments or the principal of and interest on the Bonds when due. See “THE DISTRICT – Direct and Overlapping Debt.”

Natural Disasters

The value of the Reassessment Parcels in the future can be adversely affected by a variety of natural occurrences, particularly those that may affect infrastructure and other public improvements and private improvements on the Reassessment Parcels and the continued habitability and enjoyment of such private improvements. The areas surrounding the District, like those in much of California, may be subject to unpredictable seismic activity. Other natural disasters could include, without limitation, landslides, floods, droughts or wildfires. One or more natural disasters could occur and could result in damage to improvements of varying seriousness. The damage may entail significant repair or replacement costs and repair or replacement may never occur either because of the cost, or because repair or replacement will not facilitate habitability or other use, or because other considerations preclude such repair or replacement. Under any of these circumstances there could be significant delinquencies in the payment of Reassessments, and the value of the Reassessment Parcels may well depreciate or disappear.

Hazardous Substances

One of the most serious risks in terms of the potential reduction in the value of the Reassessment Parcels is a claim with regard to a hazardous substance. In general, the owners and operators of Reassessment Parcels may be required by law to remedy conditions of the parcel relating to releases or threatened releases of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as “CERCLA” or the “Superfund Act,” is the most well-known and widely applicable of these laws, but California laws with regard to hazardous substances are also stringent and similar. Under many of these laws, the owner or operator is obligated to remedy a hazardous substance condition of property whether or not the owner or operator has anything to do with creating or handling the hazardous substance. The effect, therefore, should any of the Reassessment Parcels be affected by a hazardous substance, is to reduce the marketability and value of the parcel by the costs of remedying the condition, because the purchaser, upon becoming owner, will become obligated to remedy the condition just as is the seller. Neither assessed values set forth in this Official Statement nor the Appraised Values in the Appraisal take into account the possible reduction in marketability and value of any of the Reassessment Parcels by reason of the possible liability of the owner or operator for the remedy of a hazardous substance condition of the parcel. Although the City is

not aware of any such potential liability, it is possible that other environmental liabilities currently exist and that the City is not aware of them. Further, it is possible that liabilities may arise in the future with respect to any of the Reassessment Parcels resulting from the existence, currently, on the parcel of a substance presently classified as hazardous but that has not been released or the release of which is not presently threatened, or may arise in the future resulting from the existence, currently, on the parcel of a substance not presently classified as hazardous but that may in the future be so classified. Further, such liabilities may arise not simply from the existence of a hazardous substance but from the method of handling it. All of these possibilities could significantly affect the value of Reassessment Parcels that is realizable upon a delinquency.

No Acceleration Provision

The Fiscal Agent Agreement does not contain a provision allowing for the acceleration of the principal of the Bonds in the event of a payment default or other default under the terms of the Bonds or the Fiscal Agent Agreement.

Proposition 218

Under the California Constitution, the power of initiative is reserved to the voters for the purpose of enacting statutes and constitutional amendments. Any such initiative may affect the collection of fees, taxes, and other types of revenue by local agencies such as the City. Subject to overriding federal constitutional principles, such collection may be materially and adversely affected by voter-approved initiatives, possibly to the extent of creating cash flow problems in the payment of outstanding obligations such as the Bonds.

Proposition 218 – Voter Approval for Local Government Taxes – Limitation on Fees, Assessments, and Charges – Initiative Constitutional Amendment (“Proposition 218”), added Articles XIII C and XIII D to the California Constitution, imposing certain vote requirements and other limitations on the imposition of new or increased taxes, assessments and property-related fees and charges. Proposition 218 states that all taxes imposed by local governments shall be deemed to be either general taxes or special taxes. No local government may impose, extend or increase any general tax unless and until such tax is submitted to the electorate and approved by a majority vote. No local government may impose, extend or increase any special tax unless and until such tax is submitted to the electorate and approved by a two-thirds vote.

Proposition 218 also provides that no tax, assessment, fee or charge shall be assessed by any agency upon any parcel of property or upon any person as an incident of property ownership except: (i) the ad valorem property tax imposed pursuant to Article XIII and Article XIII A of the California Constitution, (ii) any special tax receiving a two-thirds vote pursuant to the California Constitution, and (iii) assessments, fees and charges for property related services as provided in Proposition 218. Proposition 218 then goes on to add voter requirements for assessments and fees and charges imposed as an incident of property ownership, other than fees and charges for sewer, water, and refuse collection services. In addition, all assessments and fees and charges imposed as an incident of property ownership, including sewer, water, and refuse collection services, are subjected to various additional procedures, such as hearings and stricter and more individualized benefit requirements and findings.

Proposition 218 also provides that the constitutional initiative power shall not be prohibited or otherwise limited in matters of reducing or repealing any local taxes, assessments, fees and charges. This provision with respect to the initiative power is not limited to taxes imposed on or after November 6, 1996, the effective date of Proposition 218. However, on July 1, 1997, a bill was signed into law by the Governor of the State enacting Government Code 5854, which states:

Section 3 of Article XIII C of the California Constitution, as adopted at the November 5, 1996 general election, shall not be construed to mean that any owner or beneficial owner of a municipal security, purchased before or after that date, assumes the risk of, or in any way consents to, any action by initiative measure that constitutes an impairment of contractual rights protection by Section 10 of Article I of the United States Constitution.

As a result, although no court has yet considered the relationship between Section 5854 and Article XIII C, it is likely that Proposition 218 has not conferred on the voters the power to repeal or reduce the Reassessments if such reduction would interfere with the timely retirement of the Bonds.

Like its antecedents, Proposition 218 is likely to undergo both judicial and legislative scrutiny before its impact on the District and its obligations can be determined. Certain provisions of Proposition 218 may be examined by the courts for their constitutionality under both State and federal constitutional law. The City is not able to predict the outcome of any such examination.

The foregoing discussion of Proposition 218 should not be considered an exhaustive or authoritative treatment of the issues. The City does not expect to be in a position to control the consideration or disposition of these issues and cannot predict the timing or outcome of any judicial or legislative activity in this regard. Interim rulings, final decisions, legislative proposals and legislative enactments may all affect the impact of Proposition 218 on the Bonds as well as the market for the Bonds. Legislative and court calendar delays and other factors may prolong any uncertainty regarding the effects of Proposition 218.

Ballot Initiatives and Legislative Measures

Proposition 218 was adopted pursuant to a measure qualified for the ballot pursuant to California's constitutional initiative process and the State Legislature has in the past enacted legislation which has altered the spending limitations or established minimum funding provisions for particular activities. From time to time, other initiative measures could be adopted by California voters or legislation enacted by the State Legislature. The adoption of any such initiative or enactment of legislation might place limitations on the ability of the State, the City or local districts to increase revenues or to increase appropriations or on the ability of a property owner to complete the development of the property.

FDIC/Federal Government Interests in Properties

Unless the United States Congress ("Congress") has otherwise provided, if the federal government has a mortgage interest in the parcel and the City wishes to foreclose on the parcel as a result of delinquent Reassessments, the property cannot be sold at a foreclosure sale unless it can be sold for an amount sufficient to pay delinquent taxes and assessments on a parity with the Reassessments and preserve the federal government's mortgage interest. In *Rust v. Johnson* 597 F.2d 174 (9th Cir. 1979), the United States Court of Appeal, Ninth Circuit, held that FNMA (Fannie Mae) is a federal instrumentality for purposes of this doctrine, and not a private entity, and that, as a result, an exercise of state power over a mortgage interest held by Fannie Mae constitutes an exercise of state power over property of the United States.

FDIC. In the event that any financial institution making any loan which is secured by real property within the District is taken over by the FDIC, and prior thereto or thereafter the loan or loans go into default, resulting in ownership of the property by the FDIC, then the ability of the City to collect interest and penalties specified by State law and to foreclose the lien of delinquent unpaid Reassessments may be limited. The FDIC's policy statement regarding the payment of state and local real property taxes (the "Policy Statement") provides that property owned by the FDIC is subject to state and local real

property taxes only if those taxes are assessed according to the property's value, and that the FDIC is immune from real property taxes assessed on any basis other than property value. According to the Policy Statement, the FDIC will pay its property tax obligations when they become due and payable and will pay claims for delinquent property taxes as promptly as is consistent with sound business practice and the orderly administration of the institution's affairs, unless abandonment of the FDIC's interest in the property is appropriate. The FDIC will pay claims for interest on delinquent property taxes owed at the rate provided under state law, to the extent that the interest payment obligation is secured by a valid lien. The FDIC will not pay any amounts in the nature of fines or penalties and will not pay nor recognize liens for such amounts. If any property taxes (including interest) on FDIC-owned property are secured by a valid lien (in effect before the property became owned by the FDIC), the FDIC will pay those claims. The Policy Statement further provides that no property of the FDIC is subject to levy, attachment, garnishment, foreclosure or sale without the FDIC's consent. In addition, the FDIC will not permit a lien or security interest held by the FDIC to be eliminated by foreclosure without the FDIC's consent.

The Policy Statement states that the FDIC generally will not pay non-ad valorem taxes, including special assessments, on property in which it has a fee interest unless the amount of tax is fixed at the time that the FDIC acquires its fee interest in the property, nor will it recognize the validity of any lien to the extent that it purports to secure the payment of any such amounts.

The City is unable to predict what effect the application of the Policy Statement would have in the event of a delinquency in the payment of Reassessments on a parcel within the District, if the FDIC has or obtains an interest, although prohibiting the lien of the Reassessments from being foreclosed at a judicial foreclosure sale could reduce or eliminate the number of persons willing to purchase a parcel at a foreclosure sale. Such an outcome could cause a draw on the Reserve Fund and perhaps, ultimately, if enough property were to become owned by the FDIC, a default in the payment on the Bonds.

Fannie Mae or Freddie Mac. If a parcel of taxable property is owned by a federal government entity or federal government-sponsored entity, such as Fannie Mae or Freddie Mac, or a private deed of trust secured by a parcel of taxable property is owned by a federal government entity or federal government-sponsored entity, such as Fannie Mae or Freddie Mac, the ability to foreclose on the parcel or to collect delinquent Reassessments may be limited.

Federal courts have held that, based on the supremacy clause of the United States Constitution, in the absence of Congressional intent to the contrary, a state or local agency cannot foreclose to collect delinquent taxes or assessments if foreclosure would impair the federal government interest. This means that, unless Congress has otherwise provided, if a federal government entity owns a parcel of taxable property but does not pay taxes and assessments levied on the parcel (including Reassessments), the applicable state and local governments cannot foreclose on the parcel to collect the delinquent taxes and assessments.

Moreover, unless Congress has otherwise provided, if the federal government has a mortgage interest in the parcel and the City wishes to foreclose on the parcel as a result of delinquent Reassessments, the property cannot be sold at a foreclosure sale unless it can be sold for an amount sufficient to pay delinquent taxes and assessments on a parity with the Reassessments and preserve the federal government's mortgage interest.

No investigation has been made as to whether any governmental entity or government-sponsored entity currently owns or has an interest in any property in the District.

No Assurance of Secondary Market

There can be no guarantee that there will be a secondary market for the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. Although the City has committed to provide certain statutorily-required financial and operating information, there can be no assurance that such information will be available to Bond Owner on a timely basis. The failure to provide the required annual financial information does not give rise to monetary damages but merely an action for specific performance. Occasionally, because of general market conditions, lack of current information, the absence of credit rating for the Bonds or because of adverse history or economic prospects connected with a particular issue, secondary marketing practices in connection with a particular issue are suspended or terminated. Additionally, prices of issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price.

Limitations on Remedies

Remedies available to the owners of the Bonds may be limited by a variety of factors and may be inadequate to assure the timely payment of principal of and interest on the Bonds or to preserve the tax-exempt status of the Bonds. See “ – Other Possible Claims Upon the Value of a Reassessment Parcel,” “– No Acceleration Provision” and “– FDIC/Federal Government Interests in Properties” in this “RISK FACTORS” section.

Bond Counsel has limited its opinion as to the enforceability of the Bonds and the Fiscal Agent Agreement to the extent that enforceability may be limited by bankruptcy, insolvency, reorganization, fraudulent conveyance or transfer, moratorium, or other similar laws affecting generally the enforcement of creditors’ rights, by equitable principles and by the exercise of judicial discretion. The lack of availability of certain remedies or the limitation of remedies may entail risks of delay, limitation, or modification of the rights of the owners of the Bonds.

Loss of Tax Exemption For Series 2015A Bonds

As discussed under the caption “TAX MATTERS,” interest on the Series 2015A Bonds could become includable in gross income for purposes of federal income taxation retroactive to the date the Series 2015A Bonds were issued as a result of future acts or omissions of the City in violation of its covenants contained in the Fiscal Agent Agreement. Should such an event of taxability occur, the Series 2015A Bonds are not subject to special redemption or any increase in interest rate and will remain outstanding until maturity.

In addition, Congress has considered in the past, and may consider in the future, legislative proposals, including some that carry retroactive effective dates, that, if enacted, would alter or eliminate the exclusion from gross income for federal income tax purposes of interest on municipal bonds, such as the Series 2015A Bonds. Prospective purchasers of the Series 2015A Bonds should consult their own tax advisors regarding any pending or proposed federal tax legislation. The City can provide no assurance that federal tax law will not change while the Series 2015A Bonds are outstanding or that any such changes will not adversely affect the exclusion of interest on the Series 2015A Bonds from gross income for federal income tax purposes. If the exclusion of the interest on the Series 2015A Bonds from gross income for federal income tax purpose were amended or eliminated, it is likely that the market price of the Bonds would be adversely impacted.

Economic, Political, Social, and Environmental Conditions

Prospective investors are encouraged to evaluate current and prospective economic, political, social, and environmental conditions as part of an informed investment decision. Changes in economic,

political, social, or environmental conditions on a local, state, federal, and/or international level may adversely affect investment risk generally. Such conditional changes may include (but are not limited to) fluctuations in business production, consumer prices, or financial markets, unemployment rates, technological advancements, shortages or surpluses in natural resources or energy supplies, changes in law, social unrest, fluctuations in the crime rate, political conflict, acts of war or terrorism, environmental damage, and natural disasters.

THE CITY

The City is located at the southern end of the San Joaquin Valley in the County, approximately 110 miles north of the City of Los Angeles and 290 miles south of the City and County of San Francisco. The City covers over 120 square miles of land and an additional 183 square miles of land area is located within the City's sphere of influence.

The City is a regional center for industry, government, transportation, retail trade, medical services, and oil field operations. Major manufacturing activities include iron and steel fabrication, plastic foam products, food products, petroleum refining, and textiles. Bakersfield is one of the leading convention centers of the state and is the commercial hub of the County. As the County seat, it is the location of many county, state, and federal offices.

The metropolitan area has expanded considerably beyond the City limits. As of January 1, 2015, the estimated population of the County was 874,264 and the estimated population of the City was 369,505, according to the California Department of Finance. The Bakersfield Standard Metropolitan Statistical Area includes the entire County, as defined by the State Department of Employment Development. See "APPENDIX B – City of Bakersfield Economic, Financial, and Demographic Information."

The City's general fund is not pledged to secure payment of, and the taxing power of the City is not pledged for, the principal of and interest on the Bonds. The City has included its City of Bakersfield Comprehensive Annual Financial Report Fiscal Year Ended June 30, 2014 (the "City's Audited Financial Statements"), as Appendix C to this Official Statement. The City has not requested, and the City's auditor has not given, such auditor's consent to the inclusion in Appendix C of its report contained in the City's Audited Financial Statements. The City has not requested that such auditor undertake any review or investigation concerning subsequent events with respect to such City's Audited Financial Statements.

TAX MATTERS

Series 2015A Bonds

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the City ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2015A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code") and is exempt from State of California personal income taxes. Bond Counsel is of the further opinion that interest on the Series 2015A Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Bond Counsel observes that such interest on the Series 2015A Bonds is included in adjusted current earnings when calculating corporate alternative minimum taxable income. A complete copy of the proposed form of opinion of Bond Counsel is set forth in "APPENDIX D – Proposed Form of Opinion of Bond Counsel."

To the extent the issue price of any maturity of the Series 2015A Bonds is less than the amount to be paid at maturity of such Series 2015A Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Series 2015A Bonds), the difference constitutes “original issue discount,” the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Series 2015A Bonds which is excluded from gross income for federal income tax purposes and State of California personal income taxes. For this purpose, the issue price of a particular maturity of the Series 2015A Bonds is the first price at which a substantial amount of such maturity of the Series 2015A Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Series 2015A Bonds accrues daily over the term to maturity of such Series 2015A Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Series 2015A Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Series 2015A Bonds. Beneficial Owners of the Series 2015A Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Series 2015A Bonds with original issue discount, including the treatment of Beneficial Owners who do not purchase such Series 2015A Bonds in the original offering to the public at the first price at which a substantial amount of such Series 2015A Bonds is sold to the public.

Series 2015A Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) (“Premium Bonds”) will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner’s basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Series 2015A Bonds. The City has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Series 2015A Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Series 2015A Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Series 2015A Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel’s attention after the date of issuance of the Series 2015A Bonds may adversely affect the value of, or the tax status of interest on, the Series 2015A Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Series 2015A Bonds is excluded from gross income for federal income tax purposes and is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Series 2015A Bonds may otherwise affect a Beneficial Owner’s federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner’s other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Series 2015A Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. For example, the Obama Administration's budget proposals in recent years have proposed legislation that would limit the exclusion from gross income of interest on the Series 2015A Bonds to some extent for high income individuals. The introduction or enactment of any such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Series 2015A Bonds. Prospective purchasers of the Series 2015A Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel is expected to express no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Series 2015A Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the City, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The City has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Series 2015A Bonds ends with the issuance of the Series 2015A Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the City or the Beneficial Owners regarding the tax-exempt status of the Series 2015A Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the City and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the City legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Series 2015A Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Series 2015A Bonds, and may cause the City or Beneficial Owners to incur significant expense.

Series 2015B Bonds

In the opinion of Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2015B Bonds is not excluded from gross income for federal income tax purposes under Section 103 of the Code. Bond Counsel is of the opinion that interest on the Series 2015B Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences relating to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Series 2015B Bonds. A complete copy of the proposed form of opinion of Bond Counsel is set forth in "APPENDIX D — Proposed Form of Opinion of Bond Counsel."

If the City defeases any Series 2015B Bond, such Series 2015B Bond may be deemed to be retired and "reissued" for federal income tax purposes as a result of the defeasance. In that event, the Beneficial Owner of the Series 2015B Bonds will recognize taxable gain or loss equal to the difference between the amount realized from the deemed sale, exchange or retirement (less any accrued qualified stated interest which will be taxable as such) and the Beneficial Owner's adjusted tax basis in the Series 2015B Bond. See "APPENDIX A – Summary of Certain Provisions of Fiscal Agent Agreement."

Potential investors are urged to obtain independent tax advice regarding the Series 2015B Bonds based upon their particular circumstances.

LEGAL MATTERS

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the City. A complete copy of the proposed form of Bond Counsel opinion is contained in Appendix D hereto. Bond Counsel takes no responsibility for the accuracy, completeness, or fairness of this Official Statement. Certain legal matters will be passed upon for the City by Virginia Gennaro, City Attorney, and by Goodwin Procter LLP, Los Angeles, California, as Disclosure Counsel to the City, and for the Underwriter by Norton Rose Fulbright US LLP, Los Angeles, California.

ABSENCE OF LITIGATION

The City will certify that, to its knowledge, there is not now known to be pending or threatened any litigation restraining or enjoining the execution or delivery of the Fiscal Agent Agreement or the sale or delivery of the Bonds, or in any manner questioning the proceedings and authority under which the Fiscal Agent Agreement is to be executed or delivered or the Bonds are to be delivered or affecting the validity thereof.

VERIFICATION OF MATHEMATICAL COMPUTATIONS

Grant Thornton LLP, as verification agent (the “Verification Agent”), will verify from the information provided to them the mathematical accuracy as of the date of the closing on the Bonds of (1) the computations contained in the provided schedules to determine that the cash deposits listed in the schedules prepared by the Financial Advisor, to be held in escrow, will be sufficient to pay, when due, the principal, redemption premium and interest requirements of the Refunded Bonds, and (2) the computation of yield on the Series 2015A Bonds contained in the provided schedules used by Bond Counsel in its determination that the interest with respect to the Series 2015A Bonds is exempt from federal taxation. The Verification Agent will express no opinion on the assumptions provided to them, nor as to the exemption from taxation of the interest with respect to the Bonds.

NO RATING

The City has not made, and does not contemplate making, any application for a rating on the Bonds. No such rating should be assumed based upon any other City rating that may be obtained. Prospective purchasers of the Bonds are required to make independent determinations as to the credit quality of the Bonds and their appropriateness as an investment.

UNDERWRITING

Stifel, Nicolaus & Company, Incorporated (the “Underwriter”), is offering the Bonds at the prices set forth on the inside front cover page of this Official Statement. The initial offering prices may be changed from time to time and concessions from the offering prices may be allowed to dealers, banks, and others. The Underwriter purchased the Series 2015A Bonds at a price equal to \$_____, which amount represents the principal amount of the Series 2015A Bonds, [less/plus] a net original issue

[discount/premium] of \$_____, less the Underwriter's discount of \$_____. The Underwriter purchased the Series 2015B Bonds at a price equal to \$_____, which amount represents the principal amount of the Series 2015B Bonds, [less/plus] a net original issue [discount/premium] of \$_____, less the Underwriter's discount of \$_____.

Fieldman, Rolapp & Associates is employed as Financial Advisor to the City in connection with the issuance of the Bonds. The Financial Advisor's fee for services rendered with respect to the sale of the Bonds is contingent upon the issuance of the Bonds. Fieldman, Rolapp & Associates, in its capacity as Financial Advisor, does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal income tax status of the Bonds, or the possible impact of any present, pending, or future actions taken by any legislative or judicial bodies.

The Financial Advisor to the City has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

PROFESSIONAL FEES

The fees payable to certain professionals, including the Underwriter, Orrick, Herrington & Sutcliffe LLP, as Bond Counsel, Goodwin Procter LLP, as Disclosure Counsel, Fieldman, Rolapp & Associates, as Financial Advisor, and the Fiscal Agent, are contingent upon the issuance of the Bonds. The fees of Koppel & Gruber Public Finance, as Reassessment Engineer, BTI Appraisal, as Appraiser, and Grant Thornton LLP, are not contingent upon the issuance of the Bonds.

CONTINUING DISCLOSURE

The City will covenant in a Continuing Disclosure Certificate for the benefit of Owners of the Bonds to provide an annual report containing certain financial information and operating data relating to the District and the City and to provide notices of the occurrence of certain enumerated events as specified therein. The specific nature of the information to be contained in each annual report, or each event notice, if any, and the applicable deadlines, are set forth in the Continuing Disclosure Certificate, the form of which is attached hereto as Appendix F. These covenants will be made in order to assist the Underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b)(5), as amended (the "Rule"). The City has represented that, in the past five years, the City has no instances of material failure to comply with any previous continuing disclosure undertaking pursuant to the Rule.

MISCELLANEOUS

Any such certificate or request may, but need not, be combined in a single instrument with any other instrument, opinion or representation, and the two or more so combined shall be read and construed as a single instrument.

Transfer and Exchange of Bonds.

Any Bond may, in accordance with its terms, be transferred upon the Registration Books by the Person in whose name it is registered, in person or by his or her duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Fiscal Agent. Whenever any Bond or Bonds shall be surrendered for transfer, the City shall execute and the Fiscal Agent shall authenticate and shall deliver a new Bond or Bonds for a like aggregate principal amount, in any authorized denomination. The Fiscal Agent shall require the Bond Owner requesting such transfer to pay any tax or other governmental charge required to be paid with respect to such transfer.

The Bonds may be exchanged at the Office of the Fiscal Agent for a like aggregate principal amount of Bonds of other authorized denominations. The Fiscal Agent shall require the payment by the Bond Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange.

The Fiscal Agent shall not be obligated to make any transfer or exchange of Bonds pursuant to in the Fiscal Agent Agreement during the period established by the Fiscal Agent for the selection of Bonds for redemption, or with respect to any Bonds selected for redemption.

Registration Books.

The Fiscal Agent will keep or cause to be kept, at the Office of the Fiscal Agent, sufficient records for the registration and transfer of ownership of the Bonds, which shall be open to inspection during regular business hours and upon 24 hours notice by the City; and, upon presentation for such purpose, the Fiscal Agent shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred, on such records, the ownership of the Bonds as provided in the Fiscal Agent Agreement.

Authentication of Bonds.

Only such of the Bonds as shall bear thereon a certificate of authentication substantially in the form set forth in Exhibit A attached hereto, manually executed by the Fiscal Agent, shall be valid or obligatory for any purpose or entitled to the benefits of the Fiscal Agent Agreement, and such certificate of or on behalf of the Fiscal Agent shall be conclusive evidence that the Bonds so authenticated have been duly executed, authenticated and delivered under the Fiscal Agent Agreement and are entitled to the benefits thereof.

Bonds Mutilated, Lost, Destroyed or Stolen.

If any Bond shall become mutilated, the City, at the expense of the Owner of said Bond, shall execute, and the Fiscal Agent shall thereupon authenticate and deliver, a new Bond of like tenor in exchange and substitution for the Bond so mutilated, but only upon surrender to the Fiscal Agent of the Bond so mutilated. Every mutilated Bond so surrendered to the Fiscal Agent shall be canceled by it and delivered to, or upon the order of, the City. If any Bond shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Fiscal Agent and, if such evidence and indemnity satisfactory to the Fiscal Agent shall be given, the City, at the expense of the Owner, shall execute, and the Fiscal Agent shall thereupon authenticate and deliver, a new Bond of like tenor in lieu of and in replacement for the Bond so lost, destroyed or stolen (or if any such Bond shall have matured or shall be about to mature, instead of issuing a replacement Bond, the Fiscal Agent may pay the same without surrender thereof). The City may require payment by the Owner of a sum not exceeding the actual cost of preparing each replacement Bond issued under in the Fiscal Agent Agreement and of the expenses which may be incurred by the City and the Fiscal Agent. Any Bond issued under the provisions of the Fiscal Agent Agreement in lieu of any Bond alleged to be lost, destroyed or stolen shall constitute an original additional contractual obligation on the part of the City whether or not the Bond so alleged to be lost, destroyed or stolen be at any time enforceable by anyone, and shall be entitled to the benefits of the Fiscal Agent Agreement with all other Bonds secured thereby..

Refunding of Bonds.

The Bonds may be refunded by the City under Divisions 11 or 11.5 of the California Streets and Highways Code upon the conditions set forth in proceedings therefor, all as determined by the City Council.

Pledge and Assignment.

Subject only to the provisions of the Fiscal Agent Agreement permitting the application thereof for the purposes and on the terms and conditions set forth in the Fiscal Agent Agreement, all of the Reassessments and any other amounts (including proceeds of the sale of the Bonds) held in any fund or account established pursuant to the Fiscal Agent Agreement (except the Administrative Account and the Rebate Fund) are pledged by the City to secure the payment of the principal of and interest on the Bonds in accordance with their terms, the provisions of the Fiscal Agent Agreement and the Refunding Act. Said pledge shall constitute a first lien on and security interest in such assets.

Costs of Issuance Fund.

There is established a separate fund to be known as the "Costs of Issuance Fund," which shall be held in trust by the Fiscal Agent. The moneys in the Costs of Issuance Fund shall be withdrawn by the Fiscal Agent and applied from time to time to pay the Costs of Issuance upon receipt of a requisition approved by the Finance Director. On the date the Finance Director determines that all Costs of Issuance have been paid, all amounts (if any) remaining in the Costs of Issuance Fund shall be transferred by the Fiscal Agent to the Finance Director for deposit in the Redemption Account.

Administrative Account.

The Finance Director shall establish and maintain an account entitled the "Reassessment District No. 15-1 (Consolidated Reassessment District) Administrative Account" (the "Administrative Account"). The Administrative Account shall be a continuation of the similar account held by the Finance Director with respect to the Prior Bonds. The Finance Director shall deposit in the Administrative Account all amounts received from the County of Kern with respect to the portion of the Reassessment installments levied to pay administrative expenses of the Reassessment District and the Bonds pursuant to Sections 8682(b), 8682.1 and 10204(f) of the Streets & Highways Code (the "Administrative Provisions"). The Finance Director shall withdraw amounts from the Administrative Account to pay costs and expenses of the Reassessment District and the Bonds as provided in the Administrative Provisions and any for any other lawful purpose. Interest earnings on amounts in the Administrative Account shall be retained therein to the extent such earnings are needed to pay administrative expenses. Any amounts in the Administrative Account which the Finance Director determines in his or her sole discretion will not be needed to pay such expenses shall be transferred to the Redemption Account.

Investment of Moneys.

Except as otherwise provided in the Fiscal Agent Agreement, all moneys in any of the funds or accounts established pursuant to the Fiscal Agent Agreement shall be invested by the Fiscal Agent or the Finance Director, as the case may be, solely in Permitted Investments, as directed in writing by the City (in the case of amounts held by the Fiscal Agent) two (2) Business Days prior to the making of such investment. Permitted Investments may be purchased at such prices as the City shall determine. All Permitted Investments shall be acquired subject to any restrictive instructions given to the Fiscal Agent pursuant to the Fiscal Agent Agreement and such additional limitations or requirements consistent with the foregoing as may be established by the Written Request of the City. Moneys in all funds and accounts shall be invested in Permitted Investments maturing not later than the date on which it is estimated that such moneys will be required for the purposes specified in the Fiscal Agent Agreement; provided, however, if such Permitted Investments may be redeemed at par so as to be available on each Interest Payment Date, any amount in the Debt Service Reserve Fund may be invested in such redeemable Permitted Investments maturing on any date on or prior to the final maturity date of the Bonds. Absent

timely written direction from the City, the Fiscal Agent shall invest any funds in Permitted Investments described in clause (7) of the definition thereof.

Subject to the provisions of the Fiscal Agent Agreement, all interest, profits and other income received from the investment of moneys in any fund or account established pursuant to the Fiscal Agent Agreement shall, thereafter, be deposited by the Finance Director or the Fiscal Agent, as the case may be, in the Prepayment Account; provided, however, that all interest or gain from the investment of amounts in the Debt Service Reserve Fund shall be retained therein except as provided in the Fiscal Agent Agreement and, provided further, that before any such deposit shall be made, such interest, profits and other income shall be available for the payment of any rebate that may be owed under the Code.

The Fiscal Agent may act as principal or agent in the making or disposing of any investment and shall have a fiduciary responsibility with respect to any and all investments. The Fiscal Agent shall sell or present for redemption any Permitted Investments so purchased whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the fund to which such Permitted Investments is credited, and the Fiscal Agent shall not be liable or responsible for any loss resulting from any investment made or sold pursuant to the Fiscal Agent Agreement. For purposes of investment, the Fiscal Agent may commingle moneys in any of the funds and accounts established under the Fiscal Agent Agreement.

Punctual Payment.

The City shall punctually pay or cause to be paid the principal, premium (if any) and interest to become due in respect of all the Bonds, in strict conformity with the terms of the Bonds and of the Fiscal Agent Agreement, according to the true intent and meaning thereof, but only out of Reassessments and other assets pledged for such payment as provided in the Fiscal Agent Agreement and received by the City or the Fiscal Agent.

Extension of Payment of Bonds.

The City shall not directly or indirectly extend or assent to the extension of the maturity of any of the Bonds or the time of payment of any claims for interest by the purchasers of such Bonds or by any other arrangement, and in case the maturity of any of the Bonds or the time of payment of any such claims for interest shall be extended, such Bonds or claims for interest shall not be entitled, in case of any default under the Fiscal Agent Agreement, to the benefits of the Fiscal Agent Agreement, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest thereon which shall not have been so extended. Nothing in the Fiscal Agent Agreement shall be deemed to limit the right of the City to issue bonds for the purpose of refunding any Outstanding Bonds, and such issuance shall not be deemed to constitute an extension of maturity of the Bonds.

Against Encumbrances.

The City shall not create, or permit the creation of, any pledge, lien, charge or other encumbrance upon the Reassessments, including penalties and interest thereon, and other assets pledged or assigned under the Fiscal Agent Agreement while any of the Bonds are Outstanding; provided that the City may create a lien or other encumbrance upon any Reassessment for which the City has advanced funds to cure a deficiency in the Redemption Account or the Bond Fund pursuant to the Fiscal Agent Agreement.

Power to Issue Bonds and Make Pledge and Assignment.

The City is duly authorized pursuant to the Refunding Act and the Improvement Bond Act of 1915 to issue the Bonds and to enter into the Fiscal Agent Agreement and to pledge and assign the Reassessments and other assets purported to be pledged and assigned, respectively, under the Fiscal Agent Agreement in the manner and to the extent provided in the Fiscal Agent Agreement. The Bonds and the provisions of the Fiscal Agent Agreement are and will be the legal, valid and binding obligations of the City in accordance with their terms, and the City and the Fiscal Agent shall at all times, to the extent permitted by law, defend, preserve and protect said pledge and assignment of Reassessments and other assets and all the rights of the Bond Owners under the Fiscal Agent Agreement against all claims and demands of all Persons whomsoever.

Accounting Records and Financial Statements.

The Fiscal Agent shall at all times keep, or cause to be kept, proper books of record and account, prepared in accordance with corporate trust industry standards, in which complete and accurate entries shall be made of all transactions relating to the proceeds of the Bonds, the Reassessments and all funds and accounts established pursuant to the Fiscal Agent Agreement. Such books of record and account shall be available for inspection by the City during regular business hours and upon 24-hours notice and under reasonable circumstances as agreed to by the Fiscal Agent.

Waiver of Laws.

The City shall not at any time insist upon or plead in any manner whatsoever, or claim or take the benefit or advantage of, any stay or extension law now or at any time hereafter in force that may affect the covenants and agreements contained in the Fiscal Agent Agreement or in the Bonds, and all benefit or advantage of any such law or laws is expressly waived by the City to the extent permitted by law.

Tax Covenants.

The City will not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest on the Series 2015A Bonds pursuant to Section 103 of the Code, and specifically the City will not directly or indirectly use or make any use of the proceeds of the Bonds or any other funds of the City or take or omit to take any action that would cause the Series 2015A Bonds to be “arbitrage bonds” subject to federal income taxation by reason of Section 148 of the Code or “private activity bonds” subject to federal income taxation by reason of Section 141(a) of the Code or obligations subject to federal income taxation because they are “federally guaranteed” as provided in Section 149(b) of the Code. To that end, and in accordance with the Tax Certificate, the City, with respect to the proceeds of the Bonds and such other funds, will comply with all requirements of such sections of the Code and all regulations of the United States Department of the Treasury issued thereunder to the extent that such regulations are, at the time, applicable and in effect; provided, that if the City shall obtain an opinion of nationally recognized bond counsel to the effect that any action required under the Fiscal Agent Agreement is no longer required, or to the effect that some further action is required, to maintain the exclusion from gross income of the interest on the Series 2015A Bonds pursuant to Section 103 of the Code, the City may rely conclusively on such opinion in complying with the provisions of the Fiscal Agent Agreement. In the event that at any time the City is of the opinion that it is necessary to restrict or limit the yield on the investment of any money held by the Fiscal Agent under the Fiscal Agent Agreement, the City shall so instruct the Fiscal Agent, as the case may be, in writing, and the Fiscal Agent, as the case may be, shall take such action as may be necessary in accordance with such instructions.

Without limiting the generality of the foregoing, the City will pay from time to time all amounts required to be rebated to the United States of America pursuant to Section 148(f) of the Code and all regulations of the United States Department of the Treasury issued thereunder to the extent that such regulations are, at the time, applicable and in effect, which obligation shall survive payment in full or defeasance of the Bonds, and to that end, there is established a fund to be known as the “Reassessment District No. 15-1 (Consolidated Reassessment District) Rebate Fund” (the “Rebate Fund”) to be held in trust and administered by the Fiscal Agent. The City will comply with the provisions of the Tax Certificate with respect to making deposits in the Rebate Fund, and all money held in the Rebate Fund is pledged to provide payments to the United States of America as provided in the Fiscal Agent Agreement and in the Tax Certificate and no other person shall have claim to such money except as provided in the Tax Certificate.

Further Assurances.

The City will make, execute and deliver any and all such further agreements, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Fiscal Agent Agreement and for the better assuring and confirming unto the Owners of the Bonds of the rights and benefits provided in the Fiscal Agent Agreement.

Events of Default.

The following events shall be Events of Default:

1. Failure to pay any installment of principal of any Bonds when and as the same shall become due and payable, whether at maturity as therein expressed, by proceedings for redemption or otherwise.
2. Failure to pay any installment of interest on any Bonds when and as the same shall become due and payable.
3. Failure by the City to observe and perform any of the other covenants, agreements or conditions on its part in the Fiscal Agent Agreement or contained in the Bonds, if such failure shall have continued for a period of 60 days after written notice thereof, specifying such failure and requiring the same to be remedied, shall have been given to the City by the Owners of not less than 25% in aggregate principal amount of the Bonds at the time Outstanding; provided, however, if in the reasonable opinion of the City the failure stated in the notice can be corrected, but not within such 60-day period, such failure shall not constitute an Event of Default if corrective action is instituted by the City within such 60-day period and the City shall thereafter diligently and in good faith cure such failure in a reasonable period of time.
4. The City shall commence a voluntary case under Title 11 of the United States Code or any substitute or successor statute.

Remedies of Bond Owners.

Any Bond Owner shall have the right, for the equal benefit and protection of all Bond Owners similarly situated:

1. by mandamus, suit, action or proceeding, to compel the City and its officers, agents or employees to perform each and every term, provision and covenant contained in the Fiscal Agent Agreement and in the Bonds, and to require the carrying out of any or all such covenants and agreements of the City and the fulfillment of all duties imposed upon it by the Refunding Act;

2. by suit, action or proceeding in equity, to enjoin any acts or things which are unlawful, or the violation of any of the Bond Owners' rights; or
3. upon the happening of any Event of Default, by suit, action or proceeding in any court of competent jurisdiction, to require the City and its officers and employees to account as if it and they were the trustees of an express trust.

Application of Reassessments and Other Funds After Default.

If an Event of Default shall occur and be continuing, all Reassessments, including any penalties, costs, fees and other charges accruing under the Improvement Bond Act of 1915, and any other funds then held or thereafter received by the Fiscal Agent or the Finance Director under any of the provisions of the Fiscal Agent Agreement shall be applied as follows and in the following order:

1. To the payment of any expenses necessary in the opinion of the Fiscal Agent to protect the interests of the Owners of the Bonds and payment of reasonable fees, charges and expenses of the Fiscal Agent (including reasonable fees and disbursements of its counsel) incurred in and about the performance of its powers and duties under the Fiscal Agent Agreement;
2. To the payment of the principal of and interest then due with respect to the Bonds (upon presentation of the Bonds to be paid, and stamping thereon of the payment if only partially paid, or surrender thereof if fully paid) subject to the provisions of the Fiscal Agent Agreement, as follows:

First: To the payment of all installments of interest then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment or installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon, to the Persons entitled thereto, without any discrimination or preference; and

Second: To the payment of the unpaid principal of any Bonds which shall have become due, whether at maturity or by call for redemption, with interest on the overdue principal at the rate borne by the respective Bonds on the date of maturity or redemption, and, if the amount available shall not be sufficient to pay in full all the Bonds, together with such interest, then to the payment thereof ratably, according to the amounts of principal due on such date to the Persons entitled thereto, without any discrimination or preference.

Any remaining funds shall be transferred by the Fiscal Agent to the Bond Fund.

Absolute Obligation of City.

Nothing in any provision of the Fiscal Agent Agreement or contained in the Bonds shall affect or impair the obligation of the City, which is absolute and unconditional, to pay the principal of and interest on the Bonds to the respective Owners of the Bonds at their respective dates of maturity, or upon call for redemption, as provided in the Fiscal Agent Agreement, but only out of the Reassessments and other assets pledged in the Fiscal Agent Agreement therefor and received by the City or the Fiscal Agent, or affect or impair the right of such Owners, which is also absolute and unconditional, to enforce such payment by virtue of the contract embodied in the Bonds.

Termination of Proceedings.

In case any proceedings taken by any one or more Bond Owners on account of any Event of Default shall have been discontinued or abandoned for any reason or shall have been determined

adversely to the Bond Owners, then in every such case the City and the Bond Owners, subject to any determination in such proceedings, shall be restored to their former positions and rights under the Fiscal Agent Agreement, severally and respectively, and all rights, remedies, powers and duties of the City and the Bond Owners shall continue as though no such proceedings had been taken.

Remedies Not Exclusive.

No remedy conferred upon or reserved to the Owners of the Bonds is intended to be exclusive of any other remedy or remedies, and each and every such remedy, to the extent permitted by law, shall be cumulative and in addition to any other remedy given under the Fiscal Agent Agreement or now or hereafter existing at law or in equity or otherwise.

No Waiver of Default.

No delay or omission of any Owner of the Bonds to exercise any right or power arising upon the occurrence of any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by the Fiscal Agent Agreement to the Owners of the Bonds may be exercised from time to time and as often as may be deemed expedient.

Fiscal Agent.

Duties of Fiscal Agent Generally. The Fiscal Agent shall perform the duties and only such duties as are expressly set forth in the Agreement.

Removal of Fiscal Agent. The City may upon thirty (30) days prior written notice remove the Fiscal Agent at any time unless an Event of Default shall have occurred and then be continuing, and shall remove the Fiscal Agent if at any time requested to do so by an instrument or concurrent instruments in writing signed by the Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding (or their attorneys duly authorized in writing) or if at any time the Fiscal Agent shall cease to be eligible in accordance with the Fiscal Agent Agreement, or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or a receiver of the Fiscal Agent or its property shall be appointed, or any public officer shall take control or charge of the Fiscal Agent or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, in each case by giving written notice of such removal to the Fiscal Agent and thereupon shall appoint a successor Fiscal Agent by an instrument in writing.

Resignation of Fiscal Agent. The Fiscal Agent may at any time resign by giving sixty (60) days written notice of such resignation by first class mail, postage prepaid, to the City and the Bond Owners notice of such resignation at the respective addresses shown on the Registration Books. Upon receiving such notice of resignation, the City shall appoint a successor Fiscal Agent by an instrument in writing. The Fiscal Agent shall not be relieved of its duties until such successor Fiscal Agent has accepted appointment.

Appointment of Successor Fiscal Agent. Any removal or resignation of the Fiscal Agent and appointment of a successor Fiscal Agent shall become effective upon acceptance of appointment by the successor Fiscal Agent; provided, however, that under any circumstances the successor Fiscal Agent shall be qualified as provided in the Fiscal Agent Agreement. If no qualified successor Fiscal Agent shall have been appointed and have accepted appointment within sixty (60) days following giving notice of removal or notice of resignation as aforesaid, the resigning Fiscal Agent or any Bond Owner (on behalf of himself and all other Bond Owners) may petition any court of competent jurisdiction for the appointment of a

successor Fiscal Agent, and such court may thereupon, after such notice (if any) as it may deem proper, appoint such successor Fiscal Agent. Any successor Fiscal Agent appointed under the Fiscal Agent Agreement shall signify its acceptance of such appointment by executing and delivering to the City and to its predecessor Fiscal Agent a written acceptance thereof, and to the predecessor Fiscal Agent an instrument indemnifying the predecessor Fiscal Agent for any costs or claims arising during the time the successor Fiscal Agent serves as Fiscal Agent under the Fiscal Agent Agreement, and after payment by the City of all unpaid fees and expenses of the predecessor Fiscal Agent, the successor Fiscal Agent, without any further act, deed or conveyance, shall become vested with all the moneys, estates, properties, rights, powers, trusts, duties and obligations of such predecessor Fiscal Agent, with like effect as if originally Fiscal Agent named in the Fiscal Agent Agreement; but, nevertheless at the Written Request of the City or the request of the successor Fiscal Agent, such predecessor Fiscal Agent shall execute and deliver any and all instruments of conveyance or further assurance and do such other things as may reasonably be required for more fully and certainly vesting in and confirming to such successor Fiscal Agent all the right, title and interest of such predecessor Fiscal Agent in and to any property held by it under the Fiscal Agent Agreement and shall pay over, transfer, assign and deliver to the successor Fiscal Agent any money or other property subject to the trusts and conditions set forth in the Fiscal Agent Agreement.

Any successor Fiscal Agent must be a trust company or bank in good standing located in or incorporated under the laws of the State of California, duly authorized to exercise trust powers and subject to examination by federal or state authority, having a reported capital and surplus of not less than \$50,000,000.

Merger or Consolidation. Any bank or trust company into which the Fiscal Agent may be merged or converted or with which it may be consolidated or any bank or trust company resulting from any merger, conversion or consolidation to which it shall be a party or any bank or trust company to which the Fiscal Agent may sell or transfer all or substantially all of its corporate trust business, provided such bank or trust company shall be eligible under the Fiscal Agent Agreement shall be the successor to such Fiscal Agent, without the execution or filing of any paper or any further act, anything in the Fiscal Agent Agreement to the contrary notwithstanding.

Liability of Fiscal Agent. The Fiscal Agent shall be responsible for its representations contained in its certificate of authentication on the Bonds. The Fiscal Agent makes no representations as to the validity or sufficiency of any Bonds, or in respect of the security pledged to the Bonds and the Fiscal Agent shall incur no responsibility in respect thereof.

The Fiscal Agent shall be under no responsibility or duty with respect to: (i) the issuance of the Bonds for value; or (ii) the application of the proceeds thereof except to the extent that such proceeds are received by it in its capacity as Fiscal Agent. The Fiscal Agent shall not be liable in connection with the performance of its duties under the Fiscal Agent Agreement, except for its own negligence or willful misconduct. The Fiscal Agent may become the Owner of Bonds with the same rights it would have if it were not Fiscal Agent, and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bond Owners, whether or not such committee shall represent the Owners of a majority in aggregate principal amount of the Bonds then Outstanding.

The Fiscal Agent shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Owners of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Fiscal Agent, or exercising any trust or power conferred upon the Fiscal Agent under the Fiscal Agent Agreement.

Preservation and Inspection of Documents. All documents received by the Fiscal Agent under the provisions of the Fiscal Agent Agreement shall be retained in its possession and shall be subject during business hours and upon 24 hours notice to the inspection of the City, the Owners and their agents and representatives duly authorized in writing.

Amendments Permitted.

The Fiscal Agent Agreement and the rights and obligations of the City, the Owners of the Bonds and the Fiscal Agent may be modified or amended from time to time and at any time by a Supplemental Agreement, which the City and the Fiscal Agent may enter into with the written consent of the Owners of a majority in aggregate principal amount of all Bonds then Outstanding, which shall have been filed with the Fiscal Agent. No such modification or amendment shall (i) extend the fixed maturity of any Bonds, or reduce the amount of principal thereof, or extend the time of payment, without the consent of the Owner of each Bond so affected, or (ii) reduce the aforesaid percentage of Bonds the consent of the Owners of which is required to effect any such modification or amendment, or (iii) permit the creation of any lien on the Reassessments and other assets pledged under the Fiscal Agent Agreement prior to or on a parity with the lien created by the Fiscal Agent Agreement or deprive the Owners of the Bonds of the lien created by the Fiscal Agent Agreement on such Reassessments and other assets (except as expressly provided in the Fiscal Agent Agreement), without the consent of the Owners of all of the Bonds then Outstanding. It shall not be necessary for the consent of the Bond Owners to approve the particular form of any Supplemental Agreement, but it shall be sufficient if such consent shall approve the substance thereof. Promptly after the execution by the City and the Fiscal Agent of any Supplemental Agreement pursuant to this subsection (a), the Fiscal Agent shall mail a notice (the form of which shall be furnished to the Fiscal Agent by the City), by first class mail postage prepaid, setting forth in general terms the substance of such Supplemental Agreement, to the Owners of the Bonds at the respective addresses shown on the Registration Books. Any failure to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such Supplemental Agreement.

The Fiscal Agent Agreement and the rights and obligations of the City, of the Fiscal Agent and the Owners of the Bonds may also be modified or amended from time to time and at any time by a Supplemental Agreement, which the City and the Fiscal Agent may enter into without the consent of any Bond Owners for any one or more of the following purposes:

- (1) to add other covenants and agreements to the covenants and agreements of the City contained in the Fiscal Agent Agreement thereafter to be observed, to pledge or assign additional security for the Bonds (or any portion thereof), or to surrender any right or power in the Fiscal Agent Agreement reserved to or conferred upon the City;
- (2) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision contained in the Fiscal Agent Agreement;
- (3) to modify, amend or supplement the Fiscal Agent Agreement in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute;
- (4) to modify, amend or supplement the Fiscal Agent Agreement in such manner as to cause interest on the Bonds to be excludable from gross income for purposes of federal income taxation by the United States of America; and

- (5) in any other respect whatsoever as the City may deem necessary or desirable, provided that such modification or amendment does not materially adversely affect the interests of the Bond Owners under the Fiscal Agent Agreement, in the opinion of Bond Counsel filed with the City and the Fiscal Agent.
- (6) to make any change or modification to the Fiscal Agent Agreement.

Effect of Supplemental Agreement.

Upon the execution of any Supplemental Agreement pursuant to the Fiscal Agent Agreement shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under the Fiscal Agent Agreement of the City, the Fiscal Agent and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced under the Fiscal Agent Agreement subject in all respects to such modification and amendment, and all the terms and conditions of any such Supplemental Agreement shall be deemed to be part of the terms and conditions of the Fiscal Agent Agreement for any and all purposes.

Endorsement of Bonds: Preparation of New Bonds.

Bonds delivered after the execution of any Supplemental Agreement pursuant to the Fiscal Agent Agreement may, and if the City so determines shall, bear a notation by endorsement or otherwise in form approved by the City and the Fiscal Agent as to any modification or amendment provided for in such Supplemental Agreement, and, in that case, upon demand of the Owner of any Bonds Outstanding at the time of such execution and presentation of his Bonds for the purpose at the Office of the Fiscal Agent a suitable notation shall be made on such Bonds. If the Supplemental Agreement shall so provide, new Bonds so modified as to conform, in the opinion of the City and the Fiscal Agent, to any modification or amendment contained in such Supplemental Agreement, shall be prepared and executed by the City and authenticated by the Fiscal Agent, and upon demand of the Owners of any Bonds then Outstanding shall be exchanged at the Office of the Fiscal Agent, without cost to any Bond Owner, for Bonds then Outstanding, upon surrender for cancellation of such Bonds, in equal aggregate principal amount of the same interest rate and maturity.

Discharge of Agreement.

The Bonds may be paid by the City in any of the following ways, provided that the City also pays or causes to be paid any other sums payable under the Fiscal Agent Agreement by the City:

- (a) by paying or causing to be paid the principal of and interest and premium (if any) on the Bonds, as and when the same become due and payable;
- (b) by depositing with the Fiscal Agent or an escrow agent qualified to serve as fiscal agent under the Agreement, in trust (pursuant to an escrow agreement), at or before maturity, money or securities in the necessary amount to pay or redeem all Bonds then Outstanding; or
- (c) by delivering to the Fiscal Agent, for cancellation by it, all of the Bonds then Outstanding.

If the City shall also pay or cause to be paid all other sums payable under the Fiscal Agent Agreement by the City including without limitation any compensation due and owing the Fiscal Agent under the Fiscal Agent Agreement, then and in that case, at the election of the City (evidenced by a Written Certificate of the City, filed with the Fiscal Agent, signifying the intention of the City to discharge all such indebtedness and the Fiscal Agent Agreement), and notwithstanding that any Bonds

shall not have been surrendered for payment, the Fiscal Agent Agreement and the pledge of Reassessments and other assets made under the Fiscal Agent Agreement and all covenants, agreements and other obligations of the City under the Fiscal Agent Agreement shall cease, terminate, become void and be completely discharged and satisfied. In such event, upon the Written Request of the City, and upon receipt of a Written Certificate of an Authorized Representative of the City and an opinion of Bond Counsel acceptable to the Fiscal Agent, each to the effect that all conditions precedent provided in the Fiscal Agent Agreement relating to the discharge and satisfaction of the obligations of the City have been satisfied, the Fiscal Agent shall cause an accounting for such period or periods as may be requested by the City to be prepared and filed with the City and shall execute and deliver to the City all such instruments as may be necessary or desirable to evidence such discharge and satisfaction, and the Fiscal Agent shall pay over, transfer, assign or deliver all moneys or securities or other property held by it pursuant to the Fiscal Agent Agreement, which are not required for the payment or redemption of Bonds not theretofore surrendered for such payment or redemption, to the City.

Discharge of Liability on Bonds.

Upon the deposit with the Fiscal Agent, in trust, at or before maturity, of money or securities in the amount necessary to pay or redeem any or all Outstanding Bonds (whether upon or prior to the maturity or the redemption date of such Bonds), provided that, if such Bonds are to be redeemed prior to maturity, notice of such redemption shall have been given as provided in Article IV or provision satisfactory to the Fiscal Agent shall have been made for the giving of such notice, then all liability of the City in respect of such Bonds shall cease, terminate and be completely discharged, and the Owners thereof shall thereafter be entitled only to payment out of such money or securities deposited with the Fiscal Agent as aforesaid for their payment, subject, however, to the provisions of the Fiscal Agent Agreement.

The City may at any time surrender to the Fiscal Agent for cancellation by it any Bonds previously issued and delivered, which the City may have acquired in any manner whatsoever, and such Bonds, upon such surrender and cancellation, shall be deemed to be paid and retired.

Deposit of Money or Securities with Fiscal Agent.

Whenever it is provided or permitted in the Fiscal Agent Agreement that there be deposited with or held in trust by the Fiscal Agent (or an escrow agent otherwise qualified to act as Fiscal Agent under the Agreement) money or securities in the necessary amount to pay or redeem any Bonds, the money or securities so to be deposited or held may include money or securities held by the Fiscal Agent in the funds and accounts established pursuant to the Fiscal Agent Agreement or moneys or securities held by an escrow agent who would otherwise be qualified to act as Fiscal Agent under the Agreement and shall be--

- (a) Lawful money of the United States of America, in an amount equal to the principal amount of such Bonds and all unpaid interest thereon to maturity, except that, in the case of Bonds which are to be redeemed prior to maturity and in respect of which notice of such redemption shall have been given as provided in Article IV or provision satisfactory to the Fiscal Agent shall have been made for the giving of such notice, the amount to be deposited or held shall be the principal amount of such Bonds, premium (if any) and all unpaid interest thereon to the redemption date; or
- (b) Non-callable Federal Securities described in clause (a) of the definition thereof, the principal of and interest on which when due, in the opinion or report of an independent accountant selected by the City, will provide money sufficient to pay the principal of, premium (if any) and all unpaid interest to maturity, or to the redemption date, as the case may be, on the Bonds to be paid or redeemed, as such principal and interest become due, provided that in the case of Bonds which

are to be redeemed prior to the maturity thereof, notice of such redemption shall have been given as provided in Article IV or provision satisfactory to the Fiscal Agent shall have been made for the giving of such notice;

provided, in each case, that the Fiscal Agent or escrow agent shall have been irrevocably instructed (by the terms of the Fiscal Agent Agreement or by Written Request of the City) to apply such funds to the payment of such principal and interest with respect to such Bonds.

Payment of Bonds After Discharge of Agreement.

Notwithstanding any provisions of the Fiscal Agent Agreement, any moneys held by the Fiscal Agent in trust for the payment of the principal of, or interest on, any Bonds and remaining unclaimed for two (2) years after the principal of all of the Bonds has become due and payable (whether at maturity or upon call for redemption or by acceleration as provided in the Fiscal Agent Agreement), if such moneys were so held at such date, or two (2) years after the date of deposit of such moneys if deposited after said date when all of the Bonds became due and payable, shall be repaid to the City free from the trusts created by the Fiscal Agent Agreement upon receipt of an indemnification agreement acceptable to the City and the Fiscal Agent indemnifying the Fiscal Agent with respect to claims of Owners of Bonds which have not yet been paid, and all liability of the Fiscal Agent with respect to such moneys shall thereupon cease; provided, however, that before the repayment of such moneys to the City as aforesaid, the Fiscal Agent may (at the cost of the City) first mail, by first class mail postage prepaid, to the Owners of Bonds which have not yet been paid, at the respective addresses shown on the Registration Books, a notice, in such form as may be deemed appropriate by the Fiscal Agent with respect to the Bonds so payable and not presented and with respect to the provisions relating to the repayment to the City of the moneys held for the payment thereof.

Successor Is Deemed Included in All References to Predecessor.

Whenever the City or the Fiscal Agent is named or referred to in the Fiscal Agent Agreement, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements contained in the Fiscal Agent Agreement by or on behalf of the City or the Fiscal Agent shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

Limitation of Rights to Parties and Bond Owners.

Nothing expressed or implied in the Fiscal Agent Agreement or in the Bonds is intended or shall be construed to give to any Person other than the Fiscal Agent, the City and the Owners of the Bonds, any legal or equitable right, remedy or claim under or in respect of the Fiscal Agent Agreement or any covenant, condition or provision contained therein; and all such covenants, conditions and provisions are and shall be held to be for the sole and exclusive benefit of the Fiscal Agent, the City and the Owners of the Bonds.

Waiver of Notice: Requirement of Mailed Notice.

Whenever the giving of notice by mail or otherwise is required in the Fiscal Agent Agreement, the giving of such notice may be waived in writing by the Person entitled to receive such notice and in any such case the giving or receipt of such notice shall not be a condition precedent to the validity of any action taken in reliance upon such waiver. Whenever in the Fiscal Agent Agreement any notice shall be required to be given by mail, such requirement shall be satisfied by the deposit of such notice in the United States mail, postage prepaid, by first class mail.

Destruction of Bonds.

Whenever provision is made in the Fiscal Agent Agreement for the cancellation by the Fiscal Agent and the delivery to the City of any Bonds, the Fiscal Agent may, upon the Written Request of the City, in lieu of such cancellation and delivery, destroy such Bonds (in the presence of an officer of the City, if the City shall so require) as may be allowed by law, and deliver a certificate of such destruction to the City.

Severability of Invalid Provisions.

If any one or more of the provisions contained in the Fiscal Agent Agreement or in the Bonds shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in the Fiscal Agent Agreement and such invalidity, illegality or unenforceability shall not affect any other provision of the Fiscal Agent Agreement, and the Fiscal Agent Agreement shall be construed as if such invalid or illegal or unenforceable provision had never been contained in the Fiscal Agent Agreement. The City declares that it would have entered into the Fiscal Agent Agreement and each and every other Section, paragraph, sentence, clause or phrase thereof and authorized the issuance of the Bonds pursuant thereto irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses or phrases of the Fiscal Agent Agreement may be held illegal, invalid or unenforceable.

Evidence of Rights of Bond Owners.

Any request, consent or other instrument required or permitted by the Fiscal Agent Agreement to be signed and executed by Bond Owners may be in any number of concurrent instruments of substantially similar tenor and shall be signed or executed by such Bond Owners in Person or by an agent or agents duly appointed in writing. Proof of the execution of any such request, consent or other instrument or of a writing appointing any such agent, or of the holding by any Person of Bonds transferable by delivery, shall be sufficient for any purpose of the Fiscal Agent Agreement and shall be conclusive in favor of the Fiscal Agent and the City if made in the manner provided in the Fiscal Agent Agreement.

The fact and date of the execution by any Person of any such request, consent or other instrument or writing may be proved by the certificate of any notary public or other officer of any jurisdiction, authorized by the laws thereof to take acknowledgments of deeds, certifying that the Person signing such request, consent or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution duly sworn to before such notary public or other officer.

The ownership of Bonds shall be proved by the Registration Books.

Any request, consent, or other instrument or writing of the Owner of any Bond shall bind every future Owner of the same Bond and the Owner of every Bond issued in exchange therefor or in lieu thereof, in respect of anything done or suffered to be done by the Fiscal Agent or the City in accordance therewith or reliance thereon.

Disqualified Bonds.

In determining whether the Owners of the requisite aggregate principal amount of Bonds have concurred in any demand, request, direction, consent or waiver under the Fiscal Agent Agreement, Bonds which are known by the Fiscal Agent to be owned or held by or for the account of the City, or by any Person (other than the City or the Fiscal Agent) directly or indirectly controlling or controlled by, or under direct or indirect common control with, the City, shall be disregarded and deemed not to be

Outstanding for the purpose of any such determination. Bonds so owned which have been pledged in good faith may be regarded as Outstanding if the pledgee shall establish to the satisfaction of the Fiscal Agent the pledgee's right to vote such Bonds and that the pledgee is not a Person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the City. In case of a dispute as to such right, any decision by the Fiscal Agent taken upon the advice of counsel shall be full protection to the Fiscal Agent.

Money Held for Particular Bonds.

The money held by the Fiscal Agent for the payment of the interest, principal or premium due on any date with respect to particular Bonds (or portions of Bonds in the case of Bonds redeemed in part only) shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Owners of the Bonds entitled thereto, and any interest thereon shall be remitted to the City.

Funds and Accounts.

Any fund or account required by the Fiscal Agent Agreement to be established and maintained by the Fiscal Agent may be established and maintained in the accounting records of the Fiscal Agent, either as a fund or an account, and may, for the purposes of such records, any audits thereof and any reports or statements with respect thereto, be treated either as a fund or as an account; but all such records with respect to all such funds and accounts shall at all times be maintained in accordance with corporate trust industry standards to the extent practicable, and with due regard for the requirements of the Fiscal Agent Agreement and for the protection of the security of the Bonds and the rights of every Owner thereof.

Conflict with Refunding Act or Improvement Bond Act of 1915.

In the event of any conflict between any provision of the Fiscal Agent Agreement and any provision of the Refunding Act or the Improvement Bond Act of 1915, the provision of the Refunding Act or the Improvement Bond Act of 1915, respectively, shall prevail over the provision of the Fiscal Agent Agreement.

Conclusive Evidence of Regularity.

Bonds issued pursuant to the Fiscal Agent Agreement shall constitute evidence of the regularity of all proceedings under the Refunding Act relative to their issuance and the levy of the Reassessments.

Governing Laws.

The Fiscal Agent Agreement shall be governed by and construed in accordance with the laws of the State of California.

APPENDIX B

CITY OF BAKERSFIELD ECONOMIC, FINANCIAL, AND DEMOGRAPHIC INFORMATION

General

The City of Bakersfield (the “City”) is located in Kern County, California (the “County”), at the southern end of the San Joaquin Valley, approximately 110 miles north of Los Angeles and 290 miles south of San Francisco. The City includes over 120 square miles of land and an additional 183 square miles of land area is located within the City’s sphere of influence.

The City is a regional center for industry, government, transportation, retail trade, medical services, and oil field operations. Major manufacturing activities include iron and steel fabrication, plastic foam products, food products, petroleum refining, and textiles. Bakersfield is one of the leading convention centers in the state and is the commercial hub of the County. As the County seat, it is the location of many county, state, and federal offices.

The metropolitan area has expanded considerably beyond the City limits. As of January 1, 2015, the estimated population of the County was 874,264 and the estimated population of the City was 369,505, according to the California Department of Finance.

City Government

The City was incorporated on January 11, 1898, under the general laws of the State. The City is a charter city with a council/manager form of government. The City Council is comprised of seven council members, elected by ward on a staggered basis for a term of four years. The mayor is directly elected for a four-year term. The council appoints the City Attorney and the City Manager. There are approximately 1,541 approved City employee positions, including 211 general government employees, 324 public works employees, 177 firefighters, 22 civilians who work in fire protection, 403 police officers, 147 civilians who work with the police department, 107 employees who work in refuse collection, and 150 employees who work with community services.

Revenues, Expenditures, and Fund Balances

The accounting records of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. Funds are grouped into governmental funds, proprietary funds, and fiduciary funds. The governmental funds include (a) the General Fund of the City, (b) special revenue funds, which are used to account for the proceeds of specific revenue sources or to finance specified activities as required by law or administrative regulation, (c) debt service funds, which are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs, and (d) capital projects funds, which are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed primarily through user charges. The proprietary funds include (i) enterprise funds, which are used to account for operations that provide goods or services to the general public on a continuing basis and are financed primarily through user charges, and (ii) internal service funds, which are used to account for the financing of goods or services provided by one department of the City to other departments on a cost reimbursement basis.

The fiduciary funds include trust and agency funds, which are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental

units or other funds. They include the pension trust fund and agency funds. Account groups record fixed assets used in governmental type operations and long-term liabilities expected to be financed from governmental funds.

All governmental fund types and agency funds are accounted for using the modified-accrual basis of accounting. Under the modified-accrual basis, revenues are recognized when they become measurable and expenditures are recognized when materials and services are received. Taxpayer-assessed income, gross receipts, and sales taxes are considered “measurable” when in the hands of intermediary collecting governments and are therefore recognized as revenue at that time. Property taxes are recognized as revenue in the fiscal year during which they are levied, adjusted for amounts considered to be collectible more than 60 days beyond the fiscal year-end or ultimately uncollectible.

Those revenues susceptible to accrual are property taxes, franchise taxes, special assessments, licenses, interest revenue, and charges for services. Sales taxes collected and held by the State at year end on behalf of the government also are recognized as revenue. Fines and permits are not susceptible to accrual because generally they are not measurable until received in cash.

Expenditures are generally recognized under the modified-accrual basis of accounting when the related fund liability is incurred. An exception is interest on general long-term debt, which is not accrued but is expensed when due. Proceeds from issuance of long-term debt are recognized as other financing sources when received and repayments are recognized as expenditures when due.

All proprietary fund types and pension trust funds are accounted for using the accrual basis of accounting. The revenues of these funds are recognized when they are earned, and their expenses are recognized when they are incurred. Unbilled service revenues, which are not significant, are not recognized as revenues.

The City Charter requires an annual audit of the books of account, financial records, and transactions of the City by an independent certified public accountant selected by the City Council. See also “APPENDIX C – City of Bakersfield Comprehensive Annual Financial Report Fiscal Year Ended June 30, 2014.”

Budgetary Process

The fiscal year of the City begins on the first day of July of each year and ends on the 30th day of June of the following year (each, a “Fiscal Year”). At such date as the City Manager determines, each department head must furnish to the City Manager an estimate of revenues and expenditures for such department for the ensuing Fiscal Year, detailed in such manner as may be prescribed by the City Manager. In preparing the proposed budget, the City Manager reviews the estimates, holds conferences thereon with the respective department heads, and revises the estimates as he deems advisable.

At least 30 days prior to the beginning of each Fiscal Year, the City Manager submits to the City Council the proposed operating budget for the Fiscal Year. The operating budget includes proposed expenditures and the means of financing them. After reviewing and making such revisions as it deems advisable, the City Council, upon recommendation by the City Manager, sets the time for the holding of a public hearing thereon, and the City Manager causes to be published a notice thereof not less than 10 days prior to the hearing date. Copies of the proposed budget are available for inspection by the public in the office of the City Clerk at least 10 days prior to the hearing.

At the conclusion of the public hearing, the City Council further considers the proposed budget and makes any revision thereof that it deems advisable. On or before June 30, the City Council adopts the

budget with revisions, if any, through the passage of a resolution. Budgets are adopted for all governmental fund types and are prepared on a basis consistent with generally accepted accounting principles.

From the effective date of the budget, the several amounts stated as proposed expenditures become appropriated to the several departments, offices and agencies for the objects and purposes named, provided that the City Manager may transfer budgeted amounts between departments within any fund and approve reductions of budgeted amounts. All appropriations lapse at the end of the Fiscal Year to the extent that they have not been expended or lawfully encumbered. Encumbered amounts are reappropriated in the following Fiscal Year budget.

At any City Council meeting after the adoption of the budget, the City Council may amend or supplement the budget by the affirmative vote of the City Council.

The City Council employs, at the beginning of each Fiscal Year, an independent certified public accountant who, at such time or times as specified by the City Council, at least annually, and at such other times as he shall determine, examines the books, records, inventories and reports of all officers and employees who receive, control, handle, or disburse public funds and of all such other officers, employees, or departments as the City Council may direct. As soon as practicable after the end of the Fiscal Year, a final audit and report is submitted by such accountant to the City Council and certain City officers and made available for public inspection, and a copy of the financial statements as of the close of the Fiscal Year is published.

Budgetary Controls

The City employs budgetary controls to ensure compliance with legal provisions applicable to the annual appropriated budget approved by the City Council. Project length financial plans are adopted for the capital projects funds. The level of budgetary control is established at the fund level. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered amounts lapse at year-end. However, encumbrances and certain capital projects are re-appropriated as part of the following year's budget.

The City's Fiscal Year 2014-15 appropriations limit established as required by State statute is \$328,495,244. For a discussion of the City's budgetary controls, see "APPENDIX C – City of Bakersfield Comprehensive Annual Financial Report Fiscal Year Ended June 30, 2014."

Investment Policy of the City

The City Council annually adopts and approves a policy with respect to the investment activities of the City and its related entities. Idle cash in all funds is pooled for investment purposes except tax-exempt bond proceeds, which are separated for arbitrage record keeping as required by federal tax law, and the Fireman's Relief and Pension Fund, which is administered separately by the City. The investment policy is intended to provide guidelines for the prudent investment of the City's temporary idle cash, and outline the policies for maximizing the efficiency of the City's cash management system. The ultimate goal is to enhance the economic status of the City while protecting the safety of its financial assets. The City's present investment policy (the "Investment Policy"), which was adopted by the City Council on December 10, 2014, is summarized below:

Introduction. The Investment Policy is intended to provide guidelines for the prudent investment of the City's temporary idle cash, and outline the policies for maximizing the efficiency of the City's cash management system. It is the policy of the City to invest public funds in a manner which will provide

safety of principal and at least a market rate of return while meeting the daily cash flow demands of the City. Investments will conform to all statutes governing the investment of public funds.

The primary goals of the Investment Policy are:

- To assure compliance with all federal, State and local laws governing the investment of public funds under the control of the City Treasurer.
- To maintain the principal value of financial assets and ensure ample liquidity to meet operating expenditures.
- Within the constraints of safety and liquidity, and within the parameters of the Investment Policy, generate a market rate of return.

The ultimate goal is to enhance the economic status of the City while protecting the safety of its financial assets.

Scope. The Investment Policy applies to the investment activities of the City and related entities. Idle cash in all funds is pooled for investment purposes except tax exempt bond proceeds, which are separated for arbitrage record keeping as required by federal tax law, and the Firemen's Disability and Retirement Fund, which is administered separately under the City of Bakersfield Municipal Code Section 2.92. Other Post-Employment Benefits (OPEB) are administered by a separate investment policy per Resolution 008-07.

Investments made on a pooled basis include moneys of the City, the Agency, and the Authority. The pooled funds are accounted for in the City's Comprehensive Annual Financial Report ("CAFR") and include:

0XX	General Funds
1XX	Special Revenue Funds
2XX	Debt Service Funds
3XX	Capital Project Funds
4XX	Enterprise Funds
5XX	Internal Service Funds
6XX	Fiduciary-Agency Funds

Any new fund created, unless specifically exempted.

All debt issue proceeds will be invested in accordance with the associated trust indenture, and in such a manner that facilitates arbitrage rebate calculations.

Prudence. Investments shall be made in the context of the "prudent person" standard:

Investments shall be made with judgment and care, under circumstance then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

The prudent investment diversification for the City's temporary idle cash vs. the Firemen's Disability and Retirement Fund ("FDRF") is different. Up to 40% of the retirement fund may be invested in securities of a single agency of the four double -A rated United States Government Agencies authorized in the Investment Policy. This exception to investment diversification among the highest

quality securities is deemed prudent and necessary in order to increase the available options for keeping retirement funds fully invested at or above the four percent actuarial rate of return.

Objective. Criteria for selecting investments and the order of priority are:

- Safety - Safety of principal is the foremost objective of the investment program. The City only operates in those investments that are considered very safe. The City shall seek to preserve principal by mitigating the two types of risk, credit risk and market risk.
- Credit Risk - Potential loss due to the failure of an issuer of a security.
- Market Risk - Potential decrease in the value of securities due to changes in the general level of interest rates.
- Liquidity - Liquidity refers to the “ability to easily sell” at any moment in time with a minimal risk of losing some portion of principal and interest. Liquidity is an important investment quality should the need for cash occur unexpectedly.
- Yield -Yield is the potential dollar earnings an investment can provide and is sometimes described as the rate of return.

Delegation of Authority. In accordance with the City’s Charter, Municipal Code, and subsequent resolutions, the City Treasurer is authorized to invest the City’s funds in accordance with California Government Code Section 53600 *et seq.* The City Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

Ethics and Conflicts of Interest. All officials involved with the City’s investment program shall exercise their fiduciary responsibly as custodians of the public trust. The City Treasurer, or when appropriate the Treasury Supervisor, shall avoid any transactions that might impair public confidence in the City’s ability to manage the investment of public funds in an effective manner. The City Treasurer, Treasury Supervisor, or any other official charged with the responsibility of making investment decisions, shall have no vested interest in any investment being made involving public funds of the City, and shall gain no financial benefit from such investment decisions.

Authorized Broker-Dealers and Banks. All financial institutions that desire to do business with the City shall be evaluated by the City Treasurer to determine if they are adequately capitalized, meet California Government Code requirements, and agree to abide by the conditions set forth in the Investment Policy. Whenever reasonable and in keeping with Government Code, investments are placed locally.

Broker-dealers are investigated to determine if there is pending legal action against the firm or the individual broker who would be the City’s contact and that the firm offers securities appropriate to the City’s needs. All broker-dealers, which may include “primary” dealers or regional dealers that qualify under Securities & Exchange Commission Rule 15c3-1 (Uniform Net Capital Rule), who desire to become authorized bidders for City investment transactions must supply the City Treasurer with the following:

- Current audited financial statements
- Account authorization forms
- Proof of National Association of Securities Dealers certification
- Completed broker/dealer questionnaire
- Certification of having read and agreement to abide by the Investment Policy

All banks that desire to become authorized bidders for time certificates of deposit (“TCD”) must be a qualified public depository as established by State law and supply the City Treasurer with the following:

- Current audited financial statements
- Depository contracts
- A copy of the latest Federal Deposit Insurance Corporation (“FDIC”) call report
- Certification of having read and agreement to abide by the Investment Policy

Broker-dealer account authorizations and depository contracts will be executed by the City’s Finance Director as required by City Charter. The City Treasurer will maintain a list of authorized broker-dealers and banks that are approved to do business with the City. An annual review of the financial condition of authorized financial institutions will be conducted by the City Treasurer.

Authorized and Suitable Investments. The City’s investment program is governed by California Government Code Sections 53600 *et seq.* Within the context of these limitations, the following investments are authorized, as further limited herein (Single Asterisk * denotes term or percentage imposed by State statute; Double Asterisk ** denotes term or percentage utilized by the City, which is more restrictive than statute):

United States Treasury Bills, Notes, and Bonds

United State Treasury Bills, Notes, and Bonds are securities which have the full faith and credit of the United States pledged for payment of principal and interest. Although there is no percentage limitation of the dollar amount that can be invested in these categories, the “prudent person” standard shall apply. Maturities are limited to five* years from settlement date.

Treasury Bills (“T-Bills”) are short-term debt obligations of the United States Government, issued weekly with maturities up to one year. T-Bills are considered to have virtually no credit risk and to be the most liquid short-term fixed income instrument. Prices on T-Bills are quoted on a discount basis. The difference between the discount price and the full face value paid at maturity equals the total return.

Treasury Note (“T-Notes”) are initially issued by the auction process with two, five and ten year maturities. T-Notes like Bills have virtually no credit risk and have liquidity through an active secondary market. T-Notes are issued at Par (\$1,000) with a coupon or fixed rate of interest. The price or market value will fluctuate above or below par depending on the coupon rate and whether interest rates are rising or falling. T-Notes mature at par.

Treasury Bonds (“T-Bonds”) are initially issued by the auction process with 30 year maturities and have characteristics similar to T-Notes.

United States Government Agencies

United States Government agencies include the Federal Farm Credit Bank System (“FFCB”), the Federal Home Loan Bank (“FHLB”), the Federal Home Loan Mortgage Corporation (“FHLMC”), and the Federal National Mortgage Association (“FNMA”). Government agencies issue debt in the form of discount notes, much like T-Bills, and notes and bonds similar to T-Notes and T-Bonds. While agency debt is not a direct obligation of the U.S. government, it is rated AA. At the time of purchase no more than 20%** of the portfolio may be invested in any single agency name. Maturities are limited to five* years from settlement date.

Bankers Acceptance

Bankers Acceptance (“BA”) is a time draft or bill of exchange, issued from a letter of credit, and is normally used to finance international trade. When the accepting bank stamps “accepted” on the draft the bank guarantees payment of the draft at a specified future date and thereby creates an acceptance. BA’s are considered extremely safe in that there has never been a default on a BA. BA’s trade on a discount basis and may not exceed 180* days to maturity. No more than 10%** of the portfolio may be invested in BA’s issued by any one bank. No more than 40%* of the portfolio may be invested in this-category. Eligible BA’s are those issued by banks with a short term rating of the highest letter and number rating provided for by a nationally recognized statistical-rating organization.

Commercial Paper

Commercial Paper (“CP”) is a short-term promissory note. CP is sold on a discount basis. The maximum maturity is 270 days with most issued in the 30-50 day maturity range. Eligible CP is “prime” quality of the highest letter and number rating provided for by a nationally recognized statistical-rating organization. CP is issued by domestic corporations having assets in excess of \$500 million and having an A or higher rating on its debt, other than CP, as provided by Standard & Poor’s Ratings Services (“S&P”) or Moody’s Investors Service, Inc. Purchases of eligible CP may not exceed 270* days to maturity. No more than 10%* of the portfolio may be invested in CP issued by any one corporation. No more than 25%* of the portfolio may be invested in this category.

Repurchase Agreements

Repurchase Agreements, commonly called “Repos,” consist of two simultaneous transactions. One is the purchase of securities by an investor (City) from a bank or dealer. The other is the commitment by the bank or dealer to repurchase the securities at the same price plus interest at some mutually agreed future date. Normally the securities are U.S. Treasury notes or bonds and are held by a Federal Reserve Bank. Repos can be done with banks or dealers with which the City has entered into a master repurchase contract that specifies terms and conditions of repurchase agreements. The maturity of Repos shall not exceed 90** days. No more than 30%** of the portfolio may be invested in this category.

Local Agency Investment Fund

Local Agency Investment Fund (“LAIF”) is a State-managed investment pool for local agencies within the State. Investments may be up to the maximum permitted by State law or 40%** of the portfolio, whichever is less. Due diligence will be exercised in monitoring the performance of LAIF on a continual basis.

Time Certificates of Deposit

Time Certificates of Deposit ("TCD's") are similar to a savings certificate that anyone can purchase at a bank where there is a fixed rate of interest and a specified maturity date. In the public funds area, TCD's are collateralized in accordance with California Government Code and are non-negotiable. At the time of purchase no more than 10%** of the portfolio may be in TCD's of any one institution. Maturity is limited to five* years. No more than 40%** of the portfolio may be invested in this category. Section 53652 of the California Government Code also specifies that the City will have a deposit contract with each depository.

Public Agency Savings Account - Demand Deposits

Public Agency Savings Account - Demand Deposits are similar to a savings account that anyone can open at a bank. The interest rate is specified at the time of deposit, but is subject to change. All funds can be withdrawn on demand. Like public TCD's, public agency savings accounts are collateralized in accordance with California Government Code requirements. No more than 30%** of the portfolio may be invested in this category.

Mutual Funds

Mutual Funds are money market funds meeting criteria prescribed in California Government Code Section 53601 and related legislation. Investment in this category is limited to funds that invest in United States Government Securities and maintain a net asset value of one (daily liquidity). The purchase price of shares shall not include any commission that these companies may charge. No more than 10%* of the portfolio may be invested in the shares of any one mutual fund. No more than 20%* of the portfolio may be invested in this category. Mutual funds are used for the investment of bond proceeds subject to arbitrage reporting. Due diligence will be exercised in the selection and performance monitoring of mutual funds on a continual basis.

City of Bakersfield Summary of Maximum Percent and Term Limitations By Investment Type:

	Percent	Term
U.S. Treasury Bills, Notes and Bonds	0 to 100%	5 Years
U.S. Government Agency Obligations	20% per agency	5 Years
Bankers Acceptances ⁽¹⁾	40% ⁽²⁾	180 Days
Commercial Paper ⁽³⁾	25% ⁽²⁾	270 Days
Repurchase Agreements	30%	90 Days
Local Agency Investment Fund	40%	N/A
Time Certificates of Deposit	40% ⁽²⁾	5 Years
Public Agency Demand Accounts	30%	N/A
Mutual Funds	20% ⁽²⁾	N/A

(1) Short-term debt rating of the highest letter and number rating provided for by a nationally recognized statistical-rating organization.

(2) No more than 10% of the portfolio may be invested in any one entity from these categories.

(3) Highest letter and number rating provided for by a nationally recognized statistical-rating organization.

Should any investment percentage and portfolio limitation be exceeded due to the unexpected fluctuation in portfolio size, the affected securities may be held to avoid losses. When market values are such that no loss is indicated, the City Treasurer shall consider restructuring the portfolio basing the decision in part on the expected length of time the portfolio will be imbalanced.

Any State legislative action that further restricts allowable maturities, investment type, or percentage allocations, will be incorporated into the Investment Policy and supersede any and all previous applicable language.

Unauthorized Investments. Ineligible investments are those that are not described in the Investment Policy, including but not limited to, negotiable time certificates of deposit, non-government agency medium term corporate notes, and reverse repurchase agreements.

Collateralization. Collateralization will be required on two types of investments, time certificates of deposit and repurchase agreements. Investment in time certificates of deposit shall be insured up to \$250,000 by the FDIC. Investments in time certificates of deposit in excess of \$250,000 shall be properly collateralized. When a depository pledges government securities as collateral, section 53652 of the California Government Code requires the securities to have a market value of at least 10% in excess of the City's deposit or 50% in excess of the City's deposit when mortgages are pledged as collateral. Repo collateralization will be at least 102% of market value of principal and accrued interest.

Safekeeping and Custody. All security transactions entered into by the City shall be conducted on a delivery-versus-payment ("DVP") basis. Securities shall be delivered to the City by book entry, physical delivery or by third party custodial agreement.

Diversification. To reduce credit and market risk in the overall portfolio, the City will diversify its investments by security type, maturity date and issuer. With the exception of U.S. Treasury securities, diversification is also achieved by the portfolio percentages and maturity limitations indicated in the "Authorized and Suitable Investments" section of the Investment Policy.

Maximum Maturities. To the extent possible, and within the five year maximum maturity required by California Government Code, the City will attempt to match investment maturities with anticipated cash flow requirements.

As required by California Government Code Section 53601, any investment term longer than five years requires express authority by the City Council to make that investment. This authority must be granted no less than three months prior to making the investment. Investments with terms longer than five years will be limited to the least of \$10 million or 10% of the portfolio at the time the investment is made.

Internal Control. Investment transactions are reviewed by the City's external auditor as part of the annual audit. This review verifies compliance with the Investment Policy and the California Government Code.

Performance Standards. The cash management system is designed to accurately monitor and forecast expenditures and revenues, thus ensuring the investment of moneys to the fullest extent possible, including the estimated float for the Active Account and the Payroll Account. The City attempts to obtain the highest interest yields possible as long as investments meet the criteria required for safety and liquidity, do not exceed a term of five years (unless otherwise authorized by the City Council) and are within portfolio percentage limitations.

The City strives to maintain the level of investment of all funds as near 100% as possible through daily and projected cash flow determinations. The basic premise underlying the Investment Policy is, and will continue to be, to ensure that the money is always safe and available when needed.

Because the investment portfolio is designed to operate on a "hold-to-maturity" premise (or passive investment style) and because of the safety, liquidity, and yield priorities, the benchmark that will

be used by the City Treasurer to determine whether market yields are being achieved shall be the yield on the U.S. Treasury Bill or Note maturing closest to the weighted average maturity of the City's overall portfolio.

Reporting. The City Treasurer shall provide the City Council monthly investment reports which provide a clear picture of the status of the current investment portfolio. The monthly investment report shall include the following:

- A listing of individual securities held at the end of the reporting period by authorized investment category
- Final maturity of all investments listed
- Coupon, discount, or earnings rate
- Par value and market value
- Transactions completed during the month
- Percentage of the portfolio represented by each investment category

Investment Policy Adoption. The Investment Policy shall be reviewed annually by City staff and adopted by resolution of the City Council.

Indemnification of Investment Officials. The standard of care to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing the overall portfolio. The City Treasurer and his designees acting in accordance with established procedures and the Investment Policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

Pension Plans

The City's Retirement Plans. The City participates in the Miscellaneous Plan of the City of Bakersfield (the "Miscellaneous Plan"), the Safety Fire Plan of the City of Bakersfield (the "Safety Fire Plan"), and the Safety Police Plan of the City of Bakersfield (the "Safety Police Plan"), which are included in the Public Agency portion of the California Public Employees Retirement System ("CalPERS"). The City also participates in the Fireman's Relief and Pension Fund ("FRPF"), which is administered by the City. Combined, the Miscellaneous Plan, the Safety Fire Plan, the Safety Police Plan, and the FRPF cover all permanent and certain part-time employees of the City. Prior to June 26, 1972, all City employees of the City's Fire Department were covered by FRPF. Effective June 26, 1972, all existing and new employees of the City's Fire Department became members of CalPERS.

The Miscellaneous Plan, the Safety Fire Plan, and the Safety Police Plan (the "CalPERS Plans") provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Each of the CalPERS Plans is part of the Public Agency portion of CalPERS, an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State. A menu of benefit provisions, as well as other requirements, is established by State statutes within the Public Employee's Retirement Law. The City selects optional benefit provisions for each of the CalPERS Plans from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues a separate comprehensive annual financial report. Copies of the CalPERS annual financial report may be obtained from their Executive Office at 400 P Street, Sacramento, California 95814.

The Miscellaneous Plan. Active plan members in the Miscellaneous Plan are required to contribute 8% of their annual covered salary. The City is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2014-15 is 18.012%. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by CalPERS.

For the year ended June 30, 2014, the City's annual pension cost of \$9,110,586 for CalPERS was equal to the City's required and actual contributions. The required contribution for fiscal year ended June 30, 2014 was determined as part of the June 30, 2011 actuarial valuation using the entry age normal actuarial cost method with the contributions determined as a percent of pay. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) projected annual salary increases that vary by duration of service ranging from 3.3% to 14.2%, and (c) 3% per year cost-of-living adjustments. Both (a) and (b) include an inflation component of 2.75%. The actuarial valuation of the Miscellaneous Plan's assets is based on a 15 year smoothed market methodology that dampens the effects of short-term market value fluctuations on employer contributions. The Miscellaneous Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. Based on the most recently completed actuarial valuation, the remaining amortization period at June 30, 2013 was twenty-one years.

The Safety Fire Plan. Active Safety Fire Plan members are required to contribute 9% of their annual covered salary towards payment of the annual pension cost. The City is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2014-15 is 29.004%. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by CalPERS.

For the year ended June 30, 2014, the City's annual pension cost of \$4,252,156 for CalPERS was equal to the City's required and actual contributions. The required contribution for fiscal year ended June 30, 2014 was determined as part of the June 30, 2011 actuarial valuation using the entry age normal actuarial cost method with the contributions determined as a percent of pay. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) projected annual salary increases that vary by duration of service ranging from 3.3% to 14.2%, and (c) 3% per year cost-of-living adjustments. Both (a) and (b) include an inflation component of 2.75%. The actuarial value of the Safety Fire Plan's assets is based on a 15 year smoothed market methodology that dampens the effects of short-term market value fluctuations on employer contributions. The Safety Fire Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. Based on the most recently completed actuarial valuation, the remaining amortization period at June 30, 2013, was twenty-four years.

The Safety Police Plan. Active plan members in the Safety Police Plan are required to contribute 9% of their annual covered salary. The City is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members, the actuarial methods and assumptions used are those adopted by the CalPERS Board of administration. The required employer contribution rate for fiscal year 2014-15 is 37.536%. The contribution requirements of the plan members are established and may be amended by CalPERS.

For the year ended June 30, 2014, the City's annual pension cost of \$10,789,992 for CalPERS was equal to the City's required and actual contributions. The required contribution for fiscal year ended

June 30, 2014 was determined as part of the June 30, 2011 actuarial valuation using the entry age normal actuarial cost method with the contributions determined as a percent of pay. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) projected annual salary increases that vary by duration of service ranging from 3.3% to 14.2%, and (c) 3% per year cost-of-living adjustments. Both (a) and (b) include an inflation component of 2.75%. The actuarial value of the Safety Police Plan's assets is based on a 15 year smoothed market methodology that dampens the effects of short-term market value fluctuations on employer contributions. The Safety Police Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. Based on the most recently completed actuarial valuation, the remaining amortization period at June 30, 2013, was twenty-six years.

The Fireman's Relief and Pension Fund. The FRPF, a single-employer defined benefit pension plan, is used to account for the accumulation of resources to be used for retirement, disability and death benefits as well as annual cost-of-living adjustments for Fire Department personnel who retired prior to June 26, 1972. At that time, eligible participants of the FRPF became members of CalPERS, and the FRPF was closed to new entrants. As of June 30, 2014, the most recent actuarial valuation date, there were 6 participants, retired and 100% vested. There is not a separate, audited GAAP-basis pension report available for the FRPF defined benefit pension plan.

There were no employer or employee contributions made to this plan subsequent to June 26, 1972; the only activity in this plan is the receipt of income on invested assets and the payment of vested benefits. Benefit provisions may be amended by action of the City Council. Through June 30, 1996, an actuarial valuation was performed every three years using the unit-credit method to calculate the costs of the FRPF for pension benefits. Since June 30, 1998, valuations have occurred every two years. The June 30, 2014 valuation used the unprojected unit credit method to calculate the costs for pension benefits.

Unfunded Liability and Contribution Rates. The unfunded actuarial accrued liability for valuation date June 30, 2013 (the most recent information available from CalPERS), was \$114,137,655 for the Miscellaneous Plan (221.6% of payroll), \$56,365,103 for the Safety Fire Plan (373.3% of payroll), and \$127,454,224 for the Safety Police Plan (430.5% of payroll). The total unfunded liabilities for the City (all three plans combined) have been estimated by CalPERS to be \$297,956,982 as of June 30, 2013. As part of its June 30, 2013, actuarial report, CalPERS provided the City with the following unfunded liability rates, stated as a percentage of the City's payroll, for the Fiscal Year 2015-16 budget year: 221.6% for Miscellaneous Plan employees (average remaining period of 30 years); 373.3% for Safety Fire Plan employees (average remaining period of 30 years); and 430.5% for Safety Police Plan employees (average remaining period of 30 years).

Other Post-Employment Benefits

The City provides other post-employment benefits ("OPEB") to former employees in the form of a medical premium subsidy. The level of such medical premium subsidy for each former employee is dependent upon such former employee's date of hire and years of service with the City. The City's medical premium subsidy program is more fully described in "Note 17 – Other Post-Employment Benefits" in the Notes to the Financial Statements section of the City's CAFR for Fiscal Year 2013-14, a copy of which is attached to this Official Statement as Appendix C.

In December 2006, the City contracted with Phase II Systems, doing business as Public Agency Retirement Services, for trust administration services and established an irrevocable trust for its post-retirement medical benefit plan. In accordance with Governmental Accounting Standards Board (GASB)

Statements No. 43 and No. 45, the City has an actuarial study performed every two years. The most recent actuarial study was performed by The Segal Company with a valuation date of July 1, 2013.

Insurance

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Self-Insurance Fund provides coverage for up to \$500,000 for each worker's compensation claim and \$1,000,000 for each liability claim. The City participates in a joint powers authority for worker's compensation claims in excess of coverage provided by the Self-Insurance Fund up to statutory limits and participates in a joint powers authority for any excess liability claims. All funds of the City participate in the program and are charged for their share of claim expenditures.

The claims liability of \$33,193,165 at June 30, 2014, is based on the requirements of Governmental Accounting Standards Board No. 10 (GASB 10), which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. An estimate of incurred but not reported claims has been included in the liability based on the various percentages of loss reserves.

Tax Levies and Delinquencies; Assessed Valuation of Taxable Property

The County Tax Collector collects *ad valorem* property tax levies representing taxes levied for each Fiscal Year on taxable real and personal property that is situated in the County as of the preceding March 1. Unsecured taxes are assessed and payable on March 1 and become delinquent August 31, in the next Fiscal Year. Accordingly, unsecured taxes are levied at the rate applicable to the Fiscal Year preceding the one in which they are paid.

One half of the secured tax levy is due November 1 and becomes delinquent December 10; the second installment is due February 1 and becomes delinquent April 10. A 10% penalty is added to any late installment.

Property owners may redeem property upon payment of delinquent taxes and penalties. Tax-delinquent properties are subject to a redemption penalty of 1.5% of the delinquent amount every month commencing on July 1 following the date on which the property became tax delinquent. Properties may be redeemed under an installment plan by paying current taxes, plus 20% of delinquent taxes each year for five years, with interest accruing at 1.5% per month on the unpaid balance. If no payments have been made on delinquent taxes at the end of five Fiscal Years, the property is deeded to the State. Such property may thereafter be conveyed to the County Tax Collector as provided by law.

The table below summarizes the City's property tax levies and total collections for Fiscal Years 2009-10 through 2013-14.

Transportation

Well-developed surface and air transportation facilities are available to City residents and business firms. Main lines of both the Union Pacific and the Burlington Northern Santa Fe railroads traverse the area. Amtrak service is available.

State Highway 99, the main north-south artery serving the most populous communities along the east side of the Central Valley, runs through the center of the City. State Highway 58 provides east-west linkage between Interstate 5, 20 miles west, and Interstate 15 at Barstow, to the east, Highway 178, heading northeast, is the major route along the Kern River Valley. Highway 65, to the north, provides access to communities east of Highway 99 and to Sequoia National Park.

Interurban motor transportation is made available by Orange Belt Stages, Greyhound, and Trailways. Golden Empire Transit provides local bus transportation.

The Meadows Field Airport adjoins the City to the north. Regularly scheduled passenger and air cargo service is available, as well as charter service and general aviation services. The Meadows Field Airport includes the William M. Thomas Terminal, a 64,800 square foot, state-of-the-art terminal facility completed in November 2005 that is currently equipped with three jet-boarding bridges, but that may be expanded to accommodate up to nine gates.

The Director of Airports is appointed by the County Board of Supervisors. The County Board of Supervisors meets at 1115 Truxtun Avenue in Bakersfield, California, on Monday and Tuesday of each week. Department of Airports agenda items are usually heard on Tuesday at 9:00 a.m.

Utilities

Electricity throughout the City is supplied by Pacific Gas and Electric Company. This company, along with Southern California Gas Company, also supplies natural gas. Telephone service is by AT&T. Fifteen private water companies serve the City. The City provides sewer and water services.

Education

Public education in the City through the secondary grades is provided by a number of elementary school districts, including the Bakersfield City School District and Kern High School District. There are also a number of private schools, nursery schools, and pre-schools within the City.

The City lies within Kern Community College District, which administers Bakersfield College. This two year institution is located on a 150-acre site in northeast Bakersfield. Vocational and technical courses are offered as well as academic courses designed to equip the student for transfer to a four-year college or university in the third year. Bakersfield College attracts about half the local high school graduating class each year.

California State University, Bakersfield, opened in 1970 and received its university status in 1988. It is located on a 375-acre site located in the western portion of the City. Majors offered include anthropology, art, earth sciences, philosophy, mathematics, political science, business, and teaching. A graduate program offers a master's degree in a number of fields.

The newest campus in the University of California system, UC Merced, opened in 2005. UC Merced serves the entire San Joaquin Valley, with the main campus located in the City of Merced and satellite centers located in the City and the Cities of Fresno and Modesto.

Financial Services

Statewide banking systems serving the City include Bank of America, Chase Bank, Union Bank, Rabobank, and Wells Fargo Bank. Their services are supplemented by local and regional banks and various savings and loan associations.

Community Facilities

The City has six general hospitals with a total bed capacity of 1,075. The City is a primary medical center of a region larger than some states. Mercy Hospital and Greater Bakersfield Memorial Hospital are among the largest employers in the City. Kern Medical Center, administered by the County, is affiliated with UCLA Medical Center of Los Angeles.

The daily “Bakersfield Californian” and two weekly newspapers provide regional news coverage. Bakersfield has 20 radio stations, four television stations, two cable TV companies, and two satellite TV companies.

The City has 59 public parks, covering a total of 623 acres.

The Bakersfield Rabobank Arena, Theater, and Convention Center contains a 3,250-seat concert hall, an 11,000-seat arena, and 14 meeting rooms. Memorial Stadium hosts more National AAU track meets than any other city in the country. County-owned golf courses and five private courses offer year-round golf, and tennis is played throughout the year at six private tennis clubs.

Cultural advantages of the City include community theater, the Bakersfield Symphony orchestra, a community concert group, and the Cunningham Art Gallery. Bakersfield College and California State University, Bakersfield, sponsor plays, concerts, lectures, and special events throughout the year.

December 15, 2014

Honorable Mayor, City Council, City Manager and Citizens of Bakersfield:

In accordance with the requirements of our Municipal Code (Section 2.08.020F), I am pleased to submit the City of Bakersfield's (the "City") Comprehensive Annual Financial Report for the year ended June 30, 2014. This report was prepared by the City's Finance Department, which assumes responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures.

The accompanying financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

Generally Accepted Accounting Principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors, which begins at page 1 of the financial section.

GENERAL BACKGROUND

The City is located approximately one hundred miles north of Los Angeles in the southern San Joaquin Valley. The City maintains an incorporated area of 150 square miles and has an estimated population of 367,315 as of January 1, 2014.

The City is a Charter City that offers a full range of City services including:

- Fire and Police Protection
- Streets and Infrastructure Maintenance
- Planning and Community Development
- Parks and Recreation Services
- Water Utility
- Municipal Airpark - General Aviation
- Wastewater Treatment

As such, this report includes the financial activities of the City and the Bakersfield Successor Agency. A more detailed discussion of the reporting entity is provided in the notes to the financial statements.

MAJOR INITIATIVES

Major transportation projects associated with the Thomas Roads Improvement Program (TRIP) continue to progress through the various phases of environmental, design, land acquisition and construction. The TRIP program uses a combination of local funds, Transportation Impact Fees, and State and Federal road funds, including approximately \$570 million of Federal earmark funds approved by Congress in 2005.

The 2013-14 capital budget included over \$260 million of funding for the TRIP projects as outlined below:

• Centennial Corridor (Right of Way-early acquisition)	\$165,000,000
• SR 178 Widening (Right of Way & Construction)	\$ 30,300,000
• Morning Drive / SR 178 Interchange (Construction)	\$ 19,800,000
• Rosedale Widening (Right of Way & Construction)	\$ 17,000,000
• 24 th Street Widening (Design & Right of Way)	\$ 16,600,000
• SR 58 Gap Closure (Construction)	\$ 12,500,000

The Centennial Corridor project received approval to spend \$165 million of the federal earmark for early acquisition of right of way needed for the project. As of November 2014 the City has successfully negotiated the voluntary acquisition of 70 residential properties. The Morning Drive / SR 178 Interchange and the SR 58 Gap Closure projects are under construction with expected completion in the next year. The Rosedale Widening project and the SR 178 widening project are expected to be under construction by the spring/summer of 2015.

FACTORS AFFECTING FINANCIAL CONDITION

Local Economy and Local Budget Issues - The City continues to show signs of economic recovery after being impacted in past years by the statewide recession. Secured property tax revenues grew by 3.5% in fiscal year 2013-14 and are estimated to increase by an additional 5% in fiscal year 2014-15. Sales tax revenues grew by 2.8% in fiscal year 2013-14 and are estimated to increase by an additional 3% in fiscal year 2014-15. The local economic environment continues to improve slowly; driven predominantly by agricultural and oil production industries in the area.

The City Council (the Council) continues to take a conservative approach in adopting our budget for 2014-15. The Council has maintained a \$12,500,000 cash basis reserve fund along with a \$5,000,000 facilities reserve fund to provide a level of protection for the City. The Council also continued to fully fund the Annual Required Contribution toward the City's Other Post-Employment Benefits (OPEB) costs for retiree medical benefits, maintaining the City's position as one of the few entities in California that are making serious progress toward fully funding this long-term obligation.

Retirement costs are projected to escalate for all employee groups over the next several years as a result of California Public Employees' Retirement System's (CalPERS) recent changes to its actuarial methodology. CalPERS approved a multi-year smoothing method to spread the rate increases associated with moving from a rolling 30 year amortization period to a fixed 30 year amortization period. Rates are expected to rise steadily for the next 5 years as this change is fully implemented. Preliminary estimates provided by CalPERS project employer rates to increase by 10% to 16% over the next five years. The methodology change and resulting rate increases will have a significant impact on retirement costs for the City. We estimate these changes will increase our retirement benefit costs by approximately \$11.0 million per year once the rate increases have been fully implemented by CalPERS.

The City Council has been setting aside funds in the budget since 2011-12 in anticipation of future year rate increases to try and stay ahead of these annual increases. The Council budgeted \$2.25 million in the 2014-15 budget as a reserve to help address the anticipated rate increases for the 2015-16 budget year.

Long-Term Financial Planning - The City continues to look forward in meeting our long-term financial and operating needs. The increasing costs of retirement and medical benefits are of particular concern and are being monitored closely by the City. The City continues to monitor departmental needs for satellite storage and staging areas for Public Works and Parks operations. As the City continues to grow both in population and in geographic area, we must continuously evaluate opportunities to become more efficient and effective in our efforts to serve our community.

Accounting System and Internal Controls - The City's accounting system is organized and operated on a fund basis. Each fund is a distinct self-balancing accounting entity. Various funds utilized by the City are fully described in Note 1 of Notes to the Basic Financial Statements. The City's accounting records for general governmental operations are maintained on a modified accrual basis of accounting, whereby revenues are recognized when measurable and available and expenditures are recognized when materials and services are received. Accounting records for the enterprise and internal service funds are recorded on an accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred.

In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (a) the cost of a control should not exceed the benefits likely to be derived and (b) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. However, the City recognizes that even sound internal controls have their inherent limitations. Internal controls are reviewed to ensure that the City's operating policies and procedures are being adhered to and that the controls are adequate to ensure accurate and reliable financial reporting and to safeguard the City's assets.

Budgetary Controls - The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Project length financial plans are adopted for the capital projects funds. The level of budgetary control is established at the fund level. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered amounts lapse at year-end. However, encumbrances and certain capital projects are re-appropriated as part of the following year's budget. The 2013-14 City appropriation limit established as required by state statute was \$322,310,373.

Cash Management - The City maintains a cash and investment pool that is available for use by all funds, except the Fire Pension Trust Fund. Each fund type's portion of this pool is displayed on the combined balance sheet as cash and short-term investments. The deposits and investments of the Fire Pension Trust Fund are held separately from other City funds.

The City Council has adopted an investment policy in accordance with California Government Code Sections 53607 and 53646, with a goal to minimize credit and market risks while maintaining a competitive yield on its portfolio. The City is also governed by State statutes authorizing the City to invest in bonds or other evidences of indebtedness of the U.S. Government or any of its agencies and instrumentalities, repurchase agreements and bankers' acceptances. The pension trust investments are administered separately under Municipal Code Section 2.92, which is within state guidelines.

OTHER INFORMATION

Independent Audit - The City Charter requires an annual audit by independent certified public accountants. The City Council also adopted a policy regarding auditor rotation that encourages competitive bidding on a five year cycle. The accounting firm of Brown Armstrong Accountancy Corporation was selected by the City Council in 2012 to perform the annual audit for the 2011-12 fiscal year. This audit year (2013-14) is the third year of a contemplated five year agreement with this firm. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Federal Single Audit Act of 1984 and related U.S. Office of Management and Budget (OMB) Circular A-133. The auditor's report covers the basic financial statements, including the notes to the financial statements, but their opinion does not cover the combining and individual fund statements.

Awards - The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2013, marking the thirty-third consecutive year Bakersfield has received the GFOA certificate. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to Certificate of Achievement Program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments - The preparation of this report on a timely basis could not be accomplished without the efficient services of the entire staff of the Finance Department. I should like to express my appreciation to all members of the Department who assisted and contributed to its preparation. I should also like to thank the Mayor, City Council and the City Manager for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully,

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the City Council
Bakersfield, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bakersfield, California, (the City) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As disclosed in the Note 1 to the financial statements, the City of Bakersfield implemented GASB Statement No. 66, *Technical Corrections - 2012 – an amendment of GASB Statements No. 10 and No 62*, GASB Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*, and No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, during the fiscal year 2014. There was no significant impact over the City of Bakersfield's financial statements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 17 and 96 through 97 as well as schedules of funding progress on pages 98 through 99 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual major and nonmajor fund financial statements and schedules as well as schedules of long-term debt recorded in private purpose trust fund on pages 104 through 135, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

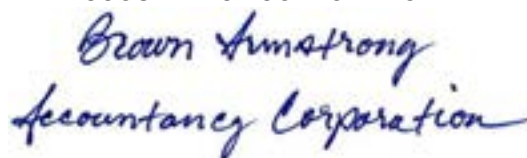

The combining and individual major and nonmajor fund financial statements and schedules as well as schedules of long-term debt recorded in private purpose trust fund on pages 104 through 135 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual major and nonmajor fund financial statements and schedules as well as schedules of long-term debt recorded in private purpose trust fund on pages 104 through 135 are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2014, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

This discussion and analysis of the City of Bakersfield's (City) financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with the accompanying letter of transmittal, the basic financial statements, and the accompanying notes to those financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$2.3 billion (net position). Of this amount, \$323.0 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$69.6 million over the prior fiscal year. This increase is attributable to a \$22.1 million increase in capital asset investments, a \$4.8 million increase in restricted net position and a \$42.7 million increase in unrestricted net position.
- As of the close of the current fiscal year, the City's Governmental Funds reported combined ending fund balances of \$196.9 million, an increase of \$45.8 million in comparison with the prior year. Amounts available for spending include restricted, committed, assigned and unassigned fund balances. Of this amount \$21.0 million is restricted by law or externally imposed requirements and \$75.8 million is committed for specific purposes, \$93.5 million is assigned and \$6.5 million is unassigned and available.
- Available fund balance for the General Fund decreased \$7.3 million to \$54.6 million, which equates to 30.6% of total General Fund expenditures for the year.
- The City's long-term debt showed a decrease of \$12.0 million during the current fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The statements present the financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately. Additionally, certain eliminations have occurred as prescribed by the Governmental Accounting Standards Board (GASB) statements in regards to interfund activity, payables and receivables.

The Statement of Net Position and the Statement of Activities provides information about the City as a whole and about its activities. These statements include all assets and liabilities of the City using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. Net position is the difference between assets and liabilities, which is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. Other factors to consider are changes in the City's property tax base and sales tax base.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

In the Statement of Net Position and the Statement of Activities, we separate the City activities as follows:

Governmental activities - Most of the City's basic services are reported in this category, including the General Government, Police, Fire, Public Works, Parks, Recreation and Community Development. These activities are generally financed by property and sales taxes, user fees, interest income, franchise fees, and state and federal shared revenues and grants.

Business-Type activities - The City charges a fee to customers to cover all or most of the cost of certain services it provides. The City's Water system, Wastewater system, Refuse Collection system, Municipal Airport, and Off-Street Parking activities are reported in this category.

Redevelopment activities - State of California action dissolved the City's Redevelopment Agency as of February 1, 2012. Activities of the former Agency are incorporated into the City's financial statements in its role as Successor Agency.

FUND FINANCIAL STATEMENTS

The fund financial statements provide detailed information about the most significant funds, not the City as a whole. Some funds are required to be established by State law and by bond covenants. Management establishes many other funds to help it control and manage money for particular purposes, or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

The fund financial statements include statements for each of the three categories of activities – governmental, proprietary and fiduciary. The governmental activities are prepared using the current financial resources measurement focus and modified accrual basis of accounting. The proprietary activities are prepared using the economic resources measurement focus and the accrual basis of accounting. The fiduciary activities are agency funds, which only report a balance sheet and do not have a measurement focus. Reconciliations of the Fund Financial Statements to the Government-Wide Financial Statements are provided to explain the differences created by the integrated approach.

Governmental Funds - Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental Fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation schedule following each Governmental Fund financial statement.

Proprietary Funds - When the City charges customers for the services it provides, whether to outside customers or to other units of the City, these services are generally reported in Proprietary Funds. Proprietary Funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position. In fact, the City's Enterprise Funds are the same as the Business-Type activities reported in the Government-Wide statements, but provide more detail and additional information, such as cash flows, for Proprietary Funds. The City uses Internal Service Funds (the other component of Proprietary Funds) to report activities that provide supplies and services for the City's other programs and activities--such as the City's Self-Insurance and Equipment Management Funds. The Internal Service Funds are reported with governmental activities in the Government-Wide financial statements.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

Fiduciary Funds - The City is the trustee, or fiduciary, for certain funds held on behalf of various third parties. The City's fiduciary activities are reported in separate Statements of Fiduciary Net Position. We exclude these activities from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and Fund financial statements.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain "Required Supplementary Information" concerning the City's progress in funding its obligation to provide pension benefits to its employees, budgetary comparison schedules for the General Fund and Special Revenue Major Funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$2.3 billion at the close of the most recent fiscal year, which is a \$69.6 million increase, or 3.1% increase in comparison with the prior year.

The largest portion of the City's net position (84.1% of the total) reflects its net investment in capital assets of \$1.9 billion (e.g., land, buildings, machinery, infrastructure and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A small portion of the City's net position of \$41.2 million (1.8% of the total) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position of \$323.0 million (14.1% of the total) may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate Governmental and Business-type activities. The same situation held true for the prior fiscal years.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

The following table presents the government-wide assets, liabilities, and net position for both 2013 and 2014. The governmental and business-type activities columns reflect amounts that have been restated in this financial report. See Note 23 page 93 for prior period adjustments.

Governmental Activities – Total assets for governmental activities increased by \$62.4 million, with current and other assets in governmental activities increasing by \$46.9 million and a capital assets increase of \$15.6 million. Total liabilities decreased by \$1.1 million, with other liabilities decreasing by \$0.3 million and long-term liabilities decreasing by \$0.8 million.

Of the \$63.5 million increase in governmental activities total net position, unrestricted net position increased by \$40.8 million, net investment in capital assets increased by \$17.9 million and restricted net position increased by \$4.8 million. The increase in restricted net position is due primarily to a increase in capital improvements.

Business-Type Activities – Total assets for business-type activities decreased by \$3.2 million with current and other assets increasing by \$2.4 million and a capital assets decline of \$5.7 million. Total liabilities decreased by \$9.3 million, with other liabilities increasing by \$0.7 million and long-term liabilities also decreasing by \$10.0 million. Total net position for business-type activities increased by \$6.0 million. Of that amount, net investment in capital assets increased by \$4.2 million. Restricted net position decreased by \$7,000 and unrestricted net position increased by \$1.9 million.

Change in Net Position of the City

The following table presents the government-wide changes in net position for both 2013 and 2014. The City's total revenues of \$464.8 million exceeded expenses and extraordinary losses of \$395.2 million for an increase in net position of \$69.6 million. The governmental and business-type activities columns reflect amounts that have been restated in this financial report. See Note 23 page 93 for prior period adjustments.

Management's Discussion and Analysis

Governmental Activities – Governmental activities increased the City's net position by \$63.5 million during the year. In the table below, the difference between the program revenue and expense bars by activity illustrates the amount each respective activity is supported by program revenues. Public Safety and Community Services service delivery costs exceeded program revenues by \$105.3 million and \$18.1 million, respectively. Public Safety programs rely heavily on taxes to support their operations whereas Community Services relies on both taxes and charges for service to support their operations. This fiscal year Public Works program revenues exceeded service delivery costs by \$22.4 million due to a large contribution from the County of Kern for future highway projects.

Total expenses in Governmental Activities had a net decrease of \$27.4 million from the previous fiscal year for an overall (9.1)% decrease. The largest decrease of \$37.4 million was in Public Works which is due to the completion of major road and bridge construction projects, including the Westside Parkway and Thomas Road Improvement Program projects. Public Safety – Police increased by \$3.9 million due to continued restoration of previously eliminated positions in prior years and salary and benefit increases. The largest increase, \$5.6 million, was in Recreation and Parks with the majority if the increases due to the prior period adjustments relating to capital assets.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

The taxes category is the largest revenue source for governmental activities, amounting to \$140.0 million or 41.4% of total revenues. Capital grants and contributions is also a significant revenue source for the City's governmental activities, amounting to \$104.1 million or 30.7% of total revenues. Next in line is charges for services, amounting to \$56.2 million or 16.6% of total revenues.

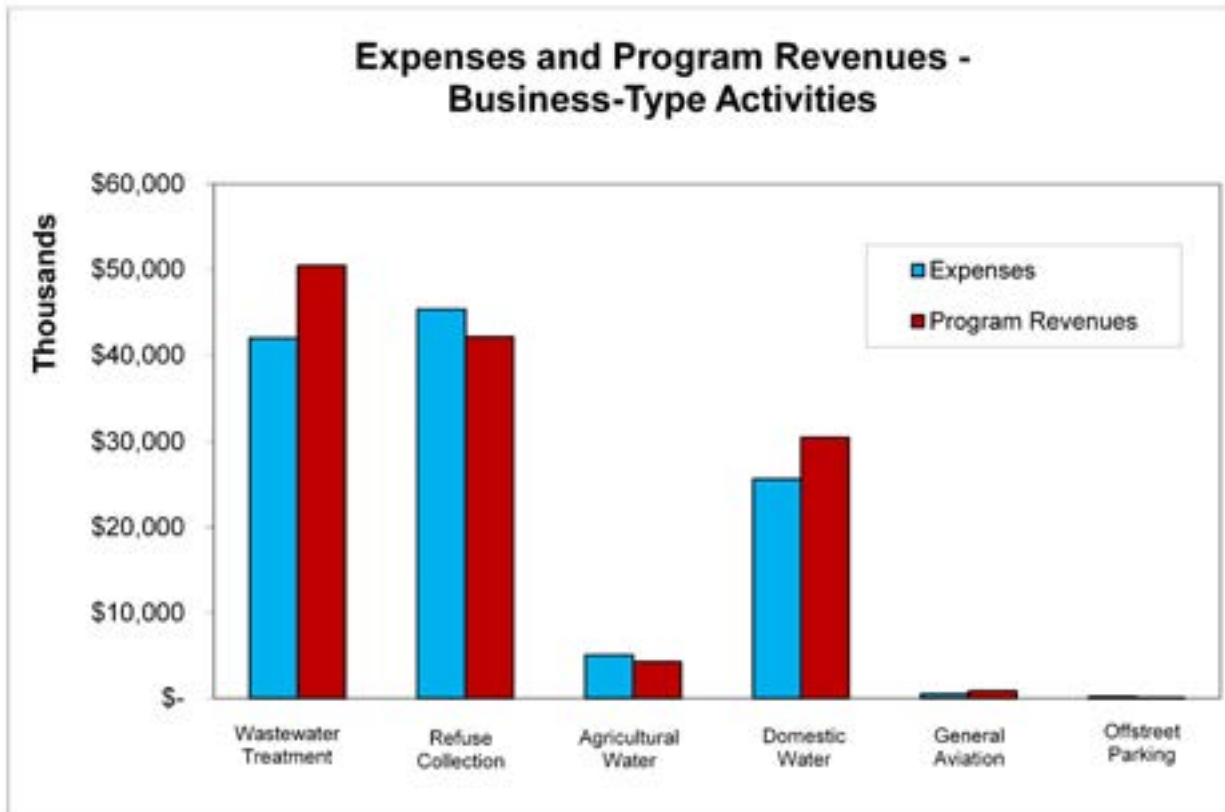

Governmental Activities Revenue increased \$33.9 million, a 11.1% increase compared to the previous fiscal year. This increase is due primarily to 5.2%, or \$8.2 million increase in General Revenues and a 17.5%, or \$25.7 million increase in Program Revenues. Sales tax revenues had a modest increase of 2.9%, or \$2.0 million, while property taxes increased by 13.0% , or \$7.7 million. The increase in Charges for Services is due primarily to an increase in developmental activity within Public Works and Community Development. The increase in Capital Grants and Contributions is due to the final construction phase of the Westside Freeway project and a large contribution from the County of Kern for future major highway projects.

Management's Discussion and Analysis

Business-Type Activities – The City operates six Enterprise Funds that offer wastewater services, refuse collection, agricultural water, domestic water to City residents, downtown parking and a municipal airport.

Business-type activities increased the City's net position by \$6.0 million. The bar chart above compares total program revenues and expenses. Program revenues exceeded program expenses in Wastewater Treatment by \$8.4 million and Domestic Water by \$4.9 million. These increases were offset by program expenses exceeding program revenues in Refuse Collection by \$3.2 million and Agricultural Water by \$813,193. Total expense increased by \$7.5 million, 6.8%, over the prior year with the Domestic Water Fund showing the largest increase of \$4.5 million with the majority of the increase due to increased electricity costs for groundwater pumping because of consecutive dry years. Wastewater Treatment had the next largest increase of \$2.1 due to increased development completed that added to the Wastewater infrastructure.

The pie chart illustrates the distribution of business-type revenues by category. The City's business-type activities rely heavily on charges for services to fund their operations, making up 78.3% of total revenues. Capital grants and contributions is the second largest revenue source at 13.2% of total revenues.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

Business-Type activities program revenues increased by \$20.3 million, 18.9%, over the prior year with Wastewater Treatment showing the largest increase of \$12.7 million and Domestic Water showing the next largest increase of \$6.3 million. The increase in Wastewater Treatment resulted from a significant amount of development completed and added to the Wastewater infrastructure. The increase in Domestic Water was due to an increase in capital contributions from developers and the Successor Agency.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the City's Governmental Funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, total fund balance less the nonspendable portion is a useful measure of the City's resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's Governmental Funds reported combined ending fund balances of \$196.9 million, an increase of \$45.8 million in comparison with the prior year. The components of total fund balance are as follows (for more information see Note 14 – Fund Balances):

- **Nonspendable fund balance**, \$3,181, are amounts that are not spendable in form, or are legally or contractually required to be maintained intact, and are made up of prepaid expenses and deposits.
- **Restricted fund balance**, \$21.0 million, consists of amounts with constraints put on their use by externally imposed creditors, grantors, contributions, laws, regulations or enabling legislation. Examples of restrictions on funds are those for (1) \$11.7 million for the purpose of the fund (i.e., Gas Tax and Road projects), (2) \$4.9 million for proceeds from Special Assessments bonds for capital improvements, (3) \$2.8 million from Redevelopment

CITY OF BAKERSFIELD

Management's Discussion and Analysis

Successor Agency Housing Funds for projects and (4) \$1.2 million for traffic safety projects.

- **Committed fund balance**, \$75.8 million, are amounts for specific purposes determined by the Bakersfield City Council, such as funds collected from fees paid to mitigate the traffic impacts to the regional circulation system of \$42.9 million and \$13.5 million for appropriations for next year's budget.
- **Assigned fund balance**, \$93.5 million, for funds set aside by management for specific purposes. Amounts include \$55.4 million set aside for capital projects and \$3.5 million for the fund purposes related to transient occupancy fees.
- **Unassigned fund balance**, \$6.5 million, represents the residual classification for the City's General Fund.

General Fund: The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the General Fund's total fund balance decreased by 11.9%, or \$7.3 million from \$61.9 million to \$54.6 million. Major factors for this overall decrease:

- Total operating revenues remained constant over the previous fiscal year with a slight decrease of \$820,312 (0.5%). Charges for Services had the largest increase of \$2.6 million which is due to continued increases in development activity. In contrast, miscellaneous revenue decreased by \$4.1 million because of a one time reimbursement to the County in the previous fiscal year for a tax calculation error.
- Total operating expenditures increased by \$11.0 million (a 6.6% increase). Of this amount, Public Safety increased by \$8.5 million due to a moderate cost of living increase and increased retirement contribution rates for sworn Police and Fire employees. Public Works also saw an increase of \$3.8 million due to shifting road maintenance expenditures from the Gas Tax Fund in order to free up Gas Tax monies for capital projects. Total Non-departmental expenditures saw a \$3.2 million decrease due to a decrease in the City's OPEB annual required contribution.

Other governmental funds: As compared with the prior year, the total fund balances of the remaining governmental funds increased by 59.7%, or \$53.2 million, to \$142.3 million with the following significant changes:

- The Transient Occupancy Tax Fund increased by \$1.4 million from \$2.2 million to \$3.6 million. The increase is due to increased investment in the various street and road projects. The majority of the fund balance is assigned for spending at the City's discretion. This fund accounts for the local hotel taxes collected by the City. The fund also accounts for the operations, maintenance and capital needs of the Rabobank Arena, the Convention Center, the Bakersfield Ice Sports Center, the Convention and Visitor Bureau and the Brighthouse Amphitheater.
- The Community Development Block Grant Fund increased by \$59,895 from \$361,685 to \$421,580. Amounts contained in this fund are restricted per the Federal Housing and Community Development Act of 1974.
- The Gas Tax and Road Fund increased by \$6.0 from \$5.7 million to \$11.7 million. Amounts in this fund are restricted by state and federal statute. The increase is due to multiyear projects that have not started yet.
- The Capital Outlay Fund increased by \$43.7 million from \$24.1 million to \$67.8 million. Of this amount, \$7.6 million is committed for contractual obligations and \$4.8 million is committed for facility replacement. The remaining amount of \$55.4 million is assigned and available for use at management's discretion. The increase is the result of a large contribution from the County of Kern for their share of future major highway projects.
- The Park Development Fund increased by \$1.9 million from \$5.1 million to \$7.0 million. Of this amount, \$7.0 million is committed for contractual obligations. The increase is a result of delayed project activity as the City prepares for the next phase of the Sports Village project which will begin in the upcoming year.
- The Transportation Development Fund increased by \$1.5 million from \$41.4 million to \$42.9 million. Of this amount, \$42.9 million is committed for contractual obligation and/or current projects. This change is the result of an

CITY OF BAKERSFIELD

Management's Discussion and Analysis

increase in traffic impact fee revenue due to an increase in development activity.

- The fund balance for non-major governmental funds as a whole increased by \$1.3 million from \$10.2 million to \$8.9 million. The significant changes occurred in the following funds:
 - Special Assessments Districts Fund decreased \$1.5 million. This is generally due to increased development activity. There is a small amount of assessment district capital improvement funds remaining.
 - The above decrease is offset by minor increases in the State Safety and Successor Agency Housing Funds of \$147,892 and \$14,466, respectively.

Proprietary Funds - The City's Proprietary Funds are shown in their entirety in the government-wide financial statements. All funds are being reported as major funds, so there is no need to report additional detail elsewhere in the document.

The Wastewater Treatment Fund has total net position of \$508.7 million at the end of the current year, an increase of \$9.3 million over the prior year. Total net position includes \$441.4 million invested in capital assets and \$20.2 million of restricted assets which are not available to cover current expenses. The remaining net position of \$47.0 million is unrestricted and available to cover current operating and capital needs (including plant and equipment replacement) of the fund. Revenues in this fund are consistent with the activity in the previous year with the exception of a \$11.4 million increase in capital contributions offset by an increase in operating expenses of \$1.7 million.

The Refuse Collection Fund has total net position of \$16.4 million at the end of the current year, a increase of \$3.7 million from the prior year. Net position within the fund of \$16.4 million is unrestricted and available to cover current operating and capital needs of the fund. The majority of the decrease is due to increased operating expenses related to the City's implementation of a universal recycling program.

The Agricultural Water Fund has total net position of \$25.7 million at the end of the current year, a decrease of \$744,589 over the prior year. Total net position includes \$19.6 million invested in capital assets, which are not available to cover current expenses. The remaining net position of \$6.2 million is unrestricted and available to cover current operating and capital needs of the fund. The decrease is primarily due to increased pumping expenses because of consecutive dry years.

The Domestic Water Fund has total net position of \$213.6 million at the end of the current year, an increase of \$5.4 million over the prior year. Total net position includes \$174.5 million invested in capital assets, which are not available to cover current expenses. The remaining net position of \$39.1 million is unrestricted and available to cover current operating and capital needs of the fund. The majority of the increase is due to capital contributions from developers and the Successor Agency.

The General Aviation Fund has total net position of \$11.0 million at the end of the current year, an increase of \$387,130 compared to the prior year. Total net position includes \$10.5 million invested in capital assets, which is not available to cover current expenses. The remaining net position is unrestricted and available to cover current operating and capital needs of the fund.

The Offstreet Parking Fund has total net position of \$1.3 million at the end of the current year, a decrease of \$4.5 million compared to the prior year. Total net position includes \$1.2 million in capital assets, which is not available to cover current expenses. The remaining net position is unrestricted and available to cover current operating and capital needs of the fund.

Management's Discussion and Analysis

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets - The City's investment in capital assets for its governmental and business-type activities as of June 30 of the current fiscal year amounts to \$2.2 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, park facilities, roads, highways, bridges and construction in progress. The total increase in the City's investment in capital assets for the current fiscal year was \$38.6 million. Of this amount, \$43.5 million relates to Governmental Activities and is offset by the remaining \$4.9 million that relates to Business-Type Activities. Depreciation expense of \$91.5 million exceeded additions to capital assets by this amount.

These financial statements include infrastructure assets constructed or acquired through fiscal year 2013-14.

Major capital asset events during the current fiscal year included the following:

- A variety of street construction projects and rehabilitation of major arterial streets. Construction in progress for governmental activities as of the end of the current fiscal year is \$37.5 million. This figure includes over \$34.8 million towards major street construction, traffic signal, and resurfacing projects throughout the City.
- The City added over \$10.5 million (\$10.5 million in 2013-14 and \$29.4 million in prior years) in new streets and roads primarily due to new residential developments completed in the current year. These newly constructed right of ways are transferred over to the City by the various developers when the work is finalized. An additional \$29.4 million in assets was added as part of a prior period adjustment.

* Certificates of Participation in governmental activities is debt of the former Redevelopment Agency that is now reported as City debt.

- **Long-Term Debt** - At the end of the current fiscal year, the City had a total debt outstanding of \$230.3 million. The City's total debt decreased by a net amount of \$11.7 million during the current fiscal year. Of that amount \$6.7 million is the result of normal debt maturities with the remaining \$5.0 million due to a partial redemption payment on the Wastewater Revenue Refunding Bonds Series 2012A. The City did not incur any new major debt this fiscal year.

Certificates of Participation issued by the City in 2006 carry a Reserve Fund Surety from Ambac Assurance Company (Ambac). Ambac filed for a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code. Moody's Investor's Service (Moody's) rating on Ambac is currently "Caa2". The current underlying rating on the Certificates has not been revised (currently "A2"). Such reduced rating on the Certificates reflects only the view of Moody's, and any desired explanation of the significance of such rating should be obtained from Moody's. There is no assurance that such rating will continue for any given period of time or that such rating will not be revised or withdrawn by Moody's if, in the judgment of Moody's, circumstances so warrant.

The 2007 Wastewater Revenue Bonds - Series A issued by the City in 2007 to fund the new wastewater treatment plant construction carry a Reserve Fund Surety from Financial Security Assurance Inc. Moody's has lowered its rating on Financial Security Assurance Inc. for the Series A Bonds, from "Aaa" to "Aa3" and an underlying "A1" rating.

The 2012 Wastewater Revenue Bonds - Series A issued by the City in 2012, which refinanced the 2007 Wastewater Revenue Bonds - Series B, has an "Aa2/VMIG1" rating from Moody's. There is no assurance that such rating will continue for any given period of time or that such rating will not be revised or withdrawn by Moody's if, in the judgment of Moody's, circumstances so warrant. The City did not elect to establish a debt service reserve fund for this debt, but does carry a Standby Bond Purchase Agreement with JP Morgan.

More detailed information regarding capital asset and long-term debt activity can be found in the related notes to the financial statements. See Note 5 page 63 for capital assets, and Note 11 page 70 for long-term debt.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget reflect an increase in resources of \$2.7 million and an increase in appropriations of \$6.5 million. Significant budgetary amendments (changes) are summarized as follows:

- \$1,070,495 increase in various resources and appropriations due to revenues associated with open purchase orders at the end of the previous fiscal year. Also, \$473,904 increase in various resources due to revenues associated with prior year appropriations not spent and carried forward to this fiscal year.
- \$1.8 million increase in resources and appropriations for Fire Station 8 rehabilitation project.
- \$1.0 million increase in appropriations to restore the balance in the Facility Reserve Fund.

The final amended revenue estimate budget figures in the General Fund were lower than actual revenue by \$12.7 million and appropriations were higher than actual expenditures by \$11.0 million. Significant differences between budget and actual amounts are as follows:

- \$7.2 million positive variance in tax revenue is primarily from sales and use tax. The City has continued to have uncertainty as to the level of revenues from sales taxes because of the economy. The estimates made from this revenue source were conservative in nature while the actual revenue received was better than expected.
- \$1.2 million negative variance in intergovernmental revenue is due to less federal revenue received for Police grants awarded late in the fiscal year. The related programs had not completely been put in place and, because these are reimbursement based grants, revenue had not been recorded.
- \$1.0 million positive variance in licenses and permits revenue is due primarily to increased development activities.
- \$3.3 million positive variance in charges for services is due primarily to more conservative estimates by all departments as to the use of the City's various services. Specifically, there was an increase in development activity.
- \$3.5 million variance of appropriations over actual expenditures in the Police Department. The savings are due primarily to benefit savings from unfilled positions and plus some grant funded projects that were budgeted but not started.
- \$3.4 million variance of appropriations over actual expenditures in Departments other than Police are also due primarily to salary and benefit savings from unfilled positions.
- \$4.0 million variance of appropriations over actual expenditures in non-departmental. Of that amount \$2.5 million is related to anticipated increases in retirement contributions that were budgeted for the year. This was a reservation of funds to address multi-year anticipated rate increases. The actual increases will be blended into departmental operating budgets over the next few years. Another \$1.0 million is due to a decrease in the OPEB annual required contribution that was based on the most recent actuarial report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The key assumptions in the General Fund revenue forecast for fiscal year 2014-15 were:

1. Property tax revenue is projected to show growth at 5% compared to last year's estimate of 3% as projected by Kern County.
2. Sales and use tax revenue estimates are projected to increase by 3% compared to last year's revised 2% increase.

CITY OF BAKERSFIELD

Management's Discussion and Analysis

3. One time monies of \$2.0 million are set aside to provide a buffer against the estimated California Public Employees' Retirement System (CalPERS) increases over the next few years and the City's Annual Required Contribution for retiree healthcare decreased to \$6.4 million and is fully budgeted.

New items specifically addressed in the 2014-15 budget include the following:

Police Department – The Police Department's operating budget has increased from fiscal year 2013-14 by 2.1%, totaling \$8.2 million. This budget reflects the restoration of ten positions, five sworn and five civilian.

Public Works – The Public Works Department's operating budget has increased from fiscal year 2013-14 by 2.4%, totaling \$110.3 million. City Council approved the restoration of seven positions.

Recreation and Parks – The Recreation and Parks Department's operating budget has increased from fiscal year 2013-14 by 6.8%, totaling \$19.3 million. This budget reflects the restoration of one position due to significant increases in recreation program activities. Notable increases in this department include an increase to the water budget due to an increase in acreage and increases in water rates.

to the Government-Wide Statement of Net Position
June 30, 2014**

Total Fund Balances - Total Governmental Funds \$ 196,852,099

Amounts reported for Governmental Activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the Governmental Funds Balance Sheet. Capital assets allocated from Internal Service Funds are included in the Internal Service Funds adjustment below.

Capital assets	\$ 2,188,645,245	
Ending accumulated depreciation	<u>(884,197,404)</u>	<u>1,304,447,841</u>

Interest payable on long-term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in the Governmental Funds Balance Sheet. (319,843)

Deferred revenue and other resources not available to liquidate liabilities of the current period are not recognized in the funds. 30,527,832

Internal Service Funds are used by management to charge the costs of certain activities, such as insurance and fleet management, to individual funds. The assets and liabilities of the Internal Service Funds are included in governmental activities in the Government-Wide Statement of Net Position. 19,098,400

Long-term liabilities are not due and payable in the current period and therefore they are not reported in the Governmental Funds Balance Sheet. Noncurrent liabilities allocated from Internal Service Funds are included in the Internal Service Funds adjustment above.

CITY OF BAKERSFIELD

**Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and
Changes in Fund Balances to the Government-Wide Statement of Activities
For the Fiscal Year Ended June 30, 2014**

Net Change in Fund Balances - Total Governmental Funds **\$ 45,846,014**

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental Funds report capital outlay as expenditures. However, in the Government-Wide Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay expenditures are added back to fund balance.	\$ 29,257,560	
Depreciation expense is deducted from fund balance (net of Internal Service Fund depreciation of \$5,186,608 which has already been allocated to serviced funds).	(62,437,479)	
Contributions of infrastructure and improvements by developers are capitalized in the Statement of Activities, but are not recorded in the Fund Statements because no cash changed hands.	<u>49,017,117</u>	<u>15,837,198</u>

Certain expense are reported in the Government-Wide Statement of Activities, but they do not require the use of current financial resources. Therefore, these expenses are not reported as expenditures in Governmental Funds.

Net change in long-term compensated absences	94,225	
Interest expense on long-term debt	28,962	
Other post-employment benefits	<u>374,811</u>	497,998

Bond & loan proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Government-Wide Statement of Net Position. Repayment of bond principal is an expenditure in Governmental Funds, but the repayment reduces long-term liabilities in the Government-Wide Statement of Net Position.

2,363,952

Earned deferred revenue and other resources not available to liquidate liabilities of the current period are not recognized in Governmental Funds. Revenue in the Statement of Activities is not limited by availability, so certain revenues need to be reduced by the amounts that were unavailable at the end of the year. This adjustment records a net decrease in revenues - unavailable revenues at the beginning of the year exceed ending unavailable revenues by this amount.

(722,593)

Internal Service Funds are used by management to charge the costs of certain activities, such as insurance and fleet management, to individual funds. The net revenue of the Internal Service Funds is reported with Governmental Activities.

642,898

Gain on disposal of governmental fixed assets are not recorded in fund activity but are included in Governmental Activities		20,445
Extraordinary loss on write-down of loans from Internal Service Funds to the former redevelopment agency		<u>(936,660)</u>

Change in Net Position of Governmental Activities **\$ 63,549,252**

Proprietary Fund Financial Statements

These funds account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of net income is appropriate for accountability purpose.

Wastewater Treatment Fund is used to account for the provision of sewer service to the residents of the City and some residents of Kern County. This fund also accounts for the activities related to the debt issuance which provided for the Wastewater Treatment Facilities.

Refuse Collection Fund is used to account for the collection and disposal of refuse within the City. All activities necessary to provide such services are accounted for in this fund.

Agricultural Water Fund is used to account for the provision of water service restricted primarily for agricultural purposes to users within the City and some users within the County (some Kern River water is exchanged for State Aqueduct water for domestic water purposes). All activities necessary to provide such services are accounted for in this fund.

Domestic Water Fund is used to account for the provision of water service to some residents of the City and County. All activities necessary to provide such service are accounted for in this fund.

General Aviation Fund is used to account for the acquisition and operation of the Bakersfield Airpark. The majority of acquisition and improvement financing for the airport facility was provided by a grant from the Federal Aviation Administration.

Offstreet Parking Fund is used to account for the operations of the parking garage at 18th and Eye Streets and various offstreet surface parking lots within the City. The parking garage was financed by the Redevelopment Agency and the related debt was retired in August 1994, and subsequently, the title was transferred to the City.

Internal Service Funds are used to provide goods and services by one department or agency to other departments or agencies of the City on a cost reimbursement basis.

Below are descriptions of the generic fund types within this category and specific funds within each fund type.

Private Purpose Trust Funds

Redevelopment Successor Agency - The Bakersfield Redevelopment Agency ceased activities in February 2012. All non-housing related assets, liabilities and activities have been transferred to the City and are accounted for in a trust fund.

Planning Habitat Trust Fund - This fund is used to account for monies collected from developers to be used to purchase suitable land to provide habitat for endangered species. After the land is purchased it is transferred to the State Fish and Game Department for maintenance.

Pension and Other Employee Benefit Trust Funds

Fire Relief and Pension Trust Fund - This fund is used to account for the accumulation of resources to be used for retirement annuity payments at appropriate amounts and times in the future for Fire Department personnel who retired prior to June 2, 1972.

Other Post-Employment Benefits (OPEB) Irrevocable Trust Fund - This fund is used to account for the City's postretirement medical benefit plan. The City provides medical insurance coverage through contributions to eligible retirees' insurance premiums.

Agency Funds

Special Deposits Fund - This fund is used to account for the collection by the City as agent for organizations operated under the auspices of the Recreation Division, security deposits for utility franchises, temporary deposits for construction permits and bid deposits. This fund is also used for the collection of police seized property, local Law Enforcement Block Grants, and other revenues held in trust pending disposition of contingencies.

Improvement Districts Fund - This fund is used to account for the collection of liens for improvements benefiting private properties and payments to the holders of bonds issued pursuant to the Improvement Act of 1913 and the Improvement Bond Act of 1915. The City is in no way liable for the payment of bonded indebtedness, but the City serves as agent to collect the principal and interest installments from the owners of the benefited property. A trustee administers the periodic payment to the bondholders. In addition, Community Service Districts created for the West Ming and Old River Ranch developments are accounted for in this section. These funds are collected to be used to pay for public safety costs in the applicable communities.

CITY OF BAKERSFIELD

Notes to the Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the City of Bakersfield (the “City”) have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following summary of the City’s more significant accounting policies is presented to assist the reader in interpreting the basic financial statements and other data in this report. These policies should be viewed as an integral part of the accompanying basic financial statements.

A. Description of Reporting Entity

The City of Bakersfield, California is a California Charter City, incorporated on January 11, 1898, and serves as the county seat of the County of Kern, California (the “County”). The City is a full-service city and operates under a Council - Manager form of government, providing the following services as authorized by its Charter: General government; public safety; public works; and development and conservation.

As required by accounting principles generally accepted in the United States of America (GAAP), these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each blended and discretely presented component unit has a June 30 year-end.

B. Basis of Presentation

Government-Wide Financial Statements

The Government-Wide financial statements (the statement of net position and the statement of activities) report information of all of the non-fiduciary activities of the primary government and its component units. For the most part, eliminations have been made to minimize the double counting on internal activities. Internal activities for services provided and used that are not eliminated includes water, solid waste and sewer services provided to various other functions of the government. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities, which normally are supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City’s governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Some functions include expenses that are, in essence, indirect expenses of other functions resulting from charges among funds or programs for centralized services. Program revenues include: 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

Net position is restricted when constraints placed on it are either externally imposed or are imposed by constitutional provisions or enabling legislation. Internally imposed designations of resources are not presented as restricted net position. When both restricted and unrestricted resources are available for use, generally it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

B. Basis of Presentation (continued)

Governmental Fund Financial Statements

The governmental fund financial statements provide information about the City's funds, including fiduciary funds and the blended component unit. Separate statements for each fund category - *governmental, proprietary and fiduciary* - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as non-major funds.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. *Operating* expenses for enterprise funds include cost of sales and services, administrative expenses, and depreciation of capital assets. As used in this section, the term depreciation can include amortization of intangible assets. All expenses not meeting this definition are reported as *nonoperating* expenses.

The City reports the following major governmental funds:

General Fund - The General Fund is the principal operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. For the City, the General Fund includes basic governmental activities such as general government, public safety, public works and community services.

Transient Occupancy Taxes Fund - The Transient Occupancy Taxes Fund is used to account for transient occupancy tax revenues (hotel tax) and expenditures funded by this revenue source. The Rabobank Arena and Convention Center and the Bakersfield Ice Sports Center operating revenues and expenses are recorded in this fund. This fund is also used to account for the operations of the Greater Bakersfield Convention and Visitors Bureau division of the City.

Community Development Block Grant Fund - The Community Development Block Grant Fund is used to account for resources provided by the Federal Housing and Community Development Act of 1974 for the elimination of slums and blight, housing conservation and improvements of community services.

Gas Tax & Road Fund - The Gas Tax & Road Fund is used to account for the City's share, based upon population, of state gasoline taxes. State law requires these gasoline taxes to be used to maintain streets or for major street construction. This fund also accounts for other State and Federal grant revenues related to street maintenance or construction, including the Federal earmark Thomas Roads funds.

Capital Outlay Fund - The Capital Outlay Fund is used to account for the cost of capital projects financed by local revenues and various grant/loan proceeds for capital expenditures. This fund also accounts for the special Utility Franchise/Surcharge Fund created by the City Council to account for the specified local road project costs funded by the selected electricity and gas franchise surcharge fees. In addition, funds contributed by the County to be used to cover a portion of the costs of local match needed for the Thomas Roads projects are accounted for in this fund.

Park Improvement Fund - The Park Improvement Fund is used to account for funds collected for residential park development (Ordinance No. 3646). Fees are collected based on the development's share of the cost to develop, improve, construct or enhance a neighborhood park (Ordinance No. 3327).

B. Basis of Presentation (continued)

Transportation Development Fund - The Transportation Development Fund is used to account for funds collected from fees paid to mitigate the traffic impacts to the regional circulation system caused by a development project. The fees are paid when a building permit for the development project is obtained, and are based upon the amount of traffic the development will generate. The fee schedule was adopted with Ordinance No. 3513 and will be periodically evaluated by the City Council and revised to reflect updated costs and growth projections.

The City reports the following major proprietary (enterprise) funds:

Wastewater Treatment Fund - The Wastewater Treatment Fund is used to account for the provision of sewer service to the residents of the City and some residents of the County. This fund also accounts for the activities related to the debt issuance, which provided for the Wastewater Treatment Facilities.

Refuse Collection Fund - The Refuse Collection Fund is used to account for the collection and disposal of refuse within the City. All activities necessary to provide such services are accounted for in this fund.

Agricultural Water Fund - The Agricultural Water Fund is used to account for the provision of water service restricted primarily for agricultural purposes to users within the City and some users within the County (some Kern River water is exchanged for State Aqueduct water for domestic water purposes). All activities necessary to provide such services are accounted for in this fund.

Domestic Water Fund - The Domestic Water Fund is used to account for the provision of water service to some residents of the City and County. All activities necessary to provide such service are accounted for in this fund.

General Aviation Fund - The General Aviation Fund is used to account for the acquisition and operation of the Bakersfield Airpark. The majority of acquisition and improvement financing for the airport facility was provided by a grant from the Federal Aviation Administration.

Offstreet Parking Fund - The Offstreet Parking Fund is used to account for the operations of the parking garage at 18th and Eye Streets and various offstreet surface parking lots within the City. The parking garage was financed by the former Redevelopment Agency and the related debt was retired in August 1994, and subsequently, the title was transferred to the City.

The City reports the following additional fund types:

Internal Service Funds - The Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost-reimbursement basis. The City accounts for its self-insurance and equipment management activities as internal service funds.

Private Purpose Trust Fund - The Planning Habitat Trust Fund is used to account for monies collected from developers to be used to purchase suitable land to provide habitat for endangered species. After the land is purchased, it is transferred to the State Fish and Game Department for maintenance. The City also records the assets, liabilities and activities of the Redevelopment Successor Agency in a separate trust fund.

B. Basis of Presentation (continued)

Pension and Other Employee Benefit Trust Funds - The Fire Relief and Pension Trust Fund is used to account for the accumulation of resources to be used for retirement annuity payments at appropriate amounts and times in the future for Fire Department personnel who retired prior to June 26, 1972. The Other Post-Employment Benefits (OPEB) Irrevocable Trust Fund is used to account for the City's postretirement medical benefit plan in which the City provides medical insurance coverage through contributions to eligible retirees' insurance premium.

Agency Funds - The Agency Funds account for assets held by the City as an agent for various local governments or other entities. The Special Deposits Fund is used to account for the collection by the City as agent for organizations operated under the auspices of the Recreation Division, security deposits for utility franchises, temporary deposits for construction permits and bid deposits. This fund is also used for the collection of police seized property, local Law Enforcement Block Grants and other revenues held in trust pending disposition of contingencies. The Improvement Districts Fund is used to account for the collection of liens for improvements benefiting private properties and payments to the holders of bonds issued pursuant to the Improvement Act of 1913 and the Improvement Bond Act of 1915. The City is in no way liable for the payment of bonded indebtedness, but the City serves as agent to collect the principal and interest installments from the owners of the benefited property. A trustee provides the periodic payment to the bondholders. This fund also accounts for the special assessments and taxes collected within the boundaries of Community Service Districts within the City.

C. Basis of Accounting

The government-wide, proprietary, private purpose trust, pension and other employee benefit trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis of accounting, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligible requirements have been satisfied. The agency funds utilize the accrual basis of accounting to report assets and liabilities but technically have no measurement focus.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are accrued when their receipt occurs within sixty days after the end of the accounting period so as to be both measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Revenues and expenses not meeting this definition are reported as nonoperating.

D. Assets, Liabilities, Net Position or Fund Balances, and Other Financial Statement Items

Cash and Investments

Cash balances of each of the City's funds, except for certain Trust and Agency Funds, are pooled and invested by the City. Income earned from pooled investments is allocated to each of the funds based on average pooled cash balances during the year. Deficit cash balances are classified as due to other funds and funded by the General Fund or related operating fund.

The City applies GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. This statement generally requires that investments be reported at their fair value and that all changes in fair value be reflected as income of the period in which they occur.

Statutes authorize the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities, commercial paper, bankers' acceptances, repurchase agreements, money market funds and the State Treasurer's investment pool. The City's Pension Trust Fund is also authorized to invest in corporate bonds rated A or better by a national rating system generally recognized and used by banks and investment brokers in the United States.

Investments are comprised of obligations of the U.S. Treasury, agencies and instrumentalities, cash, time certificates of deposit, mutual funds, bankers' acceptances, money market accounts and deposits in the State of California Local Agency Investment Fund (LAIF), and are stated at fair value. The fair value of the City's position in LAIF approximates the value of the pooled shares.

The LAIF has oversight by the Local Investment Advisory Board. The LAIF Board consists of five members as designated by Statute. The Chairman is the State Treasurer, or his designated representative. Two members qualified by training and experience in the field of investment or finance, and two members who are Treasurer, finance or fiscal officers or business managers employed by any County, City or local district or municipal corporation of this state, are appointed by the State Treasurer. The term of each appointment is two years, or at the pleasure of the appointing authority.

Interfund Transactions

Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statement as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

Receivables

All trade and property tax receivables are shown net of an allowance for uncollectible accounts. Trade accounts receivable in excess of 180 days comprise the trade accounts receivable allowance for uncollectible accounts.

CITY OF BAKERSFIELD

Notes to the Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, Net Position or Fund Balances, and Other Financial Statement Items (continued)

Inventory and Prepaid Items

Inventory is valued at average cost applied on a first-in, first-out (FIFO) basis. The reserve for prepaid relates to certain payments to vendors for costs applicable to future accounting periods.

Capital Assets

Capital outlays are recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the government-wide financial statements to the extent the City's capitalization thresholds are met.

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and intangible water rights are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an estimated useful life in excess of one year and an initial individual cost of more than \$50,000 for infrastructure and \$5,000 for all other capital assets. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Infrastructure	10 to 70 years
Buildings, structures and improvements	5 to 40 years
Transmission and distribution equipment	5 to 50 years
Rolling equipment	2 to 30 years
Office equipment	3 to 10 years

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Debt principal payments of both governmental and business-type activities are reported as decreases in the balance of the liability on the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

CITY OF BAKERSFIELD

Notes to the Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, Net Position or Fund Balances, and Other Financial Statement Items (continued)

In the fund financial statements, however, debt principal payments of governmental funds are recognized as expenditures when paid. Governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position/Fund Balance

The government-wide and business-type activities fund financial statements utilize a net position presentation. Net position is categorized as invested in capital assets (net of related debt), restricted and unrestricted.

- *Net Investment in Capital Assets* - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted Net Position* - This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted Net Position* - This category represents net position of the City, not restricted for any project or other purpose.

As of June 30, 2014, net position is as follows:

	Governmental Activities	Business-Type Activities	Total
Net investment in capital assets	\$ 1,279,657,792	\$ 647,105,639	\$ 1,926,763,431
Restricted	21,015,837	20,209,227	41,225,064
Unrestricted	<u>213,670,245</u>	<u>109,292,512</u>	<u>322,962,757</u>
Total net position	<u>\$ 1,514,343,874</u>	<u>\$ 776,607,378</u>	<u>\$ 2,290,951,252</u>

In March 2009, the GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balances for governmental funds are segregated as follows:

- *Nonspendable Fund Balance* – includes net resources that cannot be spent because of their form or because of legal or contractual limitations, must remain intact.
- *Restricted Fund Balance* – includes net resources that have externally enforceable limitations on their use. These limitations can be established by creditors, grantors, or by laws and regulations.

CITY OF BAKERSFIELD

Notes to the Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, Net Position or Fund Balances, and Other Financial Statement Items (continued)

- *Committed Fund Balance* – includes amounts with self-imposed limitations and are set in place prior to the end of the fiscal year. Commitments are set forth by the formal action of the City’s highest level of decision-making authority, the City Council, and the limitations require that same level of authority to be removed.
- *Assigned Fund Balance* – includes amounts for which the intended use results in limitations but do not meet the requirements for either the “Restricted” or “Committed” classifications. Intended use can be established by the City Council, a governing committee or board, or by a City official designated as having that authority.
- *Unassigned Fund Balance* – is the residual balance of the General Fund not included in the other classifications.

The City Council establishes, modifies or rescinds fund balance commitments through approval of contracts for services and supplies that require City Council authorization through resolution. Fund balance assignments are made by agreements entered into by department heads, and their designees, for specific purposes. The City Council also establishes fund balance assignments through the adoption of the budget and subsequent budget amendments. Assignments are generally temporary and as such, additional action is not usually needed for assignments to be removed. The City Council approved, through resolution, a Fund Balance policy that established these rules for fund balance commitments and assignments in the General Fund. It was not deemed necessary to include a policy to achieve and maintain a specific level of unrestricted fund balance in the General Fund.

Fund Balance Flow Assumptions

The City will sometimes fund outlays for a specific purpose from restricted and unrestricted resources (committed, assigned, and unassigned fund balance). A flow assumption must be made about the order of how these resources are will be applied to properly calculate the amounts reported as restricted, committed, assigned, and unassigned. It is the City’s policy to consider restricted fund balance to be used completely before any components of unrestricted fund balance. When the components of unrestricted fund balance are used for the same purpose, the amount classified as committed is used first, followed by assigned, and unassigned is applied last.

Property Taxes

In 1978, a state constitutional amendment (Proposition 13) provided that the property tax rate is limited to 1% of market value. This property tax rate limitation may only be increased through voter approval. The County is the sole agency responsible for levying and collecting the property taxes and distributing them to taxing jurisdictions. Taxes are allocated and distributed based upon each taxing jurisdiction's assessed valuations and upon any voter-approved debt override on the tax rate.

The property tax calendar for the City is as follows:

Valuation date	January 1
Lien date	March 1
Levy dates	July 1 through June 30
Due dates	November 1; February 1
Collection dates	December 10; April 10

Cash Flow Statements

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, deposits, short-term investments and cash and investments with fiscal agents. Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash, and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

E. Stewardship, Compliance, and Accountability

Budgets and Budgetary Accounting

The procedures established by the City Council in adopting the budgetary data reflected in the financial statements are as follows:

1. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. The City Council legally enacts the budget by resolution before July 1.

The City Manager is authorized to transfer budgeted amounts between departments within any fund and approve reductions of budgeted amounts. Since expenditures may not exceed budgeted appropriations at the fund level, any revisions that alter the total appropriations of any fund are to be approved by the City Council. Projects budgeted within the fiscal year but not yet completed can be re-appropriated the following fiscal year with City Manager approval. All other unencumbered appropriations lapse at year-end. Encumbered amounts are re-appropriated in the ensuing fiscal year budget.

Budgets are adopted for all governmental fund types and are prepared on a basis consistent with accounting principles generally accepted in the United States of America. Budgeted amounts are as originally adopted, or as amended by the City Council. During the fiscal year ended June 30, 2014 the City Council approved \$208,567,832 of increases to the originally adopted budget, excluding carryovers of prior year encumbered balances and selected capital appropriations.

Deficit Net Position

The Self Insurance Internal Service Fund reported a deficit in net position of \$2,733,773 at the close of the fiscal year. The deficit was the result of a significant increase in the workers compensation liability calculated in the City's most recent actuarial study. Workers compensation charges can fluctuate significantly from year to year and staff will continue to adjust departmental rates accordingly to maintain sufficient funding levels.

CITY OF BAKERSFIELD

Notes to the Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Stewardship, Compliance, and Accountability (continued)

Reclassification and Eliminations

Interfund balances must generally be eliminated in the government-wide financial statements, except for net residual amounts due between governmental activities. Amounts involving fiduciary funds should be reported as external transactions. Any allocations must reduce the expenses of the function from which the expenses are being allocated, so that expenses are reported only once - in the function in which they are allocated.

Excess of Expenditures Over Appropriations

For the year ended June 30, 2014, expenditures exceeded appropriations in the American Recovery and Reinvestment Act (ARRA) Fund by \$27,849 and in the National Stabilization Fund by \$16. These over-expenditures relate to incorrect budget estimates, in the ARRA fund for when grant funded police positions would begin to be paid for by General Fund dollars, and in the National Stabilization Fund in estimates of allocated costs applied from the General Fund. These are technically considered budgetary violations and management will take steps to review periodic budget reports to ensure compliance in the future.

F. New Accounting Pronouncements

During the fiscal year ending June 30, 2014 the City implemented the following standards:

GASB Statement No. 66, *Technical Corrections—2012—an amendment of GASB Statements No. 10 and No. 62.* This statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, GASB Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The statement is effective for periods beginning after June 15, 2012. Upon implementation, there was no effect on the City's accounting or financial reporting.

GASB Statement No. 67, *Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25.* This statement is to improve financial reporting by state and local governmental pension plans. Upon implementation, there was no effect on the City's accounting or financial reporting.

GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees.* The objective of this Statement is to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees. Upon implementation, there was no effect on the City's accounting or financial reporting.

Recently released standards by GASB affecting future years are as follows:

In June 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27.* This Statement is to improve accounting and financial reporting by state and local governments for pensions. The City has elected not to early implement GASB Statement No. 68 and has not determined its effects on the City's financial statements.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations.* This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The City has elected not to early implement GASB Statement No. 69 and has not determined its effects on the City's financial statements.

Investment Authorized by Debt Agreements

The City has \$358,941 in investments held by bond trustees pledged to the payment or security of certain debt issues. These investments are held in direct obligations of, or obligations that are fully guaranteed as to principal and interest by, the United States Government or an agency thereof. The California Government Code provides that monies held by a bond trustee pledged to the payment or security of debt issues, in absence of specific statutory provisions governing the issuance of the debt, may be invested in accordance with the ordinances, resolutions, or indentures specifying the types of investments the respective bond issue's trustee may make. The obligations described above are authorized per the investment agreements with the bond trustees and include, but are not limited to, Federal Land Bank Bonds, Federal Home Loan Bank notes and bonds, Export-Import Bank notes and guaranteed participation certificates, obligations of or fully guaranteed by the Government National Mortgage Association, Federal National Mortgage Association notes, debentures and guaranteed certificates of participation, obligations of the International Bank of Reconstruction and Development and Federal Home Loan Mortgage Corporation notes, debentures and guaranteed certificates of participation.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. As part of the City's investment policy, one of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturing evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

Except as inherent by their nature as disclosed above, the City's investments (including those held by a bond trustee) are not highly sensitive to interest rate fluctuations.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, or the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type. On June 10, 2013 the rating agency of Standard and Poors (S&P) affirmed the AA+ credit rating of the United States government but revised the outlook to stable from negative.

Concentration of Credit Risk

The City's investment policy does not limit the amount that can be invested in any one issuer beyond the limitations stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities, mutual funds and external investment pools) that represent 5% or more of the City's total investments are as follows.

CITY OF BAKERSFIELD

Notes to the Financial Statements

NOTE 2 - CASH AND INVESTMENTS (continued)**Custodial Credit Risk**

Custodial credit risk for *deposits* is the risk that the City will not be able to recover its deposits or will not be able to recover collateral securities in the possession of an outside party if a depository institution fails. The custodial credit risk for *investments* is the risk that the City will not be able to recover the value of its investment or collateral securities held by another party if the counterparty (e.g. broker-dealer) to a transaction fails. The California Government Code and City's investment policy do not contain legal or policy requirements that would limit exposure to custodial credit risk for deposits or investments, other than the following provision applicable to *deposits*: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2014, all of the City's deposits with financial institutions in excess of federal depository insurance limits were held in fully collateral accounts, as permitted by the California Government Code. As of June 30, 2014, all of the City's investments were held by the City itself or by a broker-dealer (counterparty) other than the broker-dealer used by the City to purchase the securities in the City's name.

Investment in State Investment Pool

The City is a voluntary participant in LAIF which is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investments in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawals is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

NOTE 6 - LAND HELD FOR RESALE

The City, as the Redevelopment Successor Agency, has been transferred real property to be held for a limited period that will be used for future development. The inventory for land held for resale is presented at the lower of cost or net realizable value though it is initially recorded at historical costs. Subsequently the land could be adjusted to net realizable value if and when the City enters into agreements for development or sale of the property for less than its historical cost, when a property is impaired or when property value decreases due to market conditions.

NOTE 8 - INTERFUND TRANSACTIONS

Interfund transactions are comprised of loans, services provided, reimbursements, or transfers. Loans are reported as amounts “due to/due from” other funds or as “advances,” as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental activities and business-type activities are netted as part of the consolidation required to produce the government-wide financial statements.

Interfund receivable and payable balances at June 30, 2014 were:

NOTE 10 - CAPITAL LEASE

The City entered into a long-term lease agreement in September 2005 for the acquisition of water rights with the Kern County Water Agency (KCWA). The agreement entitles the City to receive 6,500 acre feet of water per year in exchange for annual payments tied to KCWA's Water Revenue Certificates of Participation from 2006 and 2008 which were used for the expansion of its water treatment facility. The City's lease payments coincide with the amortization schedule for the related KCWA debt with the value of the related water rights at \$20,664,937. The total lease obligation for the term of this agreement is as follows:

NOTE 12 - PLEDGED REVENUES

The City has pledged net revenues generated by the Wastewater Enterprise Fund to repay \$234 million in wastewater revenue bonds series 2007A and 2007B issued in August 2007. Each fiscal year, net revenues means all revenues of the enterprise fund received during the fiscal year less operation and maintenance costs for that fiscal year. The pledge of net revenues does not constitute a lien upon any property of the City. Proceeds of the bonds provided financing for expansion and upgrade of Wastewater Treatment Plant #3, and improvements to Wastewater Treatment Plant #2. The bonds are payable through 2034 for 2007A, and 2036 for 2007B. The covenants of the ordinances authorizing the bonds include, among other things, an obligation of the City to fix, prescribe, revise, and collect rates, fees, and charges for the services and facilities of the system and revise the same whenever necessary, which will provide gross revenues in each fiscal year sufficient to pay the cost of operation and maintenance of the system; one hundred twenty five percent (125%) of the bond service requirement becoming due in such fiscal year on the outstanding bonds; plus one hundred percent (100%) of all reserve and other payments required to be made pursuant to the ordinances authorizing the bonds.

The 2007B bonds were refunded by 2012A variable bonds. This action was initiated to replace the liquidity provider (Dexia) who was having a negative impact on the 2007B interest rates due to their significant exposure to European (Greece, France) investments. In conjunction with the refunding process, there was a partial bond call of \$18,730,000 approved by City Council to reduce the principal balance down to \$25 million. The new liquidity provider selected is JP Morgan Chase Bank. The 2012A variable bonds are payable through 2034. The current outstanding principal balance on the variable rate debt is \$15 million.

NOTE 13 - DEFERRED INFLOWS OF RESOURCES

Pursuant to GASB Statement No. 63, *“Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position”* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, the City recognized deferred inflows of resources in the government-wide financial statements. These items are an acquisition of net position by the City that is applicable to a future reporting period. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. Under the modified accrual basis of accounting, it is not enough that revenue has been earned if it is to be recognized in the current period. Revenue must also be susceptible to accrual (i.e., measurable and available to finance expenditures of the current period). Governmental funds report deferred revenues in connection with receivables for revenues not susceptible to accrual, as deferred inflows of resources.

Deferred inflows of resources balances for the year ended June 30, 2014 were as follows:

	<u>Balance at June 30, 2014</u>

Reimbursable developer costs of \$2,322,260 at June 30, 2014 are included in customer deposits in the Domestic Water Fund which represent amounts due to developers for construction of water mainline extensions and certain other water facilities. For mainline extensions transferred to the City after June 30, 1982, the developers are to be reimbursed based on revenues generated from the water sales associated with these mainline extensions. The City is required to reimburse 2.5% of the cost of the extension on a yearly basis with the total amount to be reimbursed within 40 years.

NOTE 16 - EMPLOYEE RETIREMENT BENEFITS

General

The City participates in the Miscellaneous Plan of the City of Bakersfield, the Safety Fire Plan of the City of Bakersfield, and the Safety Police Plan of the City of Bakersfield, which are included in the Public Agency portion of the California Public Employees' Retirement System (CalPERS). The City also participates in the Fireman's Relief and Pension Fund (FRPF), which is administered by the City. Combined, the plans cover all permanent and certain part-time employees.

Prior to June 26, 1972, all City employees of the Fire Department were covered by FRPF. Effective June 26, 1972, all existing and new employees of the Fire Department became members of CalPERS.

CalPERS

Miscellaneous Plan

A. Plan Description

The City's defined benefit pension plan, the Miscellaneous Plan, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Miscellaneous Plan is part of the Public Agency portion of the California Public Employees' Retirement System (CalPERS), an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State of California. A menu of benefit provisions as well as other requirements is established by State statutes within the Public Employees' Retirement Law. The City selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues a separate comprehensive annual financial report. Copies of the CalPERS' annual financial report may be obtained from their Executive Office - 400 P Street – Sacramento, CA 95814.

B. Funding Policy

Active plan members in the Miscellaneous Plan are required to contribute 8% of their annual covered salary. The City is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year ended June 30, 2014 was 16.939%. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by CalPERS.

C. Annual Pension Cost

For the year ended June 30, 2014, the City's annual pension cost of \$9,110,586 for CalPERS was equal to the City's required and actual contributions. The required contribution for fiscal year ended June 30, 2014 was determined as part of the June 30, 2011 actuarial valuation using the entry age normal actuarial cost method with the contributions determined as a percent of pay. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) projected annual salary increases that vary by duration of service ranging from 3.3% to 14.2%, and (c) 3% per year cost-of-living adjustments. Both (a) and (b) include an inflation component of 2.75%. The actuarial valuation of the Miscellaneous Plan's assets is based on a 15 year smoothed market methodology that dampens the effects of short-term market value fluctuations on employer contributions. The Miscellaneous Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. Based on the most recently completed actuarial valuation, the remaining amortization period at June 30, 2013 was twenty-one years.

The schedule of funding progress presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits.

NOTE 16 - EMPLOYEE RETIREMENT BENEFITS (continued)**Fireman's Relief and Pension Fund****A. Plan Description**

The Fireman's Relief and Pension Fund (FRPF), a single-employer defined benefit pension plan, is used to account for the accumulation of resources to be used for retirement, disability and death benefits as well as annual cost-of-living adjustments for Fire Department personnel who retired prior to June 26, 1972. At that time, eligible participants of the FRPF became members of CalPERS, and the FRPF was closed to new entrants. As of June 30, 2014, the most recent actuarial valuation date, there were 6 participants, retired and 100% vested. There is not a separate, audited GAAP-basis pension report available for the FRPF defined benefit pension plan.

B. Funding Policy

There were no employer or employee contributions made to this plan subsequent to June 26, 1972; the only activity in this plan is the receipt of income on invested assets and the payment of vested benefits. Benefit provisions may be amended by action of the City Council.

Through June 30, 1996, an actuarial valuation was performed every three years using the unit-credit method to calculate the costs of the FRPF for pension benefits. Since June 30, 1998, valuations have occurred every two years. The June 30, 2014 valuation used the unprojected unit credit method to calculate the costs for pension benefits.

The FRPF carried the following investments at June 30, 2014, which were not issued or directly guaranteed by the U.S. government and which exceeded five percent of plan assets for any one organization:

Local Agency Investment Fund	\$	111,088
Morgan Federal Farm Credit Bank Coupon	\$	1,000,000

Valuation date	06/30/14
Actuarial cost method	Projected unit credit method
Amortization method - UAAL	Average expected future lifetimes of plan participants
Amortization period	N/A
Actuarial asset valuation method	Fair market value
Actuarial assumptions:	
Investment rate of return	2.5% compounded annually (2.36% as of 06/30/14)
Projected salary increases	N/A
Post-retirement benefit increases	None
Inflation	3.5%
Mortality	RP2000 Annuity Table (projected to 2012). (1971 group annuity mortality set back two years for males and eight years for females, as of 06/30/04.)

NOTE 17 - OTHER POST-EMPLOYMENT BENEFITS (OPEB)**A. Plan Description**

In addition to the employee retirement benefits described in Note 16, the City provides a single-employer Post-Employment Retiree Medical Benefit Plan in accordance with a resolution approved by City Council. Two primary plans exist. All employees with a retirement date prior to January 1, 1985 were eligible for benefits upon retirement. Post-1985 employees must retire with fifteen years accumulated service upon retirement to participate. The service requirement is waived for safety employees who retire with a job-related disability.

Employees hired after the dates listed below will not participate in either of the retiree health subsidy programs mentioned above.

Miscellaneous Employees	February 22, 2006
Management and Supervisory	March 22, 2006
Fire Safety	May 05, 2006
Police Safety	May 24, 2006

For employees hired prior to the dates listed above, the City provides lifetime postretirement medical benefits for eligible retirees and qualified dependents with a choice of three medical options: Anthem Blue Cross Fee for Service (FFS), Anthem Blue Cross HMO, and Kaiser HMO. Mental Health and Vision benefits are carved out and provided through Optum Behavioral Health and Medical Eye Services, respectively. After reaching eligibility for Medicare, retirees are offered a choice of Blue Cross Senior Secure or Kaiser Senior Advantage HMOs. Retirees may also elect dental coverage but must self-pay the premiums for such coverage. Vision coverage is not offered to retirees. Retiree rates are unblended from employee rates.

The City contributes 3% of the lowest single-party rate per year of service to a maximum of 90%. If this dollar amount is greater than the premium for a retiree covered under one of the Medicare Risk plans, the retiree receives a cash reimbursement of the difference to a maximum of \$42.50 per month. The City also contributes 42% of the total FFS premium for all retirees participating in the FFS plan, excluding Miscellaneous employees hired after April 1, 1996 and Safety employees hired after April 1, 1998. The City has approximately 813 active employees and 699 retirees as of June 30, 2014.

Notes to the Financial Statements

NOTE 17 - OTHER POST-EMPLOYMENT BENEFITS (OPEB) (continued)**B. Funding Policy**

As required by GASB Statement No. 45, an actuary will determine the City's Annual Required Contributions (ARC) at least once every two fiscal years. The ARC is calculated in accordance with certain parameters, and includes (1) the Normal Cost for one year, and (2) a component for amortization of the total UAAL over a period not to exceed 30 years.

On December 13, 2006, the City entered into an agreement with Phase II Systems, doing business as Public Agency Retirement Services (PARS) for trust administration services to its post-employment retiree medical benefit plan and established a separate irrevocable trust for its postretirement medical benefit plan on January 23, 2007. Under the trust agreement, Union Bank of California, N.A. will be the Trustee and Investment Fiduciary.

The City's funding policy is to contribute an amount to an irrevocable trust each year equal to 100% of that year's ARC, to the extent funding sources are available to make such contributions. The percentage may be changed from time to time by City Council action. The net other post-employment benefit obligation stems from the General Fund not meeting its portion of the ARC, as such, the liability is due and will be paid from the General Fund. All future retiree health benefits will be paid out of the irrevocable trust set up for this purpose or reimbursed to the City for payments already made to date on the retirees' behalf. Separate financial reports are issued by PARS for the City's plan. Copies can be obtained from their offices at 4350 VonKarman Avenue, Suite 100, Newport Beach, CA 92660.

C. Annual OPEB Cost and Net OPEB Obligation/(Asset)

The following table shows the components of the City's Annual OPEB Cost for each of the last two fiscal years, the amount actually contributed to the plan, and changes in the City's Net OPEB Obligation/(Asset):

<u>Item</u>	Fiscal Year End 6/30/2014	Fiscal Year End 6/30/2013
Annual Required Contributions	\$ 6,539,299	\$ 8,006,053
Interest on Net OPEB Obligation/(Asset)	(101,771)	556,778
Adjustment to Annual Required Contributions	137,786	(726,606)
Annual OPEB Cost (expense)	6,575,314	7,836,225
Contributions Made	(6,950,125)	(10,292,900)
Increase/(Decrease) in Net OPEB Obligation/(Asset)	(374,811)	(2,456,675)
Net OPEB Obligation/(Asset)- beginning of year	(1,770,296)	686,379
Net OPEB Obligation/(Asset)- end of year	<u>\$ (2,145,107)</u>	<u>\$ (1,770,296)</u>

The City's Annual OPEB Cost, the percentage of Annual OPEB Cost contributed to the plan, and the Net OPEB Obligation/(Asset) for the fiscal years ended June 30, 2012 through 2014 are as follows:

Fiscal Year Ended	Annual OPEB Cost	Actual Contribution	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation/ (Asset)
6/30/2012	\$7,836,225	\$16,832,576	214.80%	\$686,379

NOTE 17 - OTHER POST-EMPLOYMENT BENEFITS (OPEB) (continued)**D. Funded Status and Funding Progress**

The funded status of the plan as of June 30, 2013 (the most recent actuarial valuation date) was as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Projected Unit Credit Actuarial Accrued Liability (AAL)	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
July 1, 2013	\$46,532,951	\$110,400,975	\$63,868,024	42.1%	\$56,277,827	113.5%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the Annual Required Contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The plan's most recent actuarial valuation was performed as of July 1, 2013. In that valuation the Projected Unit Credit (PUC) Cost Method was used. The actuarial assumptions included a 5.75% investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate ranging from 12.97 to -6.54%, reduced by decrements to an ultimate rate of 5% after 10 years. These assumptions reflect an implicit 3.0% general inflation assumption. The City's unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over 30 years. The remaining amortization period as of June 30, 2014 was 24 years.

Notes to the Financial Statements

NOTE 19 - RISK MANAGEMENT**Self-Insurance**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Self-Insurance Fund provides coverage for up to \$500,000 for each workers' compensation claim and \$1,000,000 for each liability claim. The City participates in a joint powers authority for workers' compensation claims in excess of coverage provided by the fund up to statutory limits and participates in a joint powers authority for any excess liability claims. All funds of the City participate in the program and are charged for their share of claim expenditures. The claims liability of \$33,193,165 at June 30, 2014 is based on the requirements of GASB No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. An estimate of incurred but not reported claims has been included in the liability based on the various percentages of loss reserves.

Changes in the fund's claims liability over the last three fiscal years is shown below:

	Liability at Beginning of Year	Current Year Claims and Changes in Estimates	Claims Payments	Liability at End of Year
2011-2012	\$ 27,322,281	\$ 10,376,559	\$ 9,215,407	\$ 28,483,433
2012-2013	28,483,433	10,950,492	8,348,541	31,085,384
2013-2014	31,085,384	11,077,445	8,969,664	33,193,165

Joint Powers Authority

The City has obtained excess liability coverage through the Authority for California Cities Excess Liability (ACCEL), a joint powers authority of medium-size California municipalities. ACCEL pools catastrophic general liability, automobile liability and public officials' errors and omissions losses, or purchases excess insurance, depending on market conditions. Each member's share of pooled costs will depend on the catastrophic losses of all the members. In addition, the cost to a member city will also depend on that member's own loss experience. Entities with a consistent record of costly claims will pay more than entities with a consistent record of less serious claims activity.

In order to provide funds to pay claims, or purchase excess insurance, ACCEL collects a deposit from each member. The deposits will be credited with investment income at the rate earned on ACCEL's investments. Based on information received from ACCEL as of June 30, 2014, the City had \$2,072,870 on deposit with ACCEL out of a total of approximately \$36,721,365.

The following municipalities are also members of ACCEL: Palo Alto, Santa Barbara, Visalia, Modesto, Ontario, Santa Monica, Anaheim, Santa Cruz, Mountain View, Burbank, Monterey, and Gardena. A representative from each member city, appointed to the position by their respective city councils, serves on the Board of Directors (Board) of ACCEL. The Board is responsible for deciding the risks ACCEL will underwrite, monitoring the costs of large claims and arranging financial programs. Each member of the Board has an equal vote in matters concerning ACCEL.

As of June 30, 2014, ACCEL had no long-term debt. Included in total liabilities is an estimated retrospectively rated refund of \$19,169,799. Complete financial statements of ACCEL can be obtained at the City's Finance Department at 1600 Truxtun Avenue, Bakersfield, CA 93301.

A summary of the financial information for ACCEL at June 30, 2014 is as follows:

Total assets	\$ 52,857,861
Total liabilities	<u>35,072,733</u>
Total members' net position	<u>\$ 17,785,128</u>
Total revenues	\$ 13,173,613
Total expenses	<u>16,558,766</u>
Net change in members' net position	<u>\$ (3,385,153)</u>

NOTE 20 - COMMITMENTS AND CONTINGENCIES

General Liability

Several claims and suits have been filed against the City in the normal course of business. In the opinion of management and the City Attorney, the potential liability of the City for such claims will not have a material adverse effect on the financial statements of the City. Also, the City has certain commitments under long-term construction projects which will be funded out of future revenues.

Bakersfield Landfill

The entire capacity of the former sanitary landfill has been used. The State has required environmental closure and capping of the City's former sanitary landfill and remediation of the adjacent burn dump. Although these two waste disposal areas are adjacent to each other, the City completed the remediation of the burn dump separately, through the State's Expedited Remedial Action Program, in 1998. The cost of remediation for the burn dump of \$1.8 million was funded by the City's Refuse Service Fund and was expensed in prior fiscal years. The landfill closure was completed in May 2013 at a cost of \$4.8 million. The City's net share of this joint City/County project was approximately \$3 million. Kern County reimbursed the City for the remaining \$1.8 million.

The City will be required to perform post-closure monitoring and maintenance of the landfill after it is closed and capped. This will result in an ongoing annual cost of approximately \$150,000. The City will be responsible for about \$125,000 of these annual charges because most of these costs will be for the landfill gas management system, which is the City's responsibility. Kern County will be responsible for reimbursing the City for the remainder. City management anticipates all closure and post-closure costs being covered by annual Refuse Service fund revenues. These estimates of cost are subject to future adjustment for inflation or deflation, technology, or applicable laws or regulations.

NOTE 22 - CONDUIT DEBT OBLIGATIONS

The City has been associated with the issuance of various health care, residential care, mortgage, commercial and industrial development debt issues. These debt obligations were issued under provisions of State and Federal laws that explicitly state that they do not constitute any indebtedness of the City. The City's sole involvement with these bonds was their issuance under the City's name or the City Council's authorization. As such, the following conduit debt obligations are not reflected in the accompanying basic financial statements:

NOTE 24 - EXTRAORDINARY ITEM**Successor Agency Loan Write-down**

In 2009 the City and the Redevelopment Agency entered into various inter-agency loan agreements to assist with the land acquisition elements of active Redevelopment projects. The State of California dissolved all Redevelopment Agencies under AB26 on February 1, 2012 and the City of Bakersfield subsequently became the Successor Agency to the former Bakersfield Redevelopment Agency. The redevelopment dissolution laws invalidated contracts executed between cities and their former redevelopment agencies. On March 25, 2013 the Successor Agency received a "finding of completion" from the Department of Finance, which stated that the Interagency Loans were for legitimate redevelopment purposes and therefore qualify as enforceable obligations under Health and Safety Code 34191.4. These loans between the City and Successor Agency (Former Redevelopment Agency (RDA)) were reinstated on the Recognized Obligation Payments Schedule (ROPS) 14-15A per Oversight Board Resolution No. OB 002-13. As part of the reinstatement the loan repayments are governed by the criteria in Health and Safety Code (HSC) section 34191.4(a)(2). Repayment of the loans included a reduced interest from loan inception to the LAIF rate of .244% at time of reinstatement. The loan reduction due to the interest recalculation is \$364,554. The repayment amount is calculated to not exceed 50% of the increase in the residual amount paid to local agencies and school entities for that present fiscal year compared to said residual amounts distributed in fiscal year 2012-13, as described in Health & Safety Code 34191(b)(2)(A). Further, loan balances were reduced by 20% to be paid to the Successor Agency Housing Fund which was established by Health and Safety Code 34176(d) in accordance with RDA dissolution law. The loan reduction based on the 20% being diverted to Successor Agency Housing is \$572,106. The total loan reduction for interagency loans between the City and Successor Agency is \$936,660.

BUDGETARY INFORMATION

Through the budget process, the City Council sets the direction of the City, allocates its resources and establishes its priorities. The Annual Budget assures the efficient and effective use of the City's economic resources, as well as establishing that the highest priority objectives are accomplished. Budgets are adopted for all governmental fund types and are prepared on a basis consistent with accounting principles generally accepted in the United States of America.

The Annual Budget serves from July 1 to June 30, and is a vehicle that accurately and openly communicates these priorities to the community, businesses, vendors, employees and other public agencies. Additionally, it establishes the foundation of effective financial planning by providing resource planning, performance measures and controls that permit the evaluation and adjustment of the City's performance.

The City's budget is prepared and based on four expenditure categories; personnel, supplies and services, minor capital outlay and capital improvement programs. The first three listed are considered operational in nature and known as *recurring costs*. Capital improvement projects are asset acquisitions, facilities systems, and infrastructure improvements typically over \$50,000, and/or those items "outside" of the normal operational budget. These are known as *one-time costs*.

The City collects and records revenue and expenditures within the following categories:

- Governmental Activities
- Business-Type Activities

The Governmental Funds include the General Fund, Special Revenue, Debt Service and Capital Projects funds. All funding sources are kept separate for both reporting and use of the money. The General Fund is where most City services are funded that are not required to be segregated.

The budget process begins as a team effort in January of each year, starting with an annual strategic planning meeting. Then the individual departments use projected revenue assumptions to prioritize and recommend the next fiscal year's objectives. The City Manager's Office and the Finance Department review all budget proposals and revenues assumptions, as well as all current financial obligations before preparing the document that is proposed to the City Council. The City Council reviews the Proposed Budget through a series of workshops, and the final adoption of the budget is normally scheduled for the second City Council meeting each June.

At the beginning of each fiscal year, certain appropriations are "carried forward" from the prior budget year. These items generally relate to either open encumbrances that exist at June 30, or capital projects that were budgeted in the prior fiscal year that did not progress to the encumbrance stage as of June 30. The City Manager's Office approves all carryovers that are not encumbered as of June 30 of each year.

The amounts carried forward from fiscal year ended June 30, 2013 to fiscal year ended June 30, 2014 totaled \$284,447,721.

General Fund

This fund was established to account for the revenues and expenditures to carry out basic governmental activities of the City of Bakersfield such as a general government, public safety, public works and community services.

Revenues are recorded by source, i.e., taxes, licenses and permits, etc. Expenditures are made primarily on current day-to-day operations and are recorded by major functional classifications and by operating departments.

This fund accounts for all financial transactions not accounted for in another fund.

Special Revenue Funds

These funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Transient Occupancy Taxes Fund is used to account for Transient Occupancy Tax Revenues (Hotel Tax) and expenditures funded by this revenue source. The Rabobank Arena and Convention Center and Bakersfield Ice Sports Center operating revenues and expenditures are recorded in this fund. This fund is also used to account for duties performed by the Greater Bakersfield Convention and Visitors Bureau.

Community Development Block Grant Fund is used to account for resources provided by the Federal Housing and Community Development Act of 1974 for the elimination of slums and blight, housing conservation and improvements of community services.

National Stabilization Fund is used to account for resources provided by the Federal Housing and Economic Recovery Act of 2008 to address congressionally identified needs of abandoned and foreclosed homes in the City. These funds are used for down payment assistance, acquisition of Real Estate Owned (REO) lender assets properties that have been foreclosed upon for redevelopment, rehabilitation of acquired residential structures, and demolition of blighted structures.

American Recovery & Reinvestment Act Fund is used to account for the City's portion of American Recovery & Reinvestment Act funds received from the Federal government to help improve the local economy. These funds were received for Public Safety, Community Development, and Public Works projects.

Gas Tax & Road Fund is used to account for the City's share, based upon population, of state gasoline taxes. State law requires these gasoline taxes be used to maintain streets or for major street construction. This fund also accounts for the resources provided by the Transportation Equity Act for the 21st Century (TEA21). These resources are less restrictive than in past programs but are still limited to transportation projects approved in the Transportation Improvement Program. Congestion Mitigation and Air Quality (CMAQ) funds are used in the metropolitan Bakersfield area to fund transportation projects in the Transportation Improvement Program. Regional Surface Transportation Program (STP) is funded by Federal-aid functionally classified higher than local road or rural minor collector routes. Transportation Enhancement Activities (TEA) Program projects have a direct relationship to the intermodal transportation system by function, proximity, or impact. Lastly, the Highway Bridge Replacement and Rehabilitation Program (HBRR) allows each local agency two bridge replacement projects and two miscellaneous projects per year.

State (TDA) Transportation Fund is used to account for three Transportation Development Act (TDA) funding sources. Article 3 funds are used to construct facilities that specifically benefit pedestrians and/or bicyclists. Article 4 funds are Local Transportation and State Transit Assistance Funds. These resources are used to cover the City's maintenance and operation costs of the Bakersfield Amtrak Railway Station. The City is the owner of the station and leases the facility to Amtrak, who operates the transit service. These resources are used solely for the expenses incurred by the City as owner of the facility. Article 8 funds represent the City's allocation of the 1/4% of sales tax authorized by SB 325. State law requires these sales tax dollars be used for street purposes. These funds are received and expended by the City as lead agency servicing the local road network. All three revenue resources are accounted for individually as required by the State of California but are combined for financial reporting purposes. The City currently receives only Article 3 and Article 4 money.

State Safety Fund is used to account for the City's share of traffic fine resources which are transferred to the General Fund to assist in funding the cost of traffic safety and control devices and State of California monies from the Supplemental Law Enforcement Services grant. Both of these revenue sources are accounted for individually as required by the State, but combined for financial reporting purposes.

Redevelopment Successor Agency Housing Fund was created on February 1, 2012, pursuant to the provisions of the Redevelopment Restructuring Act. The City has chosen to assume the housing functions and take over the housing assets of the former Redevelopment Agency.

Capital Projects Funds

These funds account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by Proprietary Funds and Trust Funds.

The Special Assessment Districts Fund is used to account for the construction phase of capital improvements of which the City is limited to acting only as agent for the assessed property owners and the bondholders. Assessment Districts are formed in accordance with the Municipal Improvement Act of 1913, being Division 12 of the California Streets and Highway Code (the "1913 Act"). The Bonds are issued pursuant to the Improvement Bond Act of 1915, being Division 10 of the Streets and Highways Code (the "1915 Act"), and Section 13.08.070 of the Municipal Code of the City. The payments by property owners and the debt service are accounted for in an Agency fund.

Capital Outlay Fund is used to account for the cost of capital projects financed by general revenues and grant/loan proceeds for recreational facilities.

Park Improvement Fund is used to account for funds collected for residential park development (Ordinance No. 3646). Fees are collected based on the development's share of the cost to develop, improve, construct or enhance a neighborhood park (Ordinance No. 3327).

Transportation Development Fund is used to account for funds collected from fees paid to mitigate the traffic impacts to the regional circulation system caused by a development project. The fees are paid when a building permit for the development project is obtained, and are based upon the amount of traffic the development will generate. With these fees, the City constructs projects that have been identified as necessary to maintain the level of services required by the 2010 General Plan for the regional transportation network. This is a joint City and Kern County program which affects the entire metropolitan area. Fees are collected with the building permit and are based on the relative impact each land use has on the transportation network. The fee schedule was adopted with Ordinance No. 3513 and will be periodically evaluated by the City Council and revised to reflect updated costs and growth projections. Revenue from fees collected may also be used to service bonded debt incurred in Capital Improvement Construction.

Internal Service Funds

These funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost-reimbursement basis.

Self-Insurance Fund is used to account for the cost of operating a self-insurance program as follows:

With regard to workers' compensation, the City is self-insured for the first \$500,000 of each injury or occurrence and is a member of California Public Entity Insurance Authority (CPEIA) which provides \$5,000,000 of excess coverage to protect against catastrophic type losses. Funding for this program is provided by interdepartmental charges varying by employee classification and their industrial injury loss experience.

With regard to general and auto liability, the City is self-insured for the first \$1,000,000 of each accident or occurrence and is a member of the Authority for California Cities Excess Liability (ACCEL) which provides excess commercial insurance in the amount of \$10,000,000. Funding for this program is provided by interdepartmental charges.

Equipment Management Fund is used to account for the cost of operating and maintaining a maintenance facility for vehicular, telecommunications and computer equipment used by other City departments. Such costs are billed to other departments via established rates which are based upon actual cost. Actual costs include maintenance, repair, and replacement cost of shop and automotive equipment.

(1) In 1978 the voters of the State of California passed Proposition 13 which limited taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum of 2%). With few exceptions, property is only reassessed as a result of new construction activity or at the time it is sold to a new owner. At that point, the property is reassessed based upon the added value of the construction or at the purchase price (market value) or economic value of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

(1) In 1978 the voters of the State of California passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

(2) Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all City property owners.

(3) City's share of 1.00% Levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the City. Educational Revenue Augmentation Fund (ERAF) general fund tax shifts are not included in tax ratio figures. The effective City rate after ERAF is 9.9%.

(4) Total Direct Rate is the weighted average of all individual direct rates applied by the City of Bakersfield.

PROPOSED FORM OF OPINION OF BOND COUNSEL

[Closing Date]

City of Bakersfield
Bakersfield, California

Re: City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1
(Consolidated Reassessment District), Series 2015A and City of Bakersfield Limited
Obligation Refunding Bonds, Reassessment District No. 15-1
(Consolidated Reassessment District), Series 2015B (Federally Taxable)
(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the City of Bakersfield (the "City") in connection with issuance of \$_____ principal amount of City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015A (the "Series 2015A Bonds") and \$_____ principal amount of City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015B (Federally Taxable) (the "Series 2015B Bonds," and together with the Series 2015A Bonds, the "Bonds"). The Bonds are being issued pursuant to a Fiscal Agent Agreement, dated as of July 1, 2015 (the "Fiscal Agent Agreement"), each between the City and U.S. Bank National Association, as fiscal agent (the "Fiscal Agent"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Fiscal Agent Agreement.

In such connection, we have reviewed the Fiscal Agent Agreement, the Tax Certificate, certifications of the City, the Fiscal Agent and others, certificates of the City, the Fiscal Agent and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the City. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Fiscal Agent Agreement and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Series 2015A Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Bonds, the Fiscal Agent Agreement and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, receivership,

reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against cities in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents. Our services did not include financial or other non-legal advice on the plans, specifications, maps, financial report or other engineering or financial details of the proceedings, or upon the validity of the individual separate reassessments securing the Bonds which validity depends, in addition to the legal steps required, upon the accuracy of certain of the engineering details. Our services did not include financial or other non-legal advice. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement or other offering material relating to the Bonds and express no opinion with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute the valid and binding special assessment obligations of the City.
2. The Fiscal Agent Agreement has been duly executed and delivered by and constitutes the valid and binding obligation of, the City.
3. Interest on the Series 2015A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. Interest on the Series 2015A Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although we observe that such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. Interest on the Series 2015B Bonds is not excluded from gross income for federal income tax purposes under the Code. Interest on the Bonds is exempt from State of California personal income taxes. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

Faithfully yours,

APPENDIX E

BOOK-ENTRY ONLY SYSTEM

The following description of DTC and its book-entry system has been provided by DTC and has not been verified for accuracy or completeness by the City, and City does not take any responsibility or have any liability with respect thereto. The City shall have no responsibility or liability for any aspects of the records maintained by DTC relating to, or payments made on account of, beneficial ownership, or for maintaining, supervising, or reviewing any records maintained by DTC relating to beneficial ownership, of interests in the Bonds.

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of each series of Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. *The foregoing internet address is included for reference only and the information on the internet site is not a part of this Official Statement or incorporated by reference into this Official Statement. No representation is made in this Official Statement as to the accuracy or adequacy of the information included in such internet site.*

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal payments, and interest payments with respect to the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the City or the Fiscal Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Fiscal Agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal, and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Fiscal Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Bonds purchased or tendered, through its Participant, to the Fiscal Agent, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interest in the Bonds, on DTC's records, to the Fiscal Agent. The requirement for physical delivery of Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Fiscal Agent's DTC account.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the City or the Fiscal Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

APPENDIX F

FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the City of Bakersfield (the “City”) in connection with the issuance and delivery of the City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015A, in the aggregate principal amount of \$_____ (the “Series 2015A Bonds”), and the City of Bakersfield Limited Obligation Refunding Bonds, Reassessment District No. 15-1 (Consolidated Reassessment District), Series 2015B (Federally Taxable), in the aggregate principal amount of \$_____ (the “Series 2015B Bonds” and, together with the Series 2015A Bonds, the “Bonds”). The Bonds are being issued pursuant to the Refunding Act of 1984 for 1915 Improvement Act Bonds (the “Refunding Act”), a resolution adopted by the City Council of the City on June 3, 2015, authorizing the issuance of the Bonds, and a Fiscal Agent Agreement, dated as of July 1, 2015 (the “Fiscal Agent Agreement”), by and between the City and U.S. Bank National Association, a national banking association, as fiscal agent (the “Fiscal Agent”). The City covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the City for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with the Rule.

Section 2. Definitions. In addition to the definitions set forth in the Fiscal Agent Agreement, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms have the following meanings:

“*Annual Report*” means any Annual Report provided by the City pursuant to, and as described in, Sections 3 and 4.

“*Annual Report Date*” means March 31 in each year, beginning March 31, 2016.

“*Dissemination Agent*” means the City, acting as Dissemination Agent, or any successor Dissemination Agent designated in writing by the City and which has filed with the City a written acceptance of such designation.

“*Listed Events*” means any of the events listed in Section 5(a) or 5(b).

“*MSRB*” means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule.

“*Official Statement*” means the Official Statement dated _____, 2015, relating to the Bonds.

“*Participating Underwriter*” means Stifel, Nicolaus & Company, Incorporated, the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“*Rule*” means Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Provision of Annual Reports.

(a) The City shall, or shall cause the Dissemination Agent to, not later than the Annual Report Date, commencing March 31, 2016, provide to the MSRB, in an electronic format as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4. Not later than five days prior to the Annual Report Date, the City shall provide the Annual Report to the Dissemination Agent (if other than the City). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 4; provided that the audited financial statements of the City may be submitted separately from the balance of the Annual Report, and later than the Annual Report Date if not available by that date. If the City's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c). The Dissemination Agent (if other than the City) shall have no duty or obligation to review such Annual Report.

(b) If the City does not provide (or cause the Dissemination Agent to provide) an Annual Report by the Annual Report Date, the City shall provide a notice (or cause the Dissemination Agent to provide) to the MSRB, in an electronic format as prescribed by the MSRB.

(c) With respect to each Annual Report, the Dissemination Agent shall:

(i) determine each year prior to the Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and

(ii) if the Dissemination Agent is other than the City, file a report with the City certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided.

Section 4. Content of Annual Reports. The City's Annual Report shall contain or incorporate by reference the following:

(a) Audited Financial Statements prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the City's audited financial statements are not available by the Annual Report Date, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) The following information:

(i) The principal amount of Bonds Outstanding as of the December 31 next preceding the Annual Report Date;

(ii) The balance in the Debt Service Reserve Fund, and a statement of the Reserve Requirement, as of the December 31 next preceding the Annual Report Date;

(iii) The total assessed value of all parcels within the Reassessment District on which the Reassessments are levied, as shown on the assessment roll of the Kern

County Assessor last equalized prior to the December 31 next preceding the Annual Report Date, and a statement of assessed value-to-lien ratios therefor, either by individual parcel or by categories (e.g., “below 3:1,” “3:1 to 4:1,” etc.);

(iv) The Reassessment delinquency rate for all parcels within the Reassessment District, as shown on the assessment roll of the Kern County Assessor last equalized prior to the December 31 next preceding the Annual Report Date, the number of parcels within the Reassessment District delinquent in payment of Reassessments as of the December 31 next preceding the Annual Report Date, the amount of each delinquency, the length of time delinquent and the date on which foreclosure was commenced, or similar information pertaining to delinquencies deemed appropriate by the City; provided, however, that parcels with aggregate delinquencies of \$2,000 or less (excluding penalties and interest) may be grouped together and such information may be provided by category; and

(v) The status of foreclosure proceedings and a summary of the results of any foreclosure sales as of the December 31 next preceding the Annual Report Date;

(c) In addition to any of the information expressly required to be provided under paragraphs (a) and (b) of this Section, the City shall provide such further information, if any, as may be necessary to make the specifically required statements, in the light of the circumstances under which they are made, not misleading.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the City or related public entities, which are available to the public on the MSRB’s Internet web site or filed with the Securities and Exchange Commission. The City shall clearly identify each such other document so included by reference.

Section 5. Reporting of Listed Events.

(a) *Reportable Events.* The City shall, or shall cause the Dissemination (if not the City) to, give notice of the occurrence of any of the following events with respect to the Bonds:

- (1) Principal and interest payment delinquencies.
- (2) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (3) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (4) Substitution of credit or liquidity providers, or their failure to perform.
- (5) Defeasances.
- (6) Rating changes.
- (7) Tender offers.
- (8) Bankruptcy, insolvency, receivership or similar event of the obligated person (which event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding

under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person).

- (9) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.

(b) *Material Reportable Events.* The City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material:

- (1) Non-payment related defaults.
- (2) Modifications to rights of security holders.
- (3) Bond calls.
- (4) The release, substitution, or sale of property securing repayment of the securities.
- (5) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms.
- (6) Appointment of a successor or additional trustee, or the change of name of a trustee.

(c) *Time to Disclose.* Whenever the City obtains knowledge of the occurrence of a Listed Event, the City shall, or shall cause the Dissemination Agent (if not the City) to, file a notice of such occurrence with EMMA, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(5) and (b)(3) above need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to owners of affected Bonds under the Fiscal Agent Agreement.

Section 6. Identifying Information for Filings with the MSRB. All documents provided to the MSRB under the Disclosure Certificate shall be accompanied by identifying information as prescribed by the MSRB.

Section 7. Termination of Reporting Obligation. The City's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the City shall give notice of such termination in the same manner as for a Listed Event under Section 5(c).

Section 8. Dissemination Agent. The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The initial Dissemination Agent shall be the City. The Dissemination Agent (if other than the City) may resign by providing thirty days prior written notice to the City.

Section 9. Amendment. Notwithstanding any other provision of this Disclosure Agreement, the City may amend this Disclosure Agreement, provided no amendment increasing or affecting the obligations or duties of the Dissemination Agent shall be made without the consent of such party, and any provision of this Disclosure Agreement may be waived if such amendment or waiver is supported by an opinion of counsel expert in federal securities laws acceptable to the City to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule.

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the City shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 11. Default. In the event of a failure of the City to comply with any provision of this Disclosure Certificate any Participating Underwriter or any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Fiscal Agent Agreement, and the sole remedy under this Disclosure Certificate in the event of any failure of the City or the Dissemination Agent to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the City agrees to indemnify and save the Dissemination Agent (if other than the City), its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the City under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

The Dissemination Agent shall be paid compensation by the City for its services provided hereunder in accordance with its schedule of fees as agreed to between the Dissemination Agent and the City from time to time and all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder. The Dissemination Agent may conclusively rely upon the Annual Report provided to it by the City as constituting the Annual Report required of the City in accordance with this Disclosure Certificate and shall have no duty or obligation to review such Annual Report. The Dissemination Agent shall have no duty to prepare the Annual Report nor shall the Dissemination Agent be responsible for filing any Annual Report not provided to it by the City in a timely manner in a form suitable for filing with the MSRB. In accepting the appointment under this

Agreement, the Dissemination Agent is not acting in a fiduciary capacity to the Holders or Beneficial Owners of the Certificates, the City, the Participating Underwriters or any other party or person. No provision of this Disclosure Certificate shall require the Dissemination Agent to risk or advance or expend its own funds or incur any financial liability. Any company succeeding to all or substantially all of the Dissemination Agent's business shall be the successor to the Dissemination Agent hereunder without the execution or filing of any paper or any further act.

Section 13. Beneficiaries. This Disclosure Certificate inures solely to the benefit of the City, the Dissemination Agent, the Participating Underwriters and holders and beneficial owners from time to time of the Bonds, and creates no rights in any other person or entity.

Reassessment

WHEREAS, on _____, 2015 the City Council of the City of Bakersfield California (the "Agency"), pursuant to the provisions of the Refunding Act of 1984 for 1915 Improvement Act Bonds (the "Act"), adopted its Resolution of Intention No. _____ declaring its intention to refund the outstanding bonds (the "Prior Bonds") of the following assessment districts (the "District"):

Assessment District No. 04-1 (Countryside/The Homestead/ Cherry Hill/Olive Park III);

Assessment District No. 04-2 (Brighton Parks/Brighton Village/ Stockdale at Allen Commercial/Cherry Hill II);

Assessment District No. 04-3 (Solera/Rio Vista);

Assessment District No. 05-3 (Liberty II/Village Green/Tesoro-Encanto/Lin/Rider/Diamond Ridge);

Assessment District No. 06-1 (Etcheverry/Lin II/University Park); and

to levy reassessments on the property within the District as security for the refunding bonds;

WHEREAS, said Resolution directed the undersigned to make and file a report presenting the following:

- A schedule setting forth the unpaid principal and interest of the Prior Bonds to be refunded and the total amounts thereof;
- The total estimated principal amount of the reassessment and of the refunding bonds to be secured by the unpaid reassessments and the maximum interest thereon, together with an estimate of cost of the reassessment and of issuing the Bonds, including all costs of issuing the refunding bonds, as defined by subdivision (a) of Section 9600 of the Act;
- The auditor's record kept under Section 8682 of the Streets and Highways Code of California showing the schedule of principal installments and interest on all unpaid original assessments for the prior bonds and the total amounts thereof;
- The estimated amount of each reassessment, identified by reassessment number corresponding to the reassessment number on the reassessment diagram, together with a proposed auditor's record for the reassessment prepared in the manner described in Section 8682; and
- A reassessment diagram showing the Reassessment District and the boundaries and dimensions of the subdivisions of land within the

Reassessment District. Each subdivision, including each separate condominium interest as defined in Section 783 of the Civil Code, shall be given a separate number upon the diagram.

NOW THEREFORE, the undersigned, by virtue of the authorization provided in the Resolution of Intention has prepared this report regarding the reassessment to be levied pursuant to the Act on property within the District to accomplish the refunding of the Prior Bonds and which will be security for the refunding bonds.

The amount to be paid for said refunding, together with the expenses incidental thereto, and the reassessment balance are set forth herein.

And I do hereby reassess and apportion the total amount of the cost and expenses of said reassessment and refunding upon the several lots, pieces or parcels or portions of lots or subdivisions of land liable therefore and benefited thereby, and hereinafter numbered to correspond with the numbers upon the attached diagram, upon each thereof, severally and respectively, as more particularly set forth in the reassessment roll attached and by reference made a part hereof.

As required by the Act, a diagram hereto attached shows the District and also the boundaries and dimensions of the respective subdivisions of land within the District as the same existed at the time of the passage of said Resolution, each of which subdivisions having been given a separate number upon said diagram.

Said reassessment is made upon the several subdivisions of land within the District in proportion to the unpaid principal amount of the original assessment recorded as a lien against each said subdivisions land. The reassessment numbers set forth in the Reassessment Roll and elsewhere herein are the identifying numbers of the parcels of land within the District as they appear on the Reassessment Diagram.

Each subdivision of land reassessed is described in the Reassessment Roll by reference to its parcel number as shown on the Assessor's Maps of the County of Kern for the fiscal year 2015-2016 and includes all of such parcel. For a more particular description of said property, reference is hereby made to the deeds and maps on file and of record in the office of the County Recorder of said County.

Notice is hereby given that serial refunding bonds to represent unpaid reassessments and bear interest at the rate of not to exceed twelve percent (12%) per annum, will be issued thereunder in the manner provided by Chapter 3 of Division 11.5 of the Streets and Highways Code, the Refunding Act of 1984 for 1915 Improvement Act Bonds, and the last installment of such refunding bonds shall mature not to later than September 2, 2027.

Dated April 27, 2015

ASSUMPTIONS & LIMITING CONDITIONS

We believe the information furnished to us is reliable but assume no responsibility for its accuracy.

This appraisal assumes all elements of the subject property are in serviceable condition. Since BTI Appraisal is not a licensed building inspector, this report is subject to re-evaluation if elements of the property are found to be unserviceable.

If financial statements, operating histories or any other data relating to the income and expenses attributed to the subject property have been utilized, they were provided by the owner, or representatives of the owner, and have been accepted without further verification, except as specifically set forth in this report.

We assume no responsibility for legal matters, nor do we render an opinion as to the title of the subject property. The legal descriptions given in this report were furnished by others, based on our review of public records as noted in the report, and are assumed to be correct.

The appraiser made no legal survey, nor has one been commissioned. Therefore, any plat, diagram or previous survey appearing in the report is only for the purpose of assisting the reader to visualize the subject property. Any sketch of the subject property included in this report has been prepared by our firm and has been relied upon unless specifically stated in this report.

The allocation of total value to land or building, if shown in this report, is invalidated if used separately or in conjunction with any other appraisal.

This report has been made without the benefit of a current soil or structural analysis by a competent engineer, a building inspection by a certified inspector or a termite report unless otherwise stated. We offer no opinion as to the structural integrity of retaining walls or foundations, nor to present or future adverse effects due to the presence of asbestos, soil contaminants or other natural or man-made pollutants.

We are unaware of any lawsuits or contractual obligations, other than those specifically noted in this report, that would enhance or diminish the value of the subject property or its assets. If the presence of such matters is revealed, we reserve the right to modify our opinions expressed in this report.

The Americans with Disabilities Act (ADA) became effective January 26, 1992. The appraiser has not made a specific compliance survey and/or analysis of the subject property to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the subject property, together with a detailed analysis of the requirements of the ADA, could reveal that the subject property is not in compliance with one or more elements of the ADA. If so, this fact could have a negative effect upon the value of the subject property. Since the appraiser has no direct evidence relating to this issue, the appraiser did not consider possible

noncompliance with the requirements of the ADA in estimating the value of the subject property.

Possession of this report does not carry with it the right of publication, nor may it be used for any purpose by any person but the client without the previous written consent of the client and BTI Appraisal. Testimony or attendance in court by reason of this appraisal shall not be provided unless previous arrangements have been made.

Proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the City of Bakersfield development standards with consistency to the recently constructed improvements.

It is assumed that all improvements and benefits to the subject property, which are to be funded by RD 15-1 – Series 2015A & 2015B bond proceeds, are completed and in place.

INTENDED USE & USERS OF THE APPRAISAL REPORT

The intended use of the appraisal is to assist bond purchasers in reviewing the asset value of the subject property in connection with the issuance by Reassessment District No. 15-1 the City of Bakersfield, Limited Obligation Refunding Bonds, Series 2015A and 2015B (Federally Taxable) of its 2015 Special Tax Bonds (“the Bonds”). This appraisal may be attached as an appendix to the Official Statement for the Bonds.

PROPERTY INTEREST BEING APPRAISED

According to appraisal standards set forth by the California Debt Investment Advisory Committee, appraisals undertaken to establish value-to-lien ratios in Reassessment Districts and assessment districts should value the fee simple estate, subject only to special tax and special assessment liens.

Therefore, we are appraising the following interest in the subject property:

Fee Simple Estate: “Absolute ownership unencumbered by any other interest or estate; subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.”

SCOPE OF THE APPRAISAL

The following steps were taken in arriving at our final estimates of value of the subject property:

1. After receiving the assignment, a preliminary search was made to determine market trends and other significant factors pertinent to the subject property.

In order to develop credible assignment results, this appraisal included research and analysis of property characteristics, taxes, zoning, restrictions and encumbrances.

The Sales Comparison Approach included research of market trends, new construction, absorption, marketing and exposure time, comparable sales and analysis of sale comparables.

For the purpose of the assignment, it is the opinion of the appraiser that a credible result can be obtained without utilizing the research and analyses of the Cost Approach and Income Approach because these analyses do not provide a credible indication of value and are not typically employed in the appraisal of single family properties.

Data systems we utilize include, but are not limited to, the following:

NDC data, provided by National Data Collective, is a comprehensive on-line database which provides information on sales, property data, FEMA flood map information, and parcel maps for properties throughout the United States.

Real Quest, provided by Core Logic, is also a comprehensive on-line database providing a second, confirming source for data used in our reports.

Parcel Quest, is also a comprehensive on-line database providing a second, confirming source for data used in our reports.

Real Estate Multiple Listing Services provide on-line connections to MLS cooperatives throughout most of Southern California, allowing the appraiser to gather up-to-the-minute information on property sales, rentals and current listings.

Marshall Valuation Services, provided by Marshall & Swift, is the industry-standard provider of up-to-the-moment construction cost data worldwide. We subscribe to the computerized versions of the Commercial Estimator and the Residential Estimator, both of which are detailed cost estimating systems that are driven by the zip code of the property, allowing for refinements of current conditions in a particular neighborhood.

In addition to our in-house data systems we interview, by telephone or in person, real estate brokers, property owners, buyers and sellers of property, and tenants, as well as governmental and non-governmental entities having jurisdiction or influence in current market trends and attitudes. We then analyze and reconcile the collected data to form our opinion of value.

2. A physical inspection of the subject property was performed. However, the appraiser is not an expert in such matters as pest control, structural engineering, hazardous waste, soil slippage, electrical, plumbing, roofing, foundation systems, etc., and no warranty is given with regard to these elements. As needed, inspections by various licensed professionals within these fields might be recommended with the final estimate subject to their findings.
3. This appraisal report was completed in accordance with requirements dictated by the Uniform Standards of Professional Appraisal Practice 2014-2015 @ The Appraisal Foundation. This report includes such data and information needed to lead the reader to a similar estimate of our market value conclusion.
4. The Dictionary of Real Estate Appraisal, 5th Edition, as published by the Appraisal Institute, is the source of all definitions in this appraisal report, unless otherwise noted.

IDENTIFICATION OF REAL ESTATE BEING APPRAISED

We have appraised the real property described by the County Assessor's Maps as that certain real property situated in the State of California, County of Kern, City of Bakersfield, and more particularly described as follows:

University

Park SFRs: Lots 1-35, Tract Number 7166, Unit 4, as shown on a map thereof recorded in records of said county.

Brighton Parks

SFRs: Lots 1-9, Tract Number 6250, Unit 16; Lots 1-15, Tract Number 6250, Unit 19; Lots 1-10, Tract Number 6250, Unit 20 and Lots 1-30, Tract Number 6250, Unit 14, as shown on a map thereof recorded in records of said county.

In addition to the mapped lots mentioned above, Brighton Parks has 9 additional parcels (5 lots and 4 model homes) located on APN #500-700-18. This parcel has a legal description as follows: A portion of Lot 36, Tract Number 6281, Unit 1, as shown on a map thereof recorded in records of said county.

As these lots are not located on any County Assessor Map or Tract Map available to the appraiser, we will not provide a legal description for these 9 parcels. However, we are valuing these 9 parcels as SFRs rather than raw land as shown on the highlighted assessor map that follows.

Brighton Parks

Raw Land

500-700-21: A portion of Lot 36, Tract Number 6281, Unit 1, as shown on a map thereof recorded in records of said county. (This parcel is located within Brighton Parks, which has a Tract Number of 6250. Once sub-divided the lots will be a part of Tract Number 6250).

Village Green

SFRs: Lot A, LLA 13-0259, Tract Number 6448, Unit 1; Lots 1 & 37, Tract Number 6448, Unit 6; Lots 1-6, 12 and 15-25, Tract Number 6448, Unit 12; Lots 1-30, Tract Number 6448, Unit 11; Lots 1-32, Tract Number 6448, Unit 7; Lots 1-29, Tract Number 6448, Unit 10, as shown on a map thereof recorded in records of said county.

Village Green

Raw Land

534-100-11: A portion of Lot 1, LLA 09-0235, as shown on a map thereof recorded in records of said county. (This parcel is located within Village Green, which has a Tract Number of 6448. Once subdivided the lots will be a part of Tract Number 6448).

Summerlyn

Tax Rate Areas:	1179, 1287, 1379 & 1633
Taxes:	The subject taxes are consistent with the comparable communities surveyed later in this report.

The assessed value and real property taxes of the subject property are the result of California State Proposition 13, a statewide ballot issue passed in 1978. The proposition limits taxes to 1% of the property's assessed value, plus a factor for bonded county or city debt or special assessments. Assessed values are modified upon most transfers in ownership based upon the market value of the property at that time. Finally, all assessed values may be adjusted upward 2% annually unless they have been reassessed in the year of a transfer. In our analysis of the subject property, we have considered both the long and short-term effects on value due to any change in the tax liability of the property. Our research indicates that there are no delinquent parcels in property taxes.

DATE OF VALUE

The appraisers physically inspected the subject property on May 21, 2015. At the request of Reassessment District 15-1 – Series 2015A & 2015B, the value of this report is specifically applicable to May 21, 2015.

MARKET VALUE DEFINITION

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) Buyer and seller are typically motivated; (2) Both parties are well informed or well advised, and acting in what they consider their own best interests; (3) A reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Code of Federal Regulations – Title 12 – Banks & Banking. 12 C.F.R. 225.62 definitions (g)

MASS APPRAISAL DEFINITION

Mass appraisal is defined by the 2014-2015 Edition of the Uniform Standards of Professional Appraisal Practice (“USPAP”) as:

“The process of valuing a universe of properties as of a given date using standard methodology, employing common data, and allowing for statistical testing”

SALE AND LISTING HISTORY OF SUBJECT

We were unable to obtain information regarding the acquisition of the subject communities by Castle & Cooke and DR Horton.

University Park SFRs

As of May 21, 2015 Castle & Cooke Homes (“Castle & Cooke”) has closed 20 of the 35 total units to individual parties. Therefore, based on the public records research performed, 20 units are individually owned and 15 units are owned by the developer. There are no listings on the MLS. The first sale occurred on July 11, 2014.

Brighton Parks SFRs

As of May 21, 2015 Castle & Cooke has closed 33 of the 73 total units to individual parties. Therefore, based on the public records research performed, 33 units are individually owned and 40 units are owned by the developer. There are no listings on the MLS. The first sale occurred on May 22, 2014.

Brighton Parks Land (500-700-21)

Based on the public records research performed, this parcel has not been listed, sold or transferred in the three years prior to the date of this appraisal.

Village Green SFRs

As of May 21, 2015 Castle & Cooke and DR Horton Home Builder (“DR Horton”) have closed 46 of the 111 total units to individual parties. Therefore, based on the public records research performed, 46 units are individually owned and 65 units are owned by the developer. There are no listings on the MLS. The first sale occurred on May 23, 2014.

Village Green Land (534-100-11)

Summerlyn SFRs

As of May 21, 2015 Lennar Homes (“Lennar”) has closed 30 of the 30 total units to individual parties. Therefore, based on the public records research performed, 30 units are individually owned and none are owned by the developer. There are no listings on the MLS. The first sale occurred on May 16, 2014 with the last sale occurring on March 26, 2015.

EXPOSURE TIME

Exposure time is “the estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective time estimate based upon an analysis of past events assuming a competitive and open market.” In assessing the subject's expected exposure time we are assuming that the subject would have been professionally marketed through a qualified broker or owner, that the property would have been listed at a reasonable asking price with an owner willing to accept a reasonable offer and that the buyer and seller would not have been influenced by undue stimuli. We estimate the subject's exposure time would have been within 3 months.

MARKETING TIME

An opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after effective date of an appraisal. In assessing the subject's expected marketing time if offered for sale, we are assuming that the subject will be professionally marketed through a qualified broker or owner, that the property will be listed at a reasonable asking price with an owner willing to accept a reasonable offer and that the buyer and seller will not be influenced by undue stimuli. At the present time, we are unaware of any new developments expected to occur in the near future which would negatively or positively affect the marketability of the subject compared to recent trends of competitive properties in the area. Marketing time in the subject area, based on current supply and demand, is typically within 3 months of listing.

REGIONAL MAP

REGIONAL ANALYSIS

Data Source

Quantitative data is supplied by CoStar and provides a view of market activity across the spectrum of all properties in the industrial, office and retail sectors. When a market area is small, we make no effort to limit the type of industrial, office or retail properties included in the search so that we can maximize the number of properties returned to illustrate overall market trends.

Properties included in the CoStar data base are more heavily weighted to newer and high profile properties represented by brokers using CoStar's services to market commercial properties. As a result vacancy rates tend to be understated and market rents tend to be above average. Data presented in this section of the report is only to identify overall trends and is not specifically applicable to the subject of this report.

Analysis

Kern County consistently ranks among the top five most productive agricultural counties in the United States, and fourth in oil production, or 10% of the nation's production of crude oil per day. It encompasses 8,161 square miles, 11 incorporated cities and 41 unincorporated communities within its limits. While the County is geographically very large, making it the 3rd largest in the state, it has a relatively small population. According to the U.S. Census Bureau, in 2010, Kern County's population was 839,631. In 2013 the population was estimated to be 864,124. Kern County contains many urban and suburban school districts, with both public and private schools offering diverse educational experience, from preschool through college level.

The areas of development tend to relate to the traditional business and employment centers along the county's major transportation arteries, the Golden State Freeway I-5, the Edison Highway I-58, Highway I-178 and the Kern County Airport located at Meadows Fields. In addition to the freeway and interstate highway systems interconnecting the county, Amtrak, and Union Pacific Railroads provide both passenger and freight service to the area. Adequate protection on both the county and community levels is provided on the local level with city police departments in many incorporated cities and county sheriffs in most other areas. There are also state agencies such as the state police and California Highway Patrol. Fire protection is provided by city and county fire departments and paramedics. There are many hospitals which provide state of the art technology, urgent care, as well as preventive medicine.

The economic base for the county is generally defense and aerospace oriented, particularly for Eastern Kern County, where the economies of most communities are dependent upon the strength of these industries. Major military bases are located at Edwards Air Force Base in the most southeast corner of the county and, to the northwest, the Naval Weapons Center located at China Lake. In addition to military and aerospace, major employment industries are mineral extraction, medical research, oil production and

agriculture. However, during recent years, the agriculture industry has reached a plateau. The farm workforce has dropped 20 percent since 1996. The local economy is becoming increasingly more diversified in light manufacturing and food processing.

Kern County has an abundant supply of properly zoned land with existing utilities for all commercial uses. In addition to the numerous parcels of land, there are 35 existing Industrial Parks with approximately 5,580 acres available. Parcel sizes range from 0.5 to 130 acres and zoning is available for uses from light to heavy industrial areas. Since mid-1995, Kern County has been chosen for key company relocations due to accessible transportation routes, low labor costs, and affordable housing costs. Kern County became the location for major distribution centers such as IKEA, Target and Sears. The vast supply of variously zoned land for industrial and office developments at low market rates attracted new industries as the corporate world discovered the advantages of Kern County's location, climate and work force. Kern County and Metropolitan Bakersfield are among the fastest growing areas in the nation. The median selling price of a home in Kern County in March 2015 was \$190,000 which is an increase of 6.1% from the \$179,000 median reported in March 2014.

Kern County also has retail and commercial shopping opportunities. There are two regional malls located within the City of Bakersfield which are anchored primarily by K-Mart, Wal-Mart, Macy's and Costco. There are also neighborhood shopping centers which are primarily anchored by grocery stores such as Vons, Lucky's, Ralph's and others. Other retailers attracted by the county include Albertson's, SaveMart, Smith Food and Drug, Home Base and Home Depot. The overall retail picture calls for a continued influx of major tenant activity which has taken its toll on smaller users. On a local community level there are small strip centers and storefronts to provide good shopping for the population. Shopping, service, employment and recreation all abound throughout the county creating a desirable area which tends to retain its population and grow over time. According to the California Board of Equalization, Kern County's taxable retail sales rose from approximately \$9.9 billion in 2009 to \$11.1 billion in 2010 and further to \$13.7 billion in 2011. The first three quarters of 2012 reported taxable retail sales of \$10.67 billion.

An unexpectedly strong population growth in the Kern County region has triggered the need to revise the regional population growth forecasts on an accelerated time line. In March 2015, the unemployment rate was 11.1% as reported by the California Employment Development Department. During the 1980's decade, there was tremendous growth within the Kern County economy. After this period of employment growth, population immigration and the ensuing development and absorption of all types of properties, the regional economy was dealt a severe blow in the 1990s from several critical sectors. The major areas affecting the decline in the economy included the failure of numerous banks and savings and local institutions due to unsound lending practices, the slowdown in construction activity as a result of market over-saturation, and cutbacks in defense related and high-tech industries.

Kern County's economic base and labor force have traditionally been driven by agriculture and mineral extraction. Diversification of the local economy has been underway for years and continues today. Over the foreseeable future, population growth and diversification will result in major job growth in the areas of health care, business services,

construction, retail and food processing. Agriculture continues to be the largest employer in the county. The future of Kern County also depends upon the growth of the service sector. Kern County is currently working to improve its economic viability and is implementing programs that encourage private capital investment and job creation.

Kern River is known for its world-class rapids, the giant sequoias of Giant Sequoia National Monument, Red Rock Canyon State Park, and the living ghost town of Randsburg. With its valleys, mountains, and desert areas, Kern County hosts a wealth of recreation and tourism opportunities.

LOCAL CITY AREA MAP

BAKERSFIELD

Bakersfield is located in Kern County, California approximately 100 miles north of the City of Los Angeles. According to the United States Census Bureau, the city has a total area of 114.4 square miles.

The town of Bakersfield takes its name from Colonel Thomas Baker, a settler in the area in the mid-1800's. He allowed other settlers crossing the El Tejon Pass looking for land sites to rest on his property, which they dubbed "Colonel Baker's field." In 1869 Colonel Baker laid out a town site, and the City of Bakersfield was incorporated in 1873. That same year the county seat was moved to Bakersfield. In 1915 the city voted to adopt a city charter that would institute a council-manager form of government. Bakersfield was one of the first cities in the United States to adopt this form of municipal government.

Today, Bakersfield has grown from a small settlement to a city that covers more than 143.6 square miles with a population of 347,483 based on the 2010 census. The population of the entire Bakersfield Metropolitan area was reported to be 800,458 by the 2010 census. The city is located at the southern end of California's Great Central Valley. The warm, dry climate favors a broad agricultural base, producing up to 200 different types of crops including citrus fruits, tomatoes, almonds, grapes and pomegranates. By itself Kern County outranks the agricultural production of 20 states. Bakersfield also boasts of being the fourth largest oil producing region in the United States. Surrounding this rich region are three mountain ranges: the Tremblor, the Tehachapis and the Sierra Nevadas.

The area provides a number of services and attractions to residents. Metropolitan Bakersfield has 13 elementary school districts and a unified high school district with 15 high schools. College degrees are offered at Bakersfield College, California State University Bakersfield, Santa Barbara Business College, San Joaquin Valley College and through extension campuses of a number of universities. Healthcare is provided by seven major hospitals offering a wide range of services and emergency care. Recreation is found in a number of outdoor sports, such as whitewater rafting, kayaking, mountain biking and golf. The area also hosts the Bakersfield Symphony Orchestra and several venues bringing in concerts, artists and entertainers to the region.

Despite a downturn in the county's economy in the 1980's and 1990's, Bakersfield has moved on to an era of growth. Continued relocation of companies and workers has undergirded a trend of expansion and development. Many businesses are attracted by the lower costs, stable work force and "one-day" proximity to Sacramento, Los Angeles, San Diego, Reno, Las Vegas and Phoenix.

Businesses have been relocating to Kern County for many reasons including that land and facilities are abundant and relatively inexpensive. Kern County and Bakersfield have also put policies in place to encourage relocation by lowering fees and shortening permit times. And because of the lower home prices, employers are finding an abundant and affordable workforce who is satisfied with their situations in Bakersfield. Top employers in the area are Edwards Air Force Base, the County of Kern, China Lake Naval Weapons Center, Giumarra Farms, Grimmway Farms and Wm. Bolthouse Farms. Industries that

employ the largest number of people are government, agriculture, trade, transportation and utilities. Despite this, with the current economic downturn, unemployment has increased.

In March 2015, the unemployment rate for Bakersfield was 9.9% as reported by the California Employment Development Department. This rate is significantly below the 11.1% rate reported for Kern County in the same period.

Home prices for Bakersfield have seen increases over recent years as home prices across Southern California continued to rise. Most recently, the upward price trend reversed course due in part to the mortgage meltdown. In 2007, prior to the downward trend, the median home price in Bakersfield was \$258,000. For calendar year 2010, the median home price was \$136,000 which represents a decline in home values of 47.3% in a three and one half year period. There was some good news however; in 2010 the median home price actually increased by 0.74% over 2009 as reported by DataQuick¹. In 2014 many areas saw a rebound in prices and activity, while in a few areas the market continued to linger. 2015 is seeing steady growth in home sales. For March 2015, DataQuick reported a median home price for Bakersfield at \$212,000 which was up 6.0% from March 2014. Furthermore, for March 2015, DataQuick reported a median home price for Kern County at \$190,000 which was up 6.1% from March 2014.

¹ The information presented is based on average selling prices for each period and may not be indicative of home prices across the board.

MARKET AREA ANALYSIS

Market area is defined as: “The area associated with a subject property that contains its direct competition”.

The subject property's market area boundaries are considered to be the City of Bakersfield. The subject property is located near various intersections in the western portion of Bakersfield. There are various primary, secondary and residential asphalt streets in the western portion of the City of Bakersfield. The subject property is located 5-9 miles west/southwest of the downtown Bakersfield central business district. This area is primarily a residential market which was originally developed in the early 1900's as oil and gas as well as agricultural uses. More recently, the late 1900's to early 2000's, the market has been converted to master planned residential communities. The subject conforms to land uses in the area. The land use in the area is primarily residential, with the balance being commercial. Buildings in the area are used for light manufacturing, assembly, warehousing, distribution, automotive, retail, farming, restaurants, offices, personal services, banking, single family residences, apartments and duplexes. Over the last several years the area has seen considerable development. Given the current economic trends in the area, it is anticipated that a change in use of properties will occur in the foreseeable future from oil, gas and agricultural to master planned residential.

The subject property is near major traffic streets which provides the subject with average access. The surrounding communities are readily accessible via surface streets and freeways, thus assuring that this residential area is convenient to employment centers. By virtue of the extensive freeway system throughout the Greater Kern County, it is well established that residents in the area may commute as far as 100 miles to employment areas. In addition to automotive transportation, the area is primarily served by Golden Empire transportation system as well as other local and regional mass transit systems.

The subject area has adequate police, fire and medical services. The subject area is convenient to local shopping centers and service areas providing local residents with their immediate needs.

LAND DESCRIPTION

RD 15-1 – Series 2015A & 2015B is comprised of four residential communities: University Park, Brighton Parks, Village Green and Summerlyn, each having single family residences (“SFRs”). University Park has subject lots ranging from 3,807 to 6,820 square feet, which average 5,787 square feet and total 202,537 square feet. See Exhibit 1-Tract 7166 Addendum (only subject Units pages are provided). University Park has a total of 35 lots/units. Brighton Parks has subject lots ranging from 5,000 to 9,886 square feet, which average 6,874 square feet and total 501,783 square feet (when the average is applied to the nine lots not yet mapped on APN #500-700-18). See Exhibit 2-Tract 6250 Addendum (only subject Units pages are provided). Brighton Parks has a total of 73 lots/units. Village Green has subject lots ranging from 6,047 to 13,456 square feet, which average 6,549 square feet and total 726,906 square feet. See Exhibit 3-Tract 6448 Addendum (only subject Units pages are provided). Village Green has a total of 111 lots/units. Summerlyn has subject lots ranging from 7,200 to 14,184 square feet, which average 8,253 square feet and total 247,590 square feet. See Exhibit 4-Tract 6453 Addendum (only subject Units pages are provided). Summerlyn has a total of 30 lots/units.

COMMUNITY DESCRIPTION

The University Park and Brighton Parks communities are being developed by Castle & Cooke; Village Green is being developed by Castle & Cook and DR Horton; Summerlyn was developed by Lennar Homes. The University Park community has a total of 35 subject SFRs, the Brighton Parks community has a total of 73 subject SFRs, the Village Green community has a total of 111 subject SFRs, while the Summerlyn community has a total of 30 subject SFRs. It should be noted that we are appraising only certain portions of these communities, not their entirety. University Park and Village Green provide residents access to their respective recreation centers with a pool, spa, playgrounds, parks and more. Brighton Parks provides residents access to the clubhouse community center with pool, spa, game room, gym, dining room, outdoor lounge areas, a shuffleboard court and more. Summerlyn did not appear to have any common recreational areas at the time of inspection.

As of May 21, 2015, all 35 of the University Park units have been completely constructed, 47 of the 73 Brighton Parks units have been completely constructed, 74 of the 111 Village Green units have been completely constructed and all 30 of the Summerlyn units have been completely constructed.

Since we will be valuing each unit individually, it is necessary to determine whether a unit's construction is complete and, if not, the percentage left to complete and the time frame expected to complete. These estimates will be incorporated with the estimated date of sale and the estimated value to determine a present value for all builder owned units. We have estimated the percentage complete (0%, 25%, 50%, 75% & 100%) of the unfinished units based on the premise that 0% complete is a flat lot, 25% complete has some framing done, 50% complete has all of the framing done, 75% complete has the entire exterior done and 100% complete has no indication any incomplete construction and no signs of contractors. We have further estimated that it will take 6 months to complete a home, with each 25% taking 1.5 months to complete.

We have utilized Marshall & Swift as the basis for determining the subject units average construction costs. In addition, based on our past experience with national builders in master planned communities in the City of Chino, we have noted that there is a discount associated with building the large number of homes at a single time, creating efficiency synergies, which results in a lower costs per home than if a single home were to be built. Below is a table, showing the Marshall & Swift cost estimates, the reported average cost to build as reported by the indicated builders and the resulting percentage discount. Please see Exhibit 10-Chino Marshall & Swift Addendum.

Standard Pacific	Sq. Ft.	Marshall & Swift Cost	Reported Average Costs	% Discount

Based on the above analysis, it is our opinion that a synergy discount of 25% should be applied to the Marshall & Swift cost estimates for the subject units (Please see Exhibit 11-Subject Marshall & Swift Addendum). Below are the Marshall & Swift cost estimates, the 25% synergy discount and the resulting estimate of average construction costs of each unit type within Brighton Parks and Village Green. University Park and Summerlyn do not need average construction cost estimates as all of the subject units in these two communities are 100% complete. These costs include all direct hard costs, fencing, landscaping and fees; however they do not include a land basis.

RESIDENTIAL UNIT DESCRIPTIONS

The 249 total SFR units being appraised are broken down into 35 University Park units, 73 Brighton Parks units, 111 Village Green units and 30 Summerlyn units. As noted previously and below; we have grouped the subject units into 3 different plans for University Park, 6 different plans for Brighton Parks, 7 different plans for Village Green and 9 different plans for Summerlyn. All units are either one or two-story, stucco/wood/stone siding exteriors, gated rear yards, interior laundry rooms and 2-3 car garages facing the street or street loading. Each unit is designed to be energy efficient with energy efficient appliances and solar panel ready roofs. We obtained the University Park, Brighton Parks, Village Green and Summerlyn features listings and floor plans as shown in the University Park, Brighton Parks, Village Green and Summerlyn Features and Floor Plans Addendums (Exhibits 5-9).

Brighton Parks, Village Green and Summerlyn have a number of subject units where the square footage is unknown. Since we have not been provided with a site plan showing which plans will be developed on the subject lots, we must estimate the square footage or plan type that will be built. We analyzed the percentage of each plan already built and applied that percentage to the number of unknown units to determine an estimated number of each plan that will be built. We then assigned the estimated number of each plan to the remaining unknown sites calling for each plan type as shown below.

HIGHEST AND BEST USE

Highest and Best Use is "the reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity. Alternatively, the probable use of land or improved property-specific with respect to the user and timing of the use-that is adequately supported and results in the highest present value"

Implied in these definitions is that the determination of highest and best use takes into account the contribution of a specific use to the community and community development goals as well as the benefits of that use to individual property owners.

The following tests must be met in estimating highest and best use. The use must be legal and probable, not speculative or conjectural. A demand for the use must exist, and it must yield the highest net return to the land for the longest period. These tests are applied to improved and vacant property. To arrive at an estimate of highest and best use, the subject site was analyzed 1) as though vacant and available for development, and 2) as presently improved.

Highest and Best Use Assuming a Vacant Site

Physical Possibility

The first constraint on the possible use of the property is dictated by the physical aspects of the site. "The land must be able to accommodate the size and shape of the ideal improvement." In general, the larger the site, the greater its potential to achieve economies of scale and flexibility in development.

The physical characteristics of the subject site will not impact development. The site is not in a FEMA Flood Hazard Zone.

Legally Permissible Use

Of particular importance in the analysis of highest and best use of the subject is to determine the legal extent and use to which the site can be developed. Development of the site is restricted by existing zoning regulations and subject to the interpretations by the planning, zoning and/or governing body charged with enforcing said regulations. In addition to these legal constraints, the property may be subject to restrictions placed upon the property by legislative laws, electoral laws, temporary legal restrictions, environmental issues or other possible factors under the public jurisdiction.

The site is zoned R-1 & P.U.D. and is designated for residential uses that allow for the development of various uses such as single family residential uses.

In addition to public regulations, the subject may have private restrictions that limit the site's ability to be developed. These restrictions are typically found in the title report which was not reviewed. Based upon our investigation of the property, we have found only the restrictions of zoning and those issues which have clearly been identified in our report.

Financially Feasible Use

In determining which uses are legally permissible and physically possible, we eliminated some uses from consideration. We further analyzed the uses that meet these first two criteria to determine which are likely to produce an income, or return, equal to or greater than the amount needed to satisfy operating expenses, financial obligations and capital amortization. We regard as financially feasible all uses that are expected to produce a positive return.

Maximally Productive Use

Of the financially feasible uses, the highest and best use is that use which produces the highest residual land value consistent with the rate of return warranted by the market for that use. To determine the highest and best use of land as though vacant, an appropriate rate of return reflecting the associated risk is often used to capitalize income streams from different uses into their respective values. The use that produces the highest residual land value is considered to be the highest and best use for the subject.

Conclusion

Based on our observation of the market and considering the factors above, it is our opinion that the highest and best use of the site, as if vacant, would be to develop with a residential subdivision.

Highest and Best Use As Improved

The current improvements were built from 2014 through 2015, and their use as a residential subdivision represents a conforming use of the land. The subject reflects the physical and economic characteristics of the market area, and their use as a residential subdivision is considered maximally productive. The existing improvements represent a substantial use of the site. In our opinion, therefore, the current improvements are considered the highest and best use of the subject.

APPROACHES TO VALUE

Sales Comparison Approach

The Sales Comparison Approach will be used to value the individual units and two parcels of land. In the Sales Comparison Approach, market value is estimated by comparing the subject property to similar properties that have been sold recently or for which offers to purchase have been made. A major premise of the Sales Comparison Approach is that the market value of a property is directly related to the prices of comparables, competitive properties. The comparative analysis in the Sales Comparison Approach focuses on differences in the legal, physical, locational, and economic characteristics of similar properties and the subject property and on differences in the real property rights conveyed, the dates of sale, the motivations of buyers and sellers, and the financing arrangements for each sales transaction, which can account for variations in prices.

In determining the market value of the units, via the Sales Comparison Approach, mass appraisal techniques will be used. This includes identifying and analyzing sales within the subject community, new homes that have recently sold in competing communities and the asking base prices of homes within the subject and competing communities.

Discounted Cash Flow

The Discounted Cash Flow, or Yield Capitalization, method is used to convert future benefits into present value by discounting each future benefit at an appropriate yield rate or by developing an overall rate that explicitly reflects the investment's income pattern, value change and yield rate. Like Direct Capitalization, Discounted Cash Flow should reflect market behavior. The method is profit-oriented, simulating typical investor assumptions with formulas that calculate the present value of expected benefits assuming specified profit requirements. The procedure used to convert periodic income and reversion into present value is called discounting; the required yield rate of return is called the discount rate. The discounting procedure presumes that the investor will receive a satisfactory return on the investment and complete recovery of the capital invested. The method is referred to as discounted cash flow analysis because a discount rate is used to calculate the present value of anticipated future cash flows. Discounted Cash Flow was applied to the subject units owned by the developer.

The builder owned homes will first be valued as though complete as of May 21, 2015. Their anticipated selling prices will be the income basis for our builder owned homes DCF analysis. Within the DCF analysis we will analyze the market and estimate the absorption rate, or sales per month, for these builder owned homes. The DCF will take into account remaining construction costs, marketing and carrying costs associated with selling the homes, a profit due to the developer of the homes, and a discount rate reflecting both the risk associated with selling the homes and the time value of money during the estimated absorption period. All of the value conclusions assume the community improvements, which are to be funded by RD 15-1 – Series 2015A & 2015B bonds, are in place and in good working order.

SALES COMPARISON APPROACH

MARKET VALUE ANALYSIS

We began our valuation process by identifying and researching competing communities within the City of Bakersfield. We refined this search by excluding any communities that were built prior to 2013. We identified 30 competing single family residential communities by searching builder websites, driving the market area and searching MLS and public records. These competing communities include the subject, which are presented as data No. 1 through 5.

Summary

Following is a summary table of the 30 single family residential communities with their listed base prices and highest asking/ready move-in prices. Base prices are only available until the developer has sold all of the units or unit types within a community. Unit types or communities without base prices have been completely sold out by the developer. A highest list/ready move-in price is typically for a model unit which is fully upgraded with all available options and which isn't listed until the developer has sold all, or almost all, of the same unit type. The range from base price to highest asking price demonstrates the value the developers have placed on options.

Market Value Analysis of Individual Plans

In the valuation of the subject's individual plans, we selected those comparables which are within 500 square feet of living area (250 square feet below and 250 square feet above) of each subject plan. For example, if the individual plan is 2,000 square feet, we considered all comparables from 1,750 to 2,250 square feet. If a range of square feet is presented, we have selected comparables that are 250 square feet below the bottom of the range and 250 square feet above the top of the range. For example, if the individual plan is from 1,950 to 2,050 square feet, we have considered all comparables from 1,700 to 2,300 square feet.

The valuation tables below have four categories: listings, competing sales, subject communities and the subject model match average. The listings, within the square foot range, which are base prices found on developers' websites and do not include options and are generally higher than the closed sale prices that do include options. The listings include the list prices for the subject communities. Competing sales are the sales within the competing communities within the square footage range. The subject communities are sales within the square foot range. The model match average reports a range and an average sale price for the sales of the model being valued. The listing category has been given least consideration in the selection of an appropriate market value per square foot. The competing sales, subject communities and model match average include options purchased at the time of sale. Therefore, an average level of options is presumed in our market value conclusions.

Total Retail Value of 120 Builder Owned Units						\$36,972,789
---	--	--	--	--	--	--------------

Methodology

As stated previously, we have been asked to provide a value for each builder owned unit. As such, we performed an individual discounted cash flow (“DCF”) for each unit not individually owned.

Our per unit DCFs include the retail value previously estimated, the estimated sale date, the estimated percentage complete of each unit, the estimated date construction will be complete, marketing and overhead and a discount rate to calculate present values. All of these estimates have been made by BTI as previously discussed.

Absorption Rates

The table below illustrates recent sales in University Park, Brighton Parks, Village Green and Summerlyn. We tracked these sales in order to estimate the future sales of the various plans for each community.

Projected Sales

We have estimated closing dates for all units owned by the developer. We have also estimated the completion date of construction for units that are not fully built.

We scheduled sales to occur in the order in which they are estimated to be completed. For the model units, we projected those to sell at the end of the projected sell off.

For all of the developer owned units, we projected the sales as shown in the table below. It should be noted that the projection for University Park is 15 sales over a 4 month period, for an average sales rate of 3.75 units per month. The projection for Brighton Parks is 40 sales over an 11 month period, for an average sales rate of 3.64 units per month. The projection for Village Green is 65 sales over a 14 month period, for an average sales rate of 4.64 units per month. All three of these sales rates are supported by the past sales rates of the subject communities and competing communities previously discussed.

Remaining Construction Costs

We have estimated the percentage complete, on a unit by unit basis, of all builder owned homes. In addition, we have estimated date of completion, on a unit by unit basis. Based on the average unit construction costs previously reported, we are able to determine the dollar amount of any incomplete construction. We spread the amount of incomplete construction costs evenly from the date of the report through the estimated completion date.

Selling Expenses

Selling expenses/transaction expenses, include legal, brokerage/commissions, marketing and general administrative costs. Based on our experience and survey of market participants, these cost generally range from six to fifteen percent and depend on varying factors such as remaining inventory, intensity of marketing, community appeal to market and estimated absorption period. Therefore, we estimated two percent for commissions, two percent for general administrative costs and six percent for marketing expenses for a total selling expense of ten percent. These costs have been spread evenly from the date of report through the estimated sale date.

Developers Profit

According to the 4th Quarter 2014 PWC Real Estate Investor Survey (see Exhibit 12 - PWC 4th Quarter 2014 Survey Addendum) 5 of the 6 respondents for the National Development Land Market state that the developer's profit is typically factored into the discount rate. The one respondent that reported a separate developer's profit and discount rate indicated their developer's profit was 5% to 8% of cost. As the market participants typically account for developer's profit within the discount rate, we too will account for it within our selection of a discount rate. Therefore, there is no line item calculated for developer's profit.

Discount Rate

According to the 4th Quarter PWC Real Estate Investor Survey (see Exhibit 12 - PWC 4th Quarter 2014 Survey Addendum) 5 of the 6 respondents for the National Development Land Market state that the discount rate includes a factor for developer's profit. The one respondent that reported a separate developer's profit and discount rate indicated that their developer's profit was 5% to 8% of cost. As the market participants typically account for developer's profit within the discount rate, we too will account for it within our selection of a discount rate. The reported discount rates range from 10% to 25% and average 16.75%, which represents a 1.56% decline from a year ago. As we are including a factor for developer's profit, it is our opinion that a discount rate at the upper end of the range is appropriate. Therefore, we have selected a discount rate, which includes a factor for developer's profit, of 20% annually, or 1.67% monthly.

DCF Builder Owned Units Conclusion

Based on the estimated closing rates, the estimated percentage complete, the estimated completion date, the estimated average construction costs, an estimate of marketing and overhead expenses and a discount rate estimate, the “as-is” net present values of developer owned units are shown in the table below. The individual discounted cash flows are shown in the University Park, Brighton Parks and Village Green DCFs Addendums.

LAND COMPARABLES MAP

General Analysis of Vacant Land

The preceding comparables reflect recent activity in the subject market area. In our analysis of the data presented we considered a variety of factors, including cash equivalency, date of sale, location, access, view, exposure, availability of utilities, topography, utility, zoning and size.

We have compared the comparables to the subject based on the differences noted and discussed below.

Location is considered to be the most important factor in the analysis of a property. In this analysis, the comparables may be superior, inferior or similar to the property being appraised.

We found that larger sites tend to sell for less on a per square foot basis than smaller sites, which is clearly seen in the sales presented. This tendency is referred to as the principle of marginal utility, which is defined as "the addition to total utility made by the last unit of a good at any given point of consumption. In general, the greater the number of items, the lower the marginal utility, i.e., a greater supply of an item or product lowers the value of each item."

A property's positive exposure can enhance, or lack of exposure can diminish, its value. A corner property normally has the maximum amount of exposure due to frontage and visibility from two streets. An interior parcel is inferior to corner lots in exposure since they have frontage and visibility from only one street. A flag lot is inferior to interior lots, since it has only a small amount of frontage with limited or no visibility. A land locked parcel has the least exposure since it has no frontage and, most likely, no visibility.

Access is an important component of value which is related to the property's intended use. Access can be affected by many factors including the quality of street improvements, traffic flow, turning lanes, traffic islands, street location and curb cuts.

Another important consideration in the analysis of a site is the utility the site will permit in development. The major considerations in a site's utility are size, depth, shape and slope.

The next category for consideration is topography, which dictates both the difficulty and expense of development. Level sites are the easiest and the least expensive to develop, whereas upward sloping sites are more expensive. Downward sloping sites are the most expensive to develop because of the difficulty in using heavy equipment and the need for extensive labor.

The availability of utilities can affect value based on the time and cost necessary to deliver required utilities to the site. These costs can vary for each comparable and the subject requiring an adjustment.

The range in values demonstrated from the comparables is a direct result of many factors, primarily the comparable's location, size, exposure, access and utility to name the primary units of comparison. The subject's value conclusion is also a direct result of how it compares to these comparables. If the subject is superior, the conclusion will be at the top of the range. If the subject is superior in some and inferior in others (of generally equal weight), the subject's value conclusion will be in the middle of the range. If the subject is inferior, the subject's value conclusion will be at the bottom of the range.

VALUATION OF APN #500-700-21

APN# 500-700-21 Sales Comparison Approach

Land Comparable #1 is inferior to the subject parcel in location as it is located in the northeast section of the City of Bakersfield, where there is considerably less new construction than the subject's southwest Bakersfield location. This comparable is very similar in size to the subject property.

Land Comparable #2 is inferior to the subject parcel in location as it is located in the southeast section of the City of Bakersfield, where there is considerably less new construction than the subject's southwest Bakersfield location. This comparable is significantly smaller in size than the subject parcel, resulting in inferior utility.

Land Comparable #3 is inferior to the subject parcel in location as it is located in the southeast section of the City of Bakersfield, where there is considerably less new construction than the subject's southwest Bakersfield location. This comparable is similar in size to the subject property. This comparable is inferior in utility as it is comprised of two irregular, semi-noncontiguous parcels, with inferior development potential than the subject property.

Land Comparable #4 is superior to the subject property in zoning as it is zoned R-1/R-2, which permits higher densities than the subject's P.U.D zoning designation. This comparable is superior in exposure as it is an interior parcel located along a secondary street, while the subject is an interior parcel located along a tertiary street.

Land Comparable #5 is superior to the subject property in zoning as it is zoned R-1/C-1, which permits commercial developments that are not allowed within the subject's P.U.D zoning designation. This comparable is superior in exposure as it is a corner parcel located along two secondary streets, while the subject is an interior parcel located along a tertiary street.

APN# 500-700-21 Conclusion

It is our opinion that a value near the middle of the range presented is appropriate. Therefore, it is our opinion that an appropriate value for the subject parcel's land is \$2.00 per square foot. Based on the above analysis, it is our opinion the subject parcel has a fair market value as shown below.

If the home you buy says something
about the person you are, then a
Castle & Cooke "Green-Wise" home says it all.

GREEN•WISE

Integrating Home, Community, Life

Energy-Wise, Health-Wise, Earth-Wise, Design-Wise.
You get it all when your home is built Green-Wise.

ENERGY • WISE

More efficient energy use to lower your energy bills.

Professionally designed heating and air conditioning systems ensure proper efficiency, distribution and air balance.

Radiant barrier roof sheathing saves on utility bills year-round.

Fluorescent lighting creates less heat, lasts longer and uses less energy.

Low E windows retain heat in winter, block heat in summer and reduce UV light that fades fabrics.

HEALTH • WISE

Better indoor air quality for better health.

Full-time circulation fan increases air flow for improved indoor air quality.

Carbon monoxide detectors protect you 24/7.

High-efficiency air filters remove more dust, pollen and other particles than fiberglass filters.

Low-VOC paint and low-formaldehyde insulation makes a healthier home.

EARTH • WISE

Sustainable building resources promote global conservation.

Weather-based landscape irrigation systems water only when needed.

Water-saving shower heads, faucets and toilets save gallons (and dollars) every month.

Engineered lumber resists warping, splitting and shrinking and reduces the impact on forests.

Pre-cutting lumber and other materials before construction means less waste goes into landfills.

DESIGN • WISE

Enhances life inside and outside your home.

Parks filled with lawns, playgrounds, resort-style swimming pools and family picnic areas make a happier, healthier community.

Walkways and shorter blocks help keep people connected.

Thoughtful landscape design, streetscapes and greenbelts encourage outdoor activity.

Narrower streets slow traffic for a calmer, safer community.

Welcome to Meadowlark at Village Green!

Located in Bakersfield's first new shopping center, Meadowlark at Village Green is a beautiful new community. Village Green is a master-planned community designed to encourage the traditions of home, family, neighborhood and city. Meadowlark offers a central community park with picnic areas, a resort-style swimming pool, children's water play path, playground and plenty of grassy areas for soccer, basketball and walking paths may be found throughout the community. The community also has a food court, restaurant, a bank, a community center and freeway access, making Meadowlark at Village Green a very desirable place to live!

Each Built for Better Living® home design, including one, two and three-story plans are featured at Meadowlark. These elegant homes range from approximately 1,000 to 3,000 square feet with 2 to 4 bedrooms, 2 to 3 bathrooms, and 2 to 3 car garages (not plan).

Home exteriors feature Spanish, Tuscan and Craftsman styling, and interiors offer many of today's most sought-after features and an array of options for customization that can make your new home at Meadowlark truly one of a kind!

Come Home to MEADOWLARK today, and enjoy the good life for years to come!

EXTERIORS WITH AN ARCHITECTURAL FLAIR

(A) Spanish

The essence of sunny Old World Spain is captured in the warm architectural flavor realized in authentic Spanish exterior styling.

(B) Tuscan

Replete with design, two layers of history and the northern Italian reputation for art, Tuscan styling evokes the sophisticated world of the Italian Renaissance period.

(C) Craftsman

Reflecting the classic architecture of the 1920's Arts and Crafts movement, Craftsman exterior styling features a warm and warm

EXHIBIT 12
PWC 4th QUARTER 2014 SURVEY ADDENDUM

National Development Land Market

Strategies are quite diverse among investors in the national development land market for the year ahead and include buying, selling, and remaining idle as the commercial real estate recovery continues to unfold. “We plan to keep selling tracts to raise cash,” says a participant. “We are looking to buy land in the Southeast that has long-term development potential for speculative plays,” shares another. “Our group is looking to invest in projects that are good for the environment and good for local economies,” remarks another.

Based on the results of *Emerging Trends in Real Estate*® 2015, published by PwC and ULI, the outlook for real estate development has improved for the third straight year. In addition, development ranks as the second preferred investment category/strategy among *Emerging Trends* respondents – ahead of both opportunistic investments and core-plus investments.

As shown in Chart NDL-1, this year's *Emerging Trends* development prospects ratings are the highest

reported in the last five years for three of the five main property types. One exception is the U.S. apartment sector, which reports a development prospect for 2015 higher than last year's rating, but lower than 2012 and 2013. The other exception is the U.S. industrial sector, which ranks as the number-one property type in *Emerging Trends* this year, but received a slightly lower development prospect score this year compared to last year. One reason is that acquiring existing industrial assets remains a lucrative play amid rising construction costs.

Nevertheless, industrial properties are thought to present the greatest development prospects of the five property types in 2015. At the same time, it is interesting to note that development prospects for hotels have steadily risen over the past five years. Respondents are particularly fond of limited-service hotel development prospects for 2015.

PREFERRED METROS

Of the 75 U.S. metros included in

Emerging Trends, the top five individual markets with regard to development prospects in the year ahead are Houston, San Francisco, Seattle, Austin, and Denver. Within these and many cities, looking to develop projects in urban centers is almost a universal trend and is not limited to markets that have established urban centers. Houston, for example, is a market that historically has been identified by strong suburban growth. Now, however, a growing number of developers are looking for opportunities in its downtown.

DISCOUNT RATES

Positive changes in supply and demand result in a large decline in this market's average discount rate since mid-2014. This quarter, the average slips 156 basis points to 16.75% while the range remains unchanged at 10.00% to 25.00%.

These rates assume entitlements are in place. Without entitlements, the discount rate is increased between 100 and 1,500 basis points (the average is about 742 basis points).

VALUE

APPRECIATION

Looking ahead over the next 12 months, surveyed investors unanimously forecast property values in the national development land market to increase. Expected appreciation ranges up to 15.0% and averages 5.0%. ♦
